

Around Town

Recommended for Ages 8 and Up

**What kinds of wildlife are found in our City?
How do they adapt to our environment? How
can we tell they are here?**

The **Around Town Family Adventure Pack** will lead you and your group on a structured walk through the park while learning about urban wildlife. The Pack is filled with story books, field guides, plus a track-making activity.

Youth will use these skills:

- investigation
- art
- measurement
- using tools
- reading
- listening
- following directions in a specific order
- pre-history correlations
