

2020 Water Conservation Rebate Program HIGH EFFICIENCY URINAL REBATE

High Efficiency (HE) Urinal Rebate: \$100.00 for a new 0.5 gallons per flush (gpf) HE urinal that is installed and replaces an existing high-volume toilet (1.5+ gpf).

Rebate is available for all customers having active accounts with the City of Wichita Public Works and Utilities for delivery of potable water.

Specifications

The high efficiency (HE) urinal must be WaterSense certified and use 0.5 gallon per flush (gpf) or less (i.e. waterless), and be on the approved list of qualifying devices found at:

<https://lookforwatersense.epa.gov/Product-Search-Results-Urinal.html>

Instructions

- The HE urinal must be purchased and installed between Jan. 1, 2020 and Dec. 31, 2020. The rebate is available on a first come first served basis, subject to the availability of funds.
- The online application link is at the bottom of this page. You have 90 days after date of purchase in which to fill out the application and required information for the rebate.
- Original copies of required information must be provided to verify purchase.
Failure to provide the required information will result in the rebate request being denied.
- Required information **must** accompany the application and this includes:
 1. Sale invoice(s) to be uploaded with online application.
- There is a limit of 5 qualifying devices per active Water Utilities account, mixed or matched.
- An old urinal must be properly disposed of in a manner that will prevent its reuse. Please recycle it if at all possible.
- Rebate amount will not exceed the actual purchase price of HE urinal, and excludes taxes and costs of installation.
- Rebates will be credited to applicant's water utility account.

Please submit your online application on the Save Wichita Water website.
