

Structured Voice and Data Cabling

September 1, 2020

Structured Voice and Data Cabling

- A Staff Screening and Selection Committee, consisting of staff from the Information Technology, Finance and Law Departments, reviewed and evaluated the RFP proposals.
- Decker Electric and Vision Communications were the recommended providers based on their firm strength, status as Belden certified installers, their fees and expense proposals.

Structured Voice and Data Cabling

- Both providers have worked with the City and are local companies.
- Decker Electric and Vision Communication's proposals for services were competitively priced.
- As certified Belden installers, both vendors can ensure structured voice and data cabling installations are warranted by the manufacturer.

Structured Voice and Data Cabling

- Structured voice and data cabling services are done on an as-needed basis and are funded from departmental operating budgets and/or capital improvement projects.
- The Law Department has reviewed and approved the contracts as to form.
- The contracts will be for one year with annual renewal options for an additional four years.

Structured Voice and Data Cabling

- The projected costs based on historical data over 5 years is \$850,000.
- It is recommended that the City Council approve the contracts, authorize budget and authorize the necessary signatures.

Year 1	Year 2	Year 3	Year 4	Year 5
150,000	150,000	150,000	200,00	200,00
