Public's help sought in identifying burglary suspects

In the early morning hours on Sunday, June 13, 2010 two men broke into the American Mattress and Clock Gallery at 4300 W. Central Avenue. While inside the store they stole cash and other property belonging to the business.

Surveillance video of the suspects showed them to be white males with dark hair and appear to be in their late teens or 20s. One suspect, who appears to be about 5'11" to 6'0" tall, was wearing a red sleeveless t-shirt and had tattoos on the upper portion of both arms. The other suspect was wearing a dark-colored long-sleeve t-shirt and appeared to be about 6'3" or 6'4" tall.

In addition, both suspects appear to have been involved in the burglary of the Pet World pet store, 601 N. West Street, sometime between 8:15 pm. on Saturday, June 12th and 7:40 a.m. on Sunday, June 13th. In that burglary, they stole cash, property and two dogs, both Mini-Pinschers. Photos of the suspects are attached.

The same two suspects are also believed to have committed other burglaries in the last two weeks in both east and west Wichita.

Anyone who is able to identify these suspects should contact the Wichita Police Department Burglary Section at 316-269-4141.

Citizens can also submit an anonymous tip to Crime Stoppers in one of three ways:
