PORTABLE STORAGE CONTAINER CHECKLIST

When locating portable storage containers in commercial locations, the license holder and portable storage container provider must comply with the **Wichita/Sedgwick County Unified Zoning Code** requirements, as applicable, which include but are not limited to, the following:

LC Zoning Districts:

- Number of portable storage containers allowed by location shall be determined by maximum square footage of floor area, i.e. 10% floor area **or** for buildings with less than 3,200 square feet, portable storage containers may not exceed 320 square feet per business location.
- Portable storage container must be at least 20 feet from property lines, within 10 feet of buildings **or** screened from view of residential zoning districts, residential use or arterial street by buildings, landscaping, earth berms, etc., and be at least 5 feet behind leading edge of building adjacent and subject to screening requirements.
- Screening may consist of the wall of the portable storage container if the portable storage container has no opening or signs facing a public street or adjacent property in a residential zoning district and matches the predominant material and color of the existing structure or are earth tone colors.
- Walls of the portable storage container must match the existing structure or be earth tone color.
- Signage on portable storage containers are limited to one sign per container not exceeding 2 square feet.
- Vertical stacking of portable storage containers and stacking of other materials or merchandise on top of portable storage containers is prohibited.
- No portable storage containers shall be placed or located on a required parking space, circulation isle or fire access lane.
- Portable storage containers temporarily placed on zoning lots during a period of on-going construction are exempted from previous requirements.
- Portable storage container screening in the GC and more intensive districts may consist of the walls of the portable storage container if no openings or signs face residential zoning districts or arterial streets and the containers match the structure or are earth tone colors.

GC & More Intensive Zoning Districts:

Portable storage containers in the GC and more intensive zoning districts shall be at least 20 feet from property lines, within 10 feet of buildings **or** screened from view of residential zoning districts, residential use or arterial street by buildings, landscaping, earth berms, etc., and/or be at least 5 feet behind leading edge of building adjacent to. If these conditions are not met, screening shall be provided with a screening wall or fence as required by code.
