RE: 20-year Special Assessment Infill Request

Dear Mr. Morris,

Attached please find petitions for projects that will be located in the NEW ADDITION NAME. All projects located within NEW ADDITION NAME qualify for automatic 20-year special assessments because the area in which the addition is located is considered infill as defined by the City of Wichita. At this time, it is requested that all projects within NEW ADDITION NAME be marked as candidates for 20-year financing.

Sincerely,

Developer or Engineering Consultant on behalf of Developer
