Said pavement shall be constructed of the material in accordance with plans and specifications provided by the City Engineer.

SECTION 2. That the cost of said improvements provided for in Section 1 hereof is estimated to Four Hundred Seventy-Eight Thousand Dollars (\$478,000) exclusive of the cost of interest on borrowed money, with 100 percent payable by the improvement district. Said estimated cost as above set forth is hereby increased at the pro-rata rate of 1 percent per month from and after September 1, 2007 exclusive of the costs of temporary financing.

Where the ownership of a single lot is or may be divided into two or more parcels, the assessment to the lot so divided shall be assessed to each ownership or parcel on a square foot basis. Except when driveways are requested to serve a particular tract, lot or parcel, the cost of said driveway shall be in addition to the assessment to said tract, lot, or parcel and shall be in addition to the assessment for other improvements.

SECTION 5. That payment of said assessments may indefinitely be deferred as against those property owners eligible for such deferral available through the Special Assessment Deferral Program.

SECTION 6. That the City Engineer shall prepare plans and specifications for said improvement and a preliminary estimate of cost therefore, which plans, specifications, and a preliminary estimate of cost shall be presented to this Body for its approval.
