ARTCORE

CityArts' ArtCore days give youth ages 6-16 (unless otherwise noted) a core knowledge about art while they make new friends. Early drop off - 7:30a-9:00a / Late pick up 4:00p-5:30p (MAIN ENTRANCE ONLY) Students staying for the whole day will need to bring a sack lunch.

November 11, 2014 - Veteran's Day

ArtCore: Crayon Meltdown

Students will help instructors melt down lots of old crayons, and then create different pieces of artwork with the melted wax. Please wear old clothes, this is GUARANTEED to get very messy!

1day	11/11	T	9:00a-12:00p	Staff	\$25
------	-------	---	--------------	-------	------

ArtCore: Optical Art

The art of optical illusions is one of the most impressive forms, in our opinion. Students will learn to manipulate the paper to make it look like it's jumping off the page with the help of some 3D glasses, and lessons inspired by M.C. Escher.

1day	11/11	T	1:00p-4:00p	Staff	\$25
------	-------	---	-------------	-------	------

Winter Break

ArtCore: Recycled Sculpture

In this workshop, we will discuss the artist Vik Muniz. He made a name for himself by using old materials to create fine art, and the results are breathtaking. Students will make a statement piece of their own, after a discussion about waste disposal and sustainability in our world.

1day	12/29	M	9:00a-12:00p	Staff	\$25
------	-------	---	--------------	-------	------

ArtCore: Digital Distortion

Students will begin this lesson by choosing from a variety of provided photographs. They will then alter, distort, and manipulate the images into a creative art work of their very own, while learning the ins and outs of photoshop. Ages 10-16

1day	12/29	M	1:00p-4:00p	Staff	\$25
------	-------	---	-------------	-------	------

ArtCore: Van Gogh Collage

Using Van Gogh's painting "Bedroom in Arles" for reference, students will take a pop culture approach to this art piece by filling a collaged "bedroom" with their own unique interests and personalities. CityArts has boxes of magazines to cut from, but for a personal touch, please bring family photos that can be cut up!

1day	12/29	M	1:00p-4:00p	Staff	\$25
------	-------	---	-------------	-------	------

ArtCore: Face and Body Painting

Paint is for more than just a canvas. In this workshop, students will get the chance to grow wings, age by 50 years, morph into a zombie, robot, animal, and anything else they can imagine. Please have students wear old clothes, as they will be leaving looking much different than when they arrived! Costumes encouraged but not required!

1day	12/30	T	9:00a-12:00p	Staff	\$25
------	-------	---	--------------	-------	------

ArtCore: Step-By-Step Drawing

(For Beginners and Advanced draftsmen) Take it from Leonardo Da Vinci, the easiest way to learn about drawing tough subjects is to use a step-by-step learning method that involves recognizing the underlying shapes in what you're trying to draw. Please wear old clothes, as our medium for the class will be oil pastels.

1day	12/30	T	1:00p-4:00p	Staff	\$25
------	-------	---	-------------	-------	------

ArtCore: Art of Science

It may surprise most, but there is an astonishing amount of scientific study that is involved in art-making. With a focus on physics, we will create "pendulum paintings" with the students.

1day	12/31	W	9:00a-12:00p	Staff	\$25
------	-------	---	--------------	-------	------

ArtCore: Multicultural Art

With a main focus on Egyptian art, we will delve into history creating ornate pharaoh headdresses, and vases to take home. We'll also talk about hieroglyphics, and the importance of art throughout history!

1day	12/31	W	1:00p-4:00p	Staff	\$25
------	-------	---	-------------	-------	------

ArtCore: Glass Mosaics

This tried and true art form is one of the oldest known in our history. Why? Because it's so durable, it lasts through the ages! Students will learn to cut glass and grout a mosaic that will last them a lifetime.

1day	1/2	F	9:00a-12:00p	Staff	\$25
------	-----	---	--------------	-------	------

ArtCore: Wire Sculpture

During this lesson, students will learn about famous sculptor Constantin Brancusi. Modeled after his piece "Bird in Space", everyone will create a sleek work of art out of wire to put on display at home.

How to go from Good to Wow! - NEW

Ok! You have a good camera and lens – Have you ever seen a beautiful subject, but when you took the picture, it was not what you visualized?

Light is the medium that photographers use to create images. If you don't understand light and develop the ability to see, control and modify it, you can never become a quality photographer. Once you understand the principles, you can apply them to ambient/natural light, speedlights, studio lights and combinations of the above for landscapes, scenic, portraits and etc. The objective of this class is to learn light and lighting principles.
