## Preface

General aviation industry is developing rapidly. In order to promote the collaboration among domestic and foreign general aviation companies and research institutions China International General Aviation convention 2013(CIGAC 2013), presented by the People's Government of Shaanxi Province, Civil Aviation Administration of China, China Council for the Promotion of International Trade, will be held in China Aviation Industrial Base (CAIB) in October 2013.

China International General Aviation Convention (CIGAC), approved by State Council, held every other year is the largest International general aviation exhibition in China; Xi'an is the permanent site of this event CIGAC 2013 is the third session. With the objective of "promote general aviation development accelerate industrial agglomeration" CIGAC 2013 acting as a platform will include a slew of programs relating to:

- Summit Forums of China General Aviation
- Exhibition on Aviation Equipments and Accessories
- Investment Projects Promotion and Commercial Meeting
- Signing Ceremonies on Major Investment projects
- Press Conferences

Stunt teams from America, Sweden, Italy and other countries will give aerobatic demonstration during the convention over 500 domestic and overseas general aircraft companies and clients will attend the convention. It is estimated that approximately 150 thousand spectators will participate in this event.

The organizing committee of CIGAC 2013 sincerely invites you to attend this event. We look forward to your attendance in this leading platform for the general aviation industry.

# Plot Plan of Pucheng Airport

## Air Show and Static Display

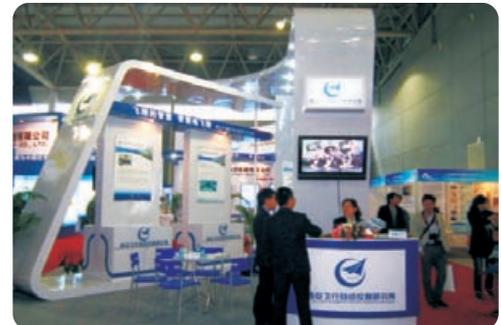

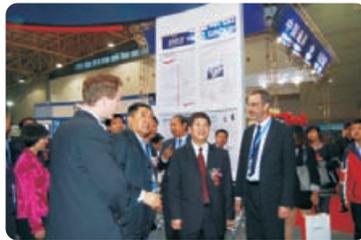

Around 100 aircrafts from both home and abroad are to be invited to our air show and static display, among which 30 are to attend air show, 70 to static display (paramotorings, deltawings and hot air balloons included). It is expected that approximately 100 thousand spectators are to present on our event. The combination of both air show and static display reflects the portability and practicability of general aircraft, enables audience to fully comprehend general aviation. Air show and static display are to be held at CAIB Pucheng airport. Communication of GA and flight experience are also to be included.
