## **Media Advisory** **9900 W. Yosemite Shooting Update**

At approximately 8:30 a.m. today, Wichita Police Department (WPD) officers responded to a shooting call at a residence in the 10000 block of west Greenfield. A male called 911 stating a female was at his door with a gunshot wound. The female was taken to an area hospital for medical treatment of serious but non-life-threatening injuries.

The investigation revealed that the victim and the suspect lived in a residence in the 9900 blk of W. Yosemite. The female is a long-time family friend who moved into the residence in December after the male's mother passed away. Investigators learned that the victim was in the bathroom of the residence when the suspect fired numerous rounds into the bathroom at the victim, striking the 58-year-old female in the hand. After the shooting, the suspect fled the residence in the victim's vehicle.

As officers were responding to the shooting, a WPD officer driving southbound on Tyler was flagged down by citizens who had located a vehicle overturned on the west side of Tyler and north of Yosemite. The 27-year-old male suspect in the shooting in the 9900 block of W. Yosemite was located in the vehicle and was pronounced deceased on scene.

The investigation is ongoing and the case numbers are 18C020904, and 18C020899.
