

# Need to get your pet fixed?

**The City of Wichita  
may be able to help!**  
**Limited number available  
call today!!!**

- Letting your animal have one litter before spaying does **NOT** improve its health. In fact, it increases their risk for cancer.
- Spaying or neutering your pet will **NOT** change its personality, in fact it will make it a better pet and less likely to roam.
- Having your male pets neutered will reduce territoriality and aggression, including urinating to mark territory.
- In six years one unspayed female dog and her offspring, can reproduce 67,000 dogs.
- Each day 70,000 puppies and kittens are born nation-wide. There simply aren't enough good homes for them all. Help us help you.

In a 3-month period household income cannot exceed:

Persons in family

1	\$5,415
2	7,285
3	9,155
4	11,025
5	12,895
6	14,765
7	16,635
8	18,505

For families with more than 8 persons, add \$1,870 for each additional person.

If you believe you may qualify for this service, please call the Atwater Neighborhood City Hall at **303-8016** or the Colvin Neighborhood City Hall at **303-8028** for more information.
