Media Advisory Gang Related Shooting

The Wichita Police Department (WPD) is increasing patrols in the area of 13th and Oliver following a weekend gang-related shooting that left four people injured.

WPD Chief Gordon Ramsay said law enforcement will work together with the neighborhood to address the incident.

“WPD will be increasing patrols in the area, allocating resources, and working with stakeholders to identify those responsible and involved to ensure they are held accountable,” Ramsay said. “A continuation of this violence will not be tolerated. We need people who have information about the incident to work with investigators.”

Minimal cooperation, so far, has slowed the investigation. WPD is asking the community for more assistance. If you have any information on this case, please call Crime Stoppers at 267-2111.

At approximately 2:30 p.m. on Saturday WPD responded to a shooting that occurred in the 1400 block of north Harding. The investigation revealed a disturbance occurred between two street gangs. Shots were fired and the bullets struck multiple homes in the nearby area. The four injured individuals were taken to an area hospital with non-life-threatening injuries, and have since been released.
