

## **2016 priorities of The Wichita Animal Control Advisory Board**

These priorities were established on February 3, 2016, using a multi-voting process. The board will research and discuss these topics, in order, and provide a recommendation to the department. Any recommendation which requires an ordinance change will require the approval of the City Council.

1. Spay and neuter policy and how to increase those numbers
2. Animal abuse and neglect
3. Leash laws and reducing the number of running at large animals
4. Microchipping
5. Dog licensing-responsible & pet ownership
6. Breeder license and fees
7. Performance metrics to share with community
8. Obtaining the voice of the community through survey or other methods
