

Reopening of City Facilities

City of Wichita has developed plans for the gradual and safe reopening of facilities and services to the public. These plans are flexible and will be responsive to ensure the health and well-being of staff and residents. Many facilities are opening with modifications to accommodate social distancing and safety protocols. You can learn about each facility's new requirements by visiting its website or departmental page on wichita.gov. Continue to check wichita.gov/coronavirus for further updates. Please also be aware masks are required at all City facilities and will be provided if needed.
