NEW BUSINESS

5. Optimized Deployment Study Presentation

Bradley F. Crisp, Fire Marshal

Optimized Deployment: In late fall of 2015, the Wichita Fire Department (WFD) and the Public Policy and Management Center (PPMC) at Wichita State University, began assessing the impact of low acuity calls to the WFD by conducting research on national statistics and peer community comparison on the increase in medical calls to fire departments. The PPMC also researched alternatives other communities have implemented to address low-acuity calls and, where possible, result from different deployment strategies. In addition, as process was developed to engage internal and external stakeholders to address the impact of increasing low-acuity calls to the emergency response system.

6. CON2015-00030 Bill Longnecker

Homer Morgan (applicant/owner) Stephen M. Joseph (agent) are requesting a Conditional Use to bring the site into compliance with the current UZC, which was adopted by the City of Wichita and Sedgewick County in 1996. The current UZC (Sec.III-D.6.w.) requires consideration of a Conditional Use for a LC zoned tavern, drinking establishment or a nightclub when it is located within 300 feet of a church or place of worship, Public Park, public or parochial school or residential zoning district. The site abuts SF-5 Single-Family (SF-5) residential property on its north side and is adjacent to SF-5 zoned single-family neighborhoods on its east (separated by a 20-foot wide alley), south (across 48th Street North) and west (across Arkansas Avenue) sides (4904 N. Arkansas Ave).

Recommended Action: Planning staff recommends that a Conditional Use for a tavern, drinking establishment or nightclub be **DENIED** based on the five conditions listed in the staff report.

BOARD AGENDA**7. Issues of Concern**
