8. to enhance the quality-of-life and image of Wichita and Sedgwick County through the provision and proper maintenance of open space and natural resources;
9. to enhance the opportunity for greater cultural and educational experiences;
10. to protect and preserve the human-made and natural elements which support human habitation, add to the community's quality-of-life and create a unique living environment;
11. to develop, conserve, and revitalize housing and neighborhoods that will provide safe, decent and affordable conditions for all residents;
12. to increase economic wealth and opportunities for all Sedgwick County citizens;
13. to provide adequate notice on subsequent changes to this Code and an opportunity for interested parties to be heard; and
14. to inform the public regarding future development, thereby providing a basis for wise decisions with respect to such development.

D. APPLICABILITY

Except as specifically exempted pursuant to Sec. I-E, this Code shall apply within the zoning jurisdictions of the City of Wichita and Sedgwick County, to every use of land and every activity involving building or development, in accordance with the following specific provisions.

1. This Code shall be effective throughout Sedgwick County except in those areas lying within the corporate limits of incorporated cities other than the City of Wichita.
2. No Building or land shall be used for any purpose whatsoever or put to any use whatsoever except in accordance with the applicable provisions of this Code.
3. No Building or Structure shall be constructed, reconstructed or substantially repaired except in accordance with the applicable provisions of this Code.
4. No land shall be developed except in accordance with the applicable provisions of this Code.
5. No Use, Building, or Development shall be maintained or continued except in accordance with this Code or in accordance with the permit or approval allowing such Development.

E. AGRICULTURAL EXEMPTION

This Code shall not apply within the unincorporated area of the County to the use of land for agricultural purposes or to the erection or maintenance of Buildings

thereon, provided that such land and Buildings are used for agricultural purposes and no other. Residential uses that are accessory to agricultural uses shall be considered agricultural in nature for purposes of this exemption and farm residences shall thus be exempt from the requirements of this Code. This exemption shall be of no effect within the corporate limits of the City of Wichita. All lands used for agricultural purposes as defined within this Code are located within an area where land is used for commercial agricultural production. Owners, residents, and other users of this property or neighboring properties may be subjected to inconvenience and discomfort arising from normal and accepted agricultural practices and operations, including but not limited to: noise, odors, dust, the operation of machinery of any kind including aircraft, the storage and disposal of manure, and the application of fertilizers, soil amendments, herbicides and pesticides. Owners, occupants and users of this property and neighboring properties should be prepared to accept such inconveniences and discomfort from normal agricultural operations, and are hereby put on official notice that [K.S.A. 2-3201](#) et seq., the "right-to-farm law," may bar them from obtaining a legal judgment against such normal agricultural operations. This exemption is for zoning only, building permits may be required.

F. EFFECT OF "UNIFIED" CODE

Although portions of this Code will be jointly administered and it is the intent of the City and County to adopt and maintain it in substantially identical form, it shall, where appropriate, be considered the individual enactment of the City of Wichita or of Sedgwick County, as applicable. If either the City or County fails to adopt this Code or amends or repeals it while the other adopts it and maintains it in force, it shall be valid within the zoning jurisdiction of the jurisdiction that adopted and maintained it, notwithstanding its status in the other jurisdiction.

G. URBAN AREAS OF INFLUENCE

In order to provide for review of zoning map amendment requests by the planning commissions in the second and third class cities of Sedgwick County, the Governing Body of the County has adopted and hereby maintains Urban Areas of Influence around such communities.

- 1.** A city's urban area of influence is the area comprising the urban growth area of the city as set out in the current joint city-county comprehensive plan adopted by the MAPC. A city's Urban Area of Influence may be enlarged on request of the city and approval by the Board of County Commissioners after recommendation by the MAPC.
- 2. Interpretation of boundaries.** The rules for interpreting the boundaries of the Urban Areas of Influence shall be the same as for interpreting the boundaries of zoning districts, as set forth in [Sec. III-A.5](#).
- 3. Amendments.** The procedures for changing Urban Area of Influence boundaries are set out in [Sec. V-K](#).
- 4. Exceptions.** The cities of Eastborough, Viola and Wichita are not subject to the provisions regarding Urban Areas of Influence.

H. TRANSITIONAL PROVISIONS

The following transitional provisions shall apply to various activities, actions and other matters pending or occurring on March 25, 1996.

- 1. Violations continue.** Any violation of the previous zoning ordinance of the City of Wichita or of the previous zoning regulations of Sedgwick County shall continue to be a violation under this Code and shall be subject to prosecution pursuant to Article VIII, unless the Use, Development, construction or other activity is clearly consistent with the express terms of this Code.
- 2. Nonconformities under previous ordinance or resolution.** Any legal Nonconformity under a prior zoning ordinance of the City of Wichita or under prior zoning regulations of Sedgwick County shall be considered a legal Nonconformity under this Code, provided that the situation that resulted in the nonconforming status under the previous regulations continues to exist. If, however, a Nonconformity under a prior ordinance or resolution becomes conforming as a result of the adoption of this Code or any subsequent amendment to this Code, then such situation shall no longer be considered a Nonconformity.
- 3. No Nonconformities created by adoption of this Code.** No use of a Building, Structure, Lot or property and no Building, Structure, Lot or property that complied with the zoning ordinance or zoning resolution in effect prior to March 25, 1996, shall become or be deemed to have become Nonconforming or noncomplying due to adoption of this Code, subject to the limitations in [Sec. VII- I](#) and [Sec. VII-J](#).

I. ZONING OF ANNEXED AND DEANNEXED AREAS

Any land that is classified in any zoning district from the most restrictive through the SF-10 Single-Family District and that comes under the jurisdiction of the City of Wichita by reason of its annexation to the City or other change in municipal boundaries shall be automatically converted to the SF-5 Single-Family District, provided that it may be converted to the SF-10 District if such less intensive zoning designation is requested in writing by the property Owner prior to the recording of the annexation and approved by the Governing Body as a separate ordinance. Any land that has a higher Intensity zoning classification than SF-10 and that comes under the jurisdiction of the City of Wichita by reason of its annexation to the City or other change in municipal boundaries shall retain the same zoning classification as it had before coming under the jurisdiction of the City of Wichita. Any land that comes under the effect of this Code for the first time by reason of disconnection from a municipality besides the City of Wichita or by reason of intergovernmental agreement, other municipal boundary change or a change in state law, shall be classified into the most restrictive zoning District. However, no construction other than an Accessory Structure or a Single-Family Dwelling Unit on a Lot of at least 20 acres, no Development and no subdivision shall take place on such property until the property has been expressly included in a zoning District under this Code by action of the Planning Commission and the applicable Governing Body. If the Planning Commission and Governing Body have not taken such action within six months of the applicability of this Code to such land, then the Owner of such land may apply for a rezoning to one of the Districts set forth under this Code, and the otherwise applicable application fee shall be waived.

All provisions of previously-approved Conditional Use permits shall remain valid after annexation unless an amended Conditional Use application is filed and approved in accordance with Section V-D of this Code or unless the Conditional Use becomes a Permitted Use in the zoning District established for the property at the time of annexation.

J. SEVERABILITY

If any section, subsection, sentence, clause, phrase or portion of this Code is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portions shall be deemed separate, distinct and independent provisions and such holding shall not affect the validity of the remaining portions of this Code.

K. VESTING OF DEVELOPMENT RIGHTS

- 1.** The rights of landowners of Lots or tracts of land created for Single-Family residential development shall be protected for use as Single-Family residential Lots or tracts of land, and said Lots or tracts of land shall not be required to meet platting requirements of the Subdivision Regulations provided:
 - a.** verifiable evidence is presented to the Zoning Administrator showing that the individual lots or tracts of land were created before August 29, 1997. Acceptable evidence shall be:
 - (1)** signed and sealed certificates or plats of survey from a Registered Land Surveyor showing the Lots or tracts of land proposed to be created, said certificate or plat of survey being dated and recorded with the Register of Deeds of Sedgwick County, Kansas;
 - (2)** recorded deeds conveying said lots or tracts of land; or,
 - (3)** recorded Affidavits of Equitable Interest on contracts for deed for said Lots or tracts of land; and,
 - b.** The division of land into Lots or tracts was done in conformance with the Subdivision Regulations that were in effect at the time the individual Lots or tracts of land were created.
- 2.** Any undeveloped Contiguous Lots or tracts of land, that otherwise met the requirements under Section I-K.1.a-b, that were held in common ownership on August 29, 2002, shall be considered a single Lot. Any subsequent division of said Lot shall require platting in conformance with the Subdivision Regulations. Undeveloped Contiguous Lots that otherwise met the requirements under Section I-K.a-b, that are not held in common ownership shall be exempt from platting requirements of the Subdivision Regulations.

3. Properties divided or platted for any use other than single-family residential purposes shall not be permitted to develop or further develop except in conformance with the Subdivision Regulations and this Code.
4. Persons who obtain a validly issued Building Permit for any undeveloped Lots or tracts of land that have met the requirements under Section I-K.a-b prior to August 29, 2002, shall be permitted to develop said property so long as the permit issued does not expire. Failure to start construction under said permit before the expiration of the permit shall result in the Contiguous lots being considered a single Lot.
5. Any request made in writing for a determination as to the qualifications for meeting the requirements of this section shall be answered by the Zoning Administrator with the concurrence of the Planning Director within 30 days after the filing of the request or the requirements shall be deemed to have been met. It shall be the responsibility of the property owner or the property owner's agent to provide the Zoning Administrator copies of recorded instruments that show the names of the current Owners of the Lots or tracts of land and a complete legal description of the Lots or tracts of land.
6. Other vested rights shall be pursuant to [K.S.A.12-764](#) et seq. and amendments thereto.

ARTICLE II RULES OF CONSTRUCTION AND DEFINITIONS

SECTIONS

A RULES OF CONSTRUCTION

1. **Meaning and intent.** All provisions, terms, phrases and expressions contained in this Wichita-Sedgwick County Unified Zoning Code shall be construed in accordance with the purposes of this Code.
2. **Text.** In case of any difference of meaning or implication between the text of this Code and any drawing or figure, the text shall control.
3. **Computation of time.** The time within which an act is to be completed shall be computed by excluding the first day and including the last day; if the last day is a Saturday, Sunday or legal holiday, that day shall be excluded. In the computation of time for public hearing notice, both the first day (day of the advertisement) and the last day (day of the hearing) shall be excluded.
4. **Delegation of authority.** Whenever a provision appears requiring the head of a department or some other officer or employee to do some act or perform some duty, it is to be construed to authorize the head of the department or other officer to designate, delegate and authorize subordinates to perform the required act or duty unless the terms of the provision or section specify otherwise.
5. **Non-technical and technical words.** Words and phrases shall be construed according to the common and approved usage of the language, but technical words and phrases and such others as may have acquired a peculiar and appropriate meaning in law shall be construed and understood according to such meaning.
6. **Public officials, bodies and agencies.** All public officials, bodies, and agencies to which references are made are those of the City of Wichita or of Sedgwick County, as applicable, unless otherwise indicated.
7. **Mandatory and discretionary terms.** The word "shall" is always mandatory. The word "may" is permissive.
8. **Conjunctions.** Unless the context clearly indicates the contrary, conjunctions shall be interpreted as follows:

"and" indicates that all connected items, conditions, provisions or events shall apply; and

"or" indicates that one or more of the connected items, conditions, provisions or events shall apply.
9. **Tense, number and gender.** Words used in the past or present tense include the future as well as the past or present, unless the context clearly indicates the

contrary. The singular shall include the plural and the plural shall include the singular, as the context and application of this Code may reasonably suggest. Words of one gender shall apply to persons, natural or fictitious, regardless of gender, as the context and application of this Code may reasonably suggest.

B. DEFINITIONS

For the purposes of this Code, words and terms defined in this section shall be given the meanings set forth here. All other words shall be given their common, ordinary meanings, as the context may reasonably suggest.

In case of a dispute over the meaning of a term not defined here or over the application of a definition set forth here, the Zoning Administrator shall give a written interpretation in accordance with Sec. V-H.

The intent of this Code is to capitalize or enclose in quotations the defined terms, but in those situations where this capitalization or punctuation is omitted, this does not override construing these terms in accord with their defined meanings.

1. Letter "A"

- a. Abut** means touching, adjoining or Contiguous; as distinguished from lying near to or Adjacent.
- b. Accessory Apartment** means an Accessory Use Dwelling Unit that may be wholly within, or may be detached from, a principal Single-Family Dwelling Unit. See also Sec. III-D.6.a.
- c. Accessory Structure and Accessory Use** means a Use or Structure that is subordinate to and serves a Principal Use or Structure; is subordinate in purpose to the Principal Use or Structure served; contributes to the comfort, convenience or necessity of occupants of the Principal Use or Structure served; and is located on the same Zoning Lot as the Principal Use.
- d. Accident Potential Zone** means land area identified by the Air Installation Compatible Use Zone Study (AICUZ), McConnell Air Force Base, Kansas, (January, 1987) to be in significant danger of aircraft accidents by being beneath that airspace (take-off and approach paths) where the potential for aircraft accidents is most likely to occur.
- e. Adjacent** means lying near or close to, neighboring, but not necessarily touching or Contiguous. For purposes of this Code, Adjacent is used in the context of nearby but not touching.
- f. Adjoin** See Abut.
- g. Adult** means a person 18 years of age or older.

- h. Agriculture** means the use of any land for the purpose of growing plants, crops, trees and other agricultural or forestry products or for the purpose of raising livestock. Agriculture also includes the roadside selling of products produced on land owned, leased or legally controlled by the producer (farmer, rancher, horticulturalist, viticulture, apiary or similar agricultural pursuits). The definition shall include, as a permitted Accessory use, the sale of nursery stock, firewood, Christmas trees and other plants and produce raised on-site. In the unincorporated County only, Agriculture shall also include an expanded range of uses which allows members of the general public, for recreational, entertainment or educational purposes, to view, participate or otherwise enjoy activities related to agricultural uses. Typical activities include, but are not limited to: Farmer’s Market which permits the sale of agricultural products by other producers; U-pick-it activities; flower arranging; canning/cooking; gardening demonstrations; winery tours and tastings; corn mazes; agriculture related interpretive facilities; agricultural exhibits and tours; agriculturally related educational and learning workshops or experiences; horseback riding; non-commercial camping; bonfire/campfire themed events; service of food and beverages; hayrides; pumpkin patch sales and any other uses determined by the Zoning Administrator to be similar.
- i. Agricultural Processing** means initial processing of agricultural products that is reasonably required to take place in close proximity to the site where they are produced. Typical uses include sawmills and packing-houses. Slaughterhouses are specifically excluded from this definition.

AFBP-O	Air Force Base Protection Overlay
CP-O	Corridor Preservation Plan Overlay
CBS,General	Construction Burn Site, General
CBS, Limited (Reserved)	Construction Burn Site, General

Zoning Districts may be referred to throughout this Code by their map code designations.

- 3. Zoning District hierarchy.** References in this Code to less restrictive or more restrictive zoning Districts refer to the residential, commercial and industrial base Districts established by Sec. III-A.2 and represent a progression from the RR District as the most restrictive base district to the AFB District as the least restrictive base District. Special purpose base Districts and Overlay Districts are not included in the zoning District hierarchy.
- 4. Zoning map.**

 - a. Adoption of Official Zoning District Map.** The boundaries of the zoning Districts established by this Code shall be shown on a map or series of maps entitled "Official Zoning District Map." The legend of the Official Zoning District Map shall indicate the date of adoption. Original copies of such maps and all amendments thereto shall be maintained in the office of the Planning Director. In case of any dispute regarding the zoning classification of property subject to this Code, the original maps maintained by the Planning Director shall control.
 - b. Omitted land.** In case any land subject to this Code has not been specifically included within any of the Districts shown on such map such land shall automatically be classified into the SF-5 District if within the city limits of the City of Wichita, or the RR District if outside the Wichita city limits.
- 5. District boundaries.** These provisions shall govern interpretations regarding the location of zoning District boundaries shown on the Official Zoning District Map.

 - a. Streets and Alleys.** District boundaries are either Streets or Alleys, unless otherwise shown, and where the designation on the maps indicates the various Districts as approximately following Streets or Alley lines, the Street or Alley line shall be construed to be the boundary of the District.
 - b. Lot Lines.** Where District boundaries are not otherwise indicated and where the property has been divided into blocks and Lots, the District boundaries shall be construed to be Lot Lines, and where bounded by Lot Lines, such Lot Lines shall be construed to be the boundary of such Districts, unless such boundaries are otherwise indicated on the maps.
 - c. Street vacations.** Whenever any Street, Alley or public way is vacated by official action of the Governing Body, the zoning Districts Abutting each side of such Street, Alley, or public way shall be automatically extended to the center of such vacation, and all area included in the vacation shall then and thenceforth be subject to all regulations of the extended Districts.

d. Uncertainties. Where physical or cultural features existing on the ground contradict those shown on the Official Zoning District Map, or in case any other uncertainty exists, the location of District boundaries shall be determined by the Planning Director.

6. Compliance with zoning District standards. No Building or Structure shall be erected, converted, enlarged, reconstructed or altered for use, nor shall any Building or Structure or land be used or changed in use that does not comply with all of the District regulations established by this Code for the District in which the Building or Structure or land is located.

7. Zoning District conversions. Zoning District names and map code designations established according to ordinances and resolutions prior to March 25, 1996 are hereby converted as follows:

Old Map Code	Old District Name	New Map Code	New District Name
R	Rural Residential	RR	Rural Residential
R-1	Suburban Residential	SF-20	Single-Family Residential
		SF-10	Single-Family Residential
AA	One Family	SF-5	Single-Family Residential
A	Two Family	TF-3	Two-Family Residential
R-5	General Residence	MF-18	Multi-Family Residential
RB	Four Family	MF-29	Multi-Family Residential
R-6	General Residence	MF-29	Multi-Family Residential
B	Multiple Family	B	Multi-Family Residential
G	Manufactured Home	MH	Manufactured Housing
		NO	Neighborhood Office
BB	Office	GO	General Office
OC	Office Commercial	NR	Neighborhood Retail
LC	Light Commercial	LC	Limited Commercial
		OW	Office Warehouse
C	Commercial or General Commercial	GC	General Commercial
		IP – A	Industrial Park Airport
		IP	Industrial Park
D	Central Business District	CBD	Central Business District
E	Light Industrial	LI	Limited Industrial
F	Heavy Industrial	GI	General Industrial
		AFB	Air Force Base

All references to old District names or old map codes in the Code of the City of Wichita or the Sedgwick County Code, or in any order, agreement, permit, license, covenant, or any other action entered or permitted by the City or County or by any person in reliance upon the City/County zoning designations shall, upon March 25, 1996, be deemed to be reference to the corresponding new District name or map code.

- 8. SF-6 to SF-5 Conversion.** SF-6 District and map code designations established according to ordinances and resolutions prior to May 18, 2001 are converted to SF-5. Prior references to SF-6 in the Wichita-Sedgwick County Unified Zoning Code, or in any order, agreement, permit, license, covenant, or any other action entered or permitted by the City or County or by any person in reliance upon the City/County zoning designation shall, upon May 18, 2001, be deemed to be reference to SF-5.
- 9. Continuance of Conditional Use and Use Exception provisions.** All provisions of Conditional Uses and Use Exceptions approved under zoning codes in effect prior to March 25, 1996, shall be continued in full force and effect unless the subject uses are permitted Uses under this new Code.
- 10. Classification of unlisted Uses.** For Uses not specifically listed in this Code or not obviously included in one of the comprehensive use definitions, the Zoning Administrator shall have the authority to determine the appropriate District or Districts that allow the Use based on the Use's similarity to Uses that are listed.

B. BASE DISTRICT REGULATIONS

d. Property development standards for Sites with public water and sewer. Each Site in the MH District that is served by a public water supply and municipal type sewer system shall be subject to the following minimum property development standards. Setbacks and heights are for Principal Structures. See Sec. III-D.7.e for Setbacks and heights for Accessory Structures. See Secs. III-E.2.e(2) and III-E.2.e(3) for Front Setbacks on unplatted tracts or major roadways. Compatibility standards in Secs. IV-C.4 and IV-C.5 may take precedence.

(1) Minimum Site area: In the City of Wichita, a minimum of five acres shall be required for the MH District. Minimum size in the unincorporated area shall be as determined by the Sedgwick County Department of Code Enforcement

(2) Minimum Lot Area: 5,000 square feet for residential Lots within Manufactured Home Subdivisions; 10,000 square feet for all nonresidential uses

(3) Minimum Lot Width: 200 feet for Manufactured Home Parks; 40 feet for lots within Manufactured Home Subdivisions; 100 feet for all other Uses

(4) Minimum Setbacks.

(a) Manufactured Home Parks. All structures within Manufactured Home Parks, whether permanent or temporary, shall be setback at least 25 feet from public Street rights-of-way, at least 20 feet from all other Lot Lines and at least 5 feet from private roadways interior to the Manufactured Home Park. A minimum separation of 10 feet shall also be maintained between all Manufactured Home units within the

Manufactured Home Park.

(b) Manufactured Home Subdivisions. All structures within Manufactured Home Subdivisions shall be setback at least 25 feet from arterial Street rights-of-way, and at least 25 feet from the front Lot Line, at least 20 feet from the rear Lot Line and at least 5 feet the side Lot Lines. (5) Maximum density of MH Parks: eight Dwelling Units per acre

(6) Maximum Height: 35 feet

e. Property development standards for other Sites. Standards for Lot size, Setback and height for Manufactured Home Parks or Manufactured Home Subdivisions that are not served by a public water supply or a municipal type sewer system shall be established as part of the approved site plan, and for a single Lot shall, at minimum, match the standards of the predominant zoning District that is Contiguous to or across the street from the Lot.

f. Special MH District regulations. The following special regulations shall apply to property in the MH District.

(1) Site plan. All requests for rezoning to the MH District shall be accompanied by a site plan in a form established by the Planning Director, and shall include a declaration as to whether the property will be developed as a Manufactured Home Park or Manufactured Home Subdivision. Development of the property shall be substantially in conformance with the site plan approved by the Governing Body. In the event the Manufactured Home request is for a single Lot in the unincorporated portion of Sedgwick County, this requirement shall not apply.

(2) Construction restrictions. No permanent additions shall be made to a Manufactured Home or Mobile Home, including any nonconforming units, unless the Manufactured Home or Mobile Home is on a permanent foundation and all applicable Building Permits have been obtained. Such additions shall comply with current Building Codes applicable to site built construction. No single wide or double wide Manufactured Home or Mobile Home shall be combined with or attached to another Manufactured Home or Mobile Home unless all such Manufactured Home or Mobile Home units are specifically constructed to HUD Codes to be so combined.

 - (6) Minimum Street Side Setback:** ten feet
 - (7) Maximum Height:** 80 feet, plus two feet of additional height for each foot of Setback beyond the minimum required Setbacks
- e. Special LC District regulations.** The following special regulations shall apply to property in the LC District.
- (1) Large projects.** Projects in the LC District on Sites of six acres or more shall be subject to the Community Unit Plan (CUP) standards of Sec. III- C.2.
 - (2) Outdoor display.** Merchandise that is for sale within a Building may be displayed in areas immediately Contiguous to and within ten feet of the Building, subject to the following standards.
 - (a)** No portion of the display shall be on publicly owned property unless the applicant shall first have obtained appropriate approval for such use from the Governing Body.
 - (b)** No required off-street Parking Space or Loading Space shall be utilized for display.
 - (c)** No food or drink shall be displayed outside the Building except in accordance with standards and prior written approval of the Wichita Department of Environmental Services; outdoor service of food and drink accessory to the service of food and drink within a

Building is permitted without limitation as to distance from the Building, in accordance with the provisions of Sec. III-D.6.w of this Code and all other applicable standards and licensing requirements.

- (d) These provisions shall in no way be deemed to authorize the outdoor display of Motor Vehicles, rental trailers, rental equipment, used furniture, used appliances, used plumbing, used housewares, used building materials or similar items, except as such may otherwise be authorized under an appropriate section of the Code.
 - (e) Christmas tree and associated sales may be conducted on property zoned LC even though no Building shall exist.
- (3) **Outdoor storage.** Storage of merchandise available for sale shall be allowed outside of an enclosed Building in the LC District only as an Accessory Use and only in compliance with the following standards.
- (a) **Screening Fence or Screening Wall enclosure.** The area used for Outdoor Storage shall be enclosed by a Fence or Screening Wall not less than six feet in height nor less than the height of the merchandise to be screened except for Outdoor Storage within a Portable Storage Container when subject to the special provisions contained herein. The Fence or Screening Wall shall be comprised of material capable of Screening the merchandise from view. One opening, not exceeding ten feet in width, may be left open during business hours, but must be gated and capable of Screening merchandise from view when closed. When the material of the enclosure is not of the same general material as the Main Building, Screening as required by Sec. IV-B.3 and Landscaping as approved by the Zoning Administrator shall be provided and maintained outside the enclosure. For Outdoor Storage areas within a CUP, the Fence or Screening Wall provisions may be modified provided that a design plan is submitted with the CUP application and such plan is deemed by the Planning Commission to provide an acceptable environment for the surrounding area based on the physical characteristics of the property, distances from Adjacent properties and public Streets, and the type of merchandise to be stored.
 - (b) **Size of storage area.** The enclosure around the storage area shall be attached to the Main Building, and the area within such enclosure shall not exceed ten percent of the floor area occupied by the Principal Use within the Building. Such enclosure shall comply with the same Setback as is required for the Main Building. The area within the enclosure shall be calculated as Floor Area in determining the number of required off-street Parking Spaces. Outdoor Storage of between ten percent and 20 percent may be allowed upon application and approval of a Conditional Use processed in accordance with Sec. V-D of these regulations.

- (c) Conflicting provisions.** The provisions of this section shall not be deemed to prevent the display of merchandise required in the servicing of Vehicles when located on service islands at Service Stations, nor shall it supersede any of special conditions of approval imposed on development projects, plans or permits.
- (d) Exemptions.** These Outdoor Storage requirements shall not apply to holiday tree sales and associated temporary activities.
- (e) Placement of Portable Storage Containers in LC.** On any Zoning Lot located in the LC District, one or more Portable Storage Containers may be permitted as accessory storage to the Principal Use(s) provided the following conditions are met:
- 1)** The Floor Area contained in the Portable Storage Container shall be limited to no more than ten percent of the Floor Area of the Principal Use and be considered part of the total Outdoor Storage allowed on any Site, except that for Main Buildings with less than 3,200 square feet in size, the Portable Storage Container may be up to 320 square feet in size. In Buildings with multiple tenants, no single user shall be permitted more than ten percent of the Floor Area of its Use.
 - 2)** Portable Storage Containers shall be located at least five feet behind the wall line of the Main Building and be subject to Screening provisions specified herein.
 - 3)** Portable Storage Containers shall be required to meet Side and Rear Setback requirements for Buildings, shall be separated by no more than ten feet from the Main Building, except when screened in accordance with the Screening standards of Article IV.B.3, or when screened from view of a residential zoning district, residential use or arterial Street by Landscaping, berms, or by other nonresidential buildings; and shall be located at least 20 feet from any Contiguous property zoned TF-3 or more restrictive.
 - 4)** Required Screening may consist of the wall(s) of the Portable Storage Container if the Container has no openings or Signs facing a public Street or Adjacent property in a residential zoning district and if the wall(s) match the predominant material and colors of the existing Structure or are an earth tone color that complements and appears inconspicuous against the color of the Main Building, or other screening materials as permitted in the Code per Sec. IV-B.3.
 - 5)** Signage on Portable Storage Containers shall be limited to one Sign per Container, not exceeding two square feet. The signage shall not be visible from any Abutting street or any Adjacent property in a residential zoning district.
 - 6)** Vertical stacking of Portable Storage Containers and stacking

of any other materials or merchandise on top of any Portable Storage Container shall be prohibited. No running gear shall be left underneath any Portable Storage Container.

- 7) No Portable Storage Container shall be placed or located on a required Parking Space, circulation aisle/lane, or fire access lane.

Exception: Portable Storage Containers temporarily placed on Zoning Lots during a period of ongoing construction on the same Zoning Lot are exempted from the above requirements.

- (4) **Outdoor business promotions and/or sales.** The Zoning Administrator may authorize outdoor business promotions and/or sales in the LC District within the City to be operated by vendors not permanently located on the subject LC tract, for a duration of no more than 48 hours and for no more than one two-day period per calendar month, provided a license is obtained as may be required by Section 3.04.010 of the Code of the City of Wichita. For onsite businesses in the LC District within the City, the Zoning Administrator may authorize outdoor business promotions and/or sales for a duration of no more than 48 hours and for no more than one two-day period per calendar month, provided written notification of intent to conduct such a promotion or sale is given to the Zoning Administrator prior to the event.

The Zoning Administrator may grant permission for more than 48 consecutive hours provided the two-day limit per calendar month is maintained. All outdoor promotions and/or sales in the LC District shall be subject to the following restrictions and limitations:

- (a) No food or drink shall be dispensed as a part of such promotional and/or sales activity unless in accordance with all rules and regulations and prior written approval of the Wichita Department of Environmental Services.
- (b) No admission fee shall be charged for entrance to, or participation in, any part of the promotional and/or sales activity.
- (c) Activities of such nature as to be considered a ride device, circus or carnival shall be permitted only when so licensed as such under the provisions of the Code of the City of Wichita.
- (d) The outdoor promotional and/or sales activity shall not occupy any part of the required off-street Parking Space for the Principal Use.
- (e) All electrical connections, erections of temporary Structures, etc., shall be in compliance with the Code of the City of Wichita.

- (5) **Environmental performance standards.** Uses and activities that are in violation of the Sedgwick County Code or the Code of the

City of Wichita or that are out of character with ordinary and customary standards and practices for a Permitted Use to such an extent that the Use or activity is obnoxious, offensive or a nuisance due to odor, dust, smoke, noise, vibration or other similar causes, are prohibited in the LC District.

15. OW Office Warehouse District (“OW”)

a. Purpose. The OW Office Warehouse District is primarily intended to accommodate office and warehousing activities for the building trades and similar businesses with operating characteristics that do not require highly visible locations or the type of vehicular access needed for retail and high-intensity office development. The OW District is generally compatible with the "Employment/Industry Center" designation of the *Wichita-Sedgwick County Comprehensive Plan*. It is primarily intended for application within the City of Wichita, although it may be appropriate for application in areas of unincorporated Sedgwick County that have been designated as "Wichita 2030 Urban Growth Area."

- d. Property development standards.** Each site in the GI District shall be subject to the following minimum property development standards. Setbacks and heights are for Principal Structures. See Sec. III-D.7.e for Setbacks and heights for Accessory Structures. See also Secs. III-E.2.e(2) and III-E.2.e(3) for Front Setbacks on unplatted tracts or major roadways. Compatibility standards in Secs. IV-C.4 and IV-C.5 may take precedence.

(1) Minimum Lot Area: No minimum

(2) Minimum Lot Width: No minimum

(3) Minimum Front Setback: 20 feet, provided that the minimum required Front Setback may be reduced pursuant to Sec. III-E.2.e(5)

(4) Minimum Rear Setback: No minimum

(5) Minimum Interior Side Setback: zero feet, but if an Interior Side Setback is provided it shall be at least five feet in width

(6) Minimum Street Side Setback: No minimum

(7) Maximum Height: 80 feet, plus two feet of additional height for each foot of Setback beyond the minimum required Setbacks

- e. Special GI District regulations.** No special regulations apply in the GI District.

22. AFB, Air Force Base District (“AFB”)

- a. Purpose.** The purpose of the AFB Air Force Base District is to accommodate the

Use of lands owned by the government of the United States for the purpose of operating an air force base. The AFB District is generally compatible with the “Major Institutional” designation of the Wichita-Sedgwick County *Comprehensive Plan*. It is intended only for application on air force base property.

b. Permitted uses. The following Uses shall be permitted by-right in the AFB District.

(1) Residential Uses

All

(2) Public and Civic Uses

All

(3) Commercial Uses

All

(4) Industrial, Manufacturing and Extractive Uses

All

(5) Agricultural Uses

c. Conditional Uses. The following Uses shall be permitted in the AFB District if reviewed and approved by the Planning Commission in accordance with the procedures and standards of Sec. V-D.

(1) Residential Uses

None allowed by Conditional Use

(2) Public and Civic Uses

None allowed by Conditional Use

(3) Commercial Uses

None allowed by Conditional Use

(4) Industrial, Manufacturing and Extractive Uses

None allowed by Conditional Use

(5) Agricultural Uses

None allowed by Conditional Use

d. Property development standards. Each site in the AFB District shall be subject to the following minimum property development standards.

(1) Minimum Lot Area: No minimum

(2) Minimum Lot Width: No minimum

- (3) **Minimum Front Setback:** No minimum
- (4) **Minimum Rear Setback:** No minimum
- (5) **Minimum Interior Side Setback:** No minimum
- (6) **Minimum Street Side Setback:** No minimum
- (7) **Maximum Height:** No maximum
- e. **Special AFB District regulations.** No special regulations apply in the AFB District.

C. SPECIAL PURPOSE AND OVERLAY ZONING DISTRICTS

1. PUD Planned Unit Development District (“PUD”)

- a. **Purpose.** The Planned Unit Development (“PUD”) zoning District is a special purpose zoning district that is intended to encourage innovative land planning and design and avoid the monotony sometimes associated with large developments by:
 - (1) reducing or eliminating the inflexibility that sometimes results from strict application of zoning standards that were designed primarily for individual lots;
 - (2) allowing greater freedom in selecting the means to provide access, light, open space and design amenities;
 - (3) promoting quality urban design and environmentally sensitive development by allowing development to take advantage of special site characteristics, locations and land uses; and
 - (4) allowing deviations from certain zoning standards that would otherwise apply if not contrary to the general spirit and intent of this Code.
- b. **Initiation and method of adoption.** An application for PUD approval shall be submitted in accordance with Sec. V-C of this Code.
- c. **Uses and development standards.**
 - (1) **Permitted Uses.** Any Use may be permitted within the PUD zoning District, provided that it is consistent with the purposes of this Code and the approved PUD plan.
 - (2) **Development intensity.** The total number of Dwelling Units and level of nonresidential Development allowed within a PUD shall not exceed the level that can be adequately served by public facilities. To provide information on the capacity of Streets and other facilities serving a PUD, the Director may require the applicant to conduct a traffic impact study or other

infrastructure capacity analyses to provide information on the Development's expected impacts on existing and planned facilities.

- (3) **Other zoning standards and regulations.** The following otherwise applicable zoning standards and regulations may be varied or modified as part of the PUD plan approval and rezoning process, subject to the limitations imposed by Sec. III-C.1.c(2): Lot Area, Building Height, Setbacks, Open Space, off-street Parking and Loading Space, Sign, Screening, Landscaping and compatibility standards.

2. CUP Community Unit Plan Overlay District (“CUP”)

- a. **Purpose.** The Community Unit Plan (“CUP”) Overlay District is intended to provide well planned and well organized Developments for residential Uses of varying densities and for office, commercial, industrial and/or mixed Uses that are held under unified control at the time of initial approval. It is intended to protect the public safety, convenience, health and general welfare through standards and provisions that establish requirements as to Lot coverage, Building Height, Setback and Screening that permit review of the size, shape and location of such facilities with due regard to the tract as a whole so as to ensure the development of facilities with proper ingress and egress, Parking, drainage facilities, Screening, sign control, environmental control and other requirements and amenities. The character of the Development should be appropriate to the neighborhood and conditions and safeguards should be provided to ensure that the development will minimize any diminution, if any, in value of surrounding property. Two types of CUP regulations are set out in this section: nonresidential and residential. Additionally, a unified Nonresidential and Residential CUP can be developed so long as it adheres to the CUP requirements of Secs. III-C.2.b and III-C.2.c.
 - b. **Nonresidential CUPs.** The following nonresidential CUP regulations shall apply to development or construction on Sites with a Contiguous area of six acres or more that are held under unified control at the time of initial approval and that are now or hereafter zoned either LC or GC, or a combination thereof. If a nonresidential project is zoned LC or GC in combination with a P-O, Protective Overlay District, compliance with the nonresidential CUP regulations of this section shall not be mandatory. At the property Owner's discretion, the nonresidential CUP regulations may also be applied to Sites that are less than six acres in size that are under unified control at the time of initial approval and that are now or hereafter zoned either LC or GC, and on lands of any size that are now or hereafter zoned either NO, GO, NR, CBD, OW, IP, LI, GI or U or a combination thereof.
- (1) **Permitted Uses and Structures.** The following Uses and Structures may be allowed as part of a nonresidential CUP:
 - (a) all Permitted and Conditional Uses in the zoning classification in which the Development is proposed, subject to all applicable site development regulations such as, but not limited to, Supplementary Use Regulations and Special District Regulations.

- (b) Signs, provided that no portable Signs shall be permitted. Off-site Signs in any CUP approved prior to the effective date of this amendment may be permitted only after an amendment has been reviewed by the MAPC and approved by the appropriate Governing Body. Off-site signage located within any CUP shall be installed within five years of the approval by the Governing Body. No permit authorizing the installation of off-site signage located within a CUP shall be issued after the end of the five years unless a new request has been reviewed by the Metropolitan Area Planning Commission and approved by the Governing Body.
- (c) Uses and Structures that are customarily accessory and clearly incidental and subordinate to permitted Principal Uses and Structures and that do not involve operations or Structures that are incompatible with the District; and
- (d) in cases where a nonresidential CUP Development proposes a mixture of nonresidential and residential Uses, the CUP Development plan shall indicate the proposed location and general types of such Uses and the method of Screening, Landscaping and buffering.

(2) Development standards.

- (a) **Minimum Setback requirements.** The grouping of Buildings and Parking Areas shall be designed to protect residential areas, and Screening from noise and light shall be provided. All projects subject to the CUP standards shall comply with the following minimum standards.
 - 1) All Main Buildings or Structures shall set back at least 35 feet from all Street Right-of-Way Lines or Alleys.
 - 2) Where the proposed Development Abuts a residential District, all Buildings shall be set back at least 35 feet from such District line.
 - 3) There shall be a rear Yard, Alley, service drive or combination thereof with a depth of at least 30 feet.
- (b) **Maximum Lot coverage.** Buildings shall not cover more than 30 percent of the land upon which the Development is proposed.
- (c) **Height regulations.** The height standards of the underlying zoning District shall control unless reduced heights are specified as part of the CUP Development provisions.
- (d) **Screening.** A Solid Screening Wall with a height of between six and eight feet shall be required to prevent the passage of debris and light and to mitigate adverse visual impacts. The wall shall be constructed of brick, stone, masonry, architectural tile or other similar material (not including wood or woven wire). Screening walls shall be installed in accordance with the following standards:

- 1) A Screening Wall shall be required along the property line when a residential district is Contiguous to the proposed Development. The wall shall be reduced to three feet in height for that portion that lies between the Side or Front Setback Lines of the Contiguous residential property and the property line Abutting any public street, unless the reduction in height is determined by the Governing Body to be inappropriate (See *Figure 4-1*);

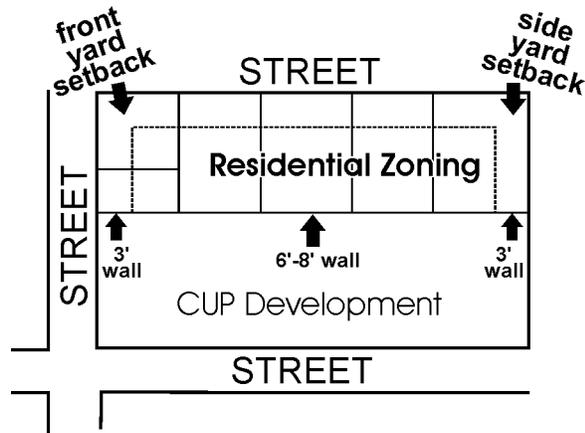

Figure 4-1

- 2) Along the property line when Adjacent to a residential District and separated by a public way, Street or Alley if the storage area, service area or rear of the Building face directly such residential District;
- 3) When a part of the property on which there is a proposed commercial or industrial Development includes the NO, NR or GO District as a buffer between Adjacent residential Districts and the commercial or industrial Development, then the wall shall be constructed at the boundary between the buffer and said residential District (See *Figure 4-2*).

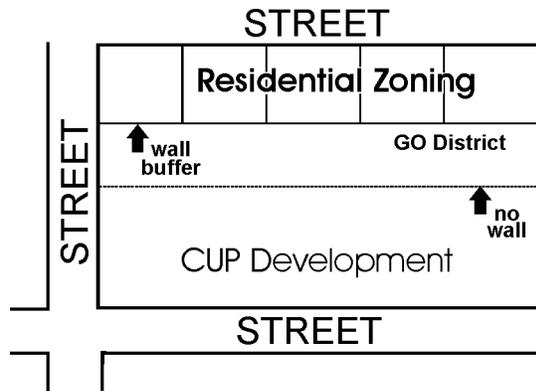

Figure 4-2

- c. Residential CUPs.** The Owner or Owners of any tract of land permitting residential Uses may submit to the Planning Director a plan for the use and development of all such tracts of land for residential purposes. Such Development plan shall be referred to the Planning Commission for public hearing. The Planning Commission may approve, approve with conditions or modifications, or disapprove the Development plan. If the Development plan is approved, such Development may occur even though the Use of the land and the use and location of the Structures, including the Yards and Open Spaces required by this Code, do not conform in all respects to the regulations contained in other sections of this Code. However, the Development shall conform with the following conditions.
- (1) The land within the residential CUP shall be used only for residential purpose, for nonresidential uses permitted in the SF-5 District, and customary accessory uses, such as passenger vehicle Parking Areas, Garages, recreation and common areas.
 - (2) The average Lot Area per Family contained in the Site, exclusive of the area occupied by Streets, shall be not less than the Lot Area per Family required for the District in which the residential CUP is located.
- d. Waivers.** When otherwise considering a CUP, the Planning Commission or Governing Body may modify or waive the Setback, including compatibility Setback, Lot coverage, Building Height, Parking and/or Screening requirements in this section and elsewhere in this Code as part of the approval or amendment of a CUP, where the objectives of the *Comprehensive Plan* and good planning practices are furthered, provided that the Planning Commission or Governing Body must set forth the specific reasons for such modification and an explanation of how such modification or waiver meets the criteria and purpose of this section.

3. U University District (“U”)

- a. Purpose.** The U University District is intended to accommodate the development of Universities, Colleges, seminaries, or other institutions of higher learning. The district is designed to serve as a base District or as an Overlay District. As a base District or an Overlay District, the U District shall be applied to the campus Owned or leased by the educational institution, its subsidiaries or affiliates. It may also be applied on Adjacent residential zoned properties as an Overlay District when the Planning Commission and the Governing Body have determined that the Adjacent area is a logical and desirable location for:
- (1) expansion of the University, College, seminary or other institution of learning;
 - (2) fraternities, sororities, dormitories, student housing and related Uses;
 - (3) offices, meeting rooms, laboratories and other facilities for educational, fraternal, professional, religious and research organizations and institutions with a demonstrated relationship to the University or College; and
 - (4) Libraries, art galleries, museums, athletic facilities, public health facilities and other nonprofit cultural facilities that would provide a public benefit by such locations.

The U District corresponds generally to the "Major Institutional" land Use designation of the Wichita-Sedgwick County *Comprehensive Plan*.

- b. Base District permitted Uses.** When the U District is applied as a base district, the following uses shall be permitted by-right:

Universities, colleges, seminaries and other institutions of learning, including their buildings owned or leased for administrative and faculty offices, classrooms, laboratories, chapels, Auditoriums or Stadiums, lecture halls, Libraries, Hospitals, Government Services, Safety Services, student, faculty and alumni centers, athletic facilities and dormitories, Group Home, Group Residences, Day Care general and student and faculty housing; provided, however, the above facilities are located on campus. Permitted outside activities shall include marching, drill, band, athletics, campus celebrations and displays, graduations, scientific research, music and drama presentations, off-street Parking, open air classroom instruction and similar functions. Excluded are those primary Uses that are conducted outside a Structure or have major Outdoor Storage of materials used in the instructional process, including the teaching of repair, maintenance or driving of heavy equipment or trucks; the teaching of body or fender work; metal forming or such other trade that involves basically physical or manual skills; flying instruction; weapon instruction; fire fighting instruction and other similar uses.

- c. Overlay District on campus permitted Uses.** When the U District is applied as an Overlay District on campus, the Uses permitted by-right shall be the Base District permitted Uses and Multi-Family, Assisted Living, Bank or Financial Institution, Broadcast/Recording Studio, Hotel or Motel, Medical Service, Office, General, Personal Care Service, Personal Improvement Service, Printing and Publishing, General, Restaurant, Retail, General, Manufacturing, Limited, subject to Sec. III-D.6.n., Research Services, Agricultural Research, commercial experiential learning facilities and other similar uses.

- d. Overlay District on Adjacent residential zoned properties permitted Uses.** When the U District is applied as an Overlay District on Adjacent residential zoned properties, the Uses allowed by-right within the Underlying residential District shall constitute the Permitted Uses by-right.

- e. Overlay District on Adjacent residential zoned properties Conditional Uses.** When the U District is applied as an Overlay District on Adjacent residential zoned properties, the Uses allowed as Conditional Uses within the Underlying residential District shall be Conditional Uses within the U Overlay. The following Uses shall also be Conditional Uses within the U Overlay district:

- (1) fraternities and sororities, dormitories, student housing and related Uses;
- (2) Libraries, art galleries, museums, athletic facilities, public health facilities and other nonprofit cultural groups;
- (3) offices, meeting rooms, laboratories and other facilities for educational, fraternal, professional, religious and research organizations and institutions having a demonstrated relationship to the university or college;
- (4) Parking Areas or lots for Passenger Vehicles accessory to Uses permitted in the U District;

- (5) Accessory Structures and Uses when such are located on the same Lot and are traditionally and customarily incidental to any of the Permitted Uses in this zoning District.

f. Property development standards. Each site in the U District shall be subject to the following minimum property development standards.

- (1) **Minimum Lot size.** The minimum Lot size in the U District shall vary depending on whether the District is applied as a base District or as an Overlay District, as follows.

- (a) **Base District and Overlay District on campus:** no minimum

- (b) **Overlay District on Adjacent residential zoned properties:** standard of Underlying base District controls.

- (2) **Minimum Lot width.** The minimum Lot width in the U District shall vary depending on whether the District is applied as a base District or as an Overlay District, as follows.

- (a) **Base District and Overlay District on campus:** no minimum

- (b) **Overlay District on Adjacent residential zoned properties:** standard of Underlying base District controls

- (3) **Minimum Front Setback.** The minimum Front Setback in the U District shall vary depending on whether the District is applied as a base District or as an Overlay District, as follows.

- (a) **Base District and Overlay District on campus:** 20 feet if frontage on public Street

- (b) **Overlay District on Adjacent residential zoned properties:** standard of Underlying base District controls

- (4) **Minimum Rear Setback.** The minimum Rear Setback in the U District shall vary depending on whether the district is applied as a base District or as an Overlay District, as follows.

- (a) **Base District and Overlay District on campus:** 20 feet if Setback is taken from public Street or residentially zoned Lot

- (b) **Overlay District on Adjacent residential zoned properties:** standard of Underlying base District controls

- (5) **Minimum Interior Side Setback.** The minimum Interior Side Setback in the U District shall vary depending on whether the District is applied as a base District or as an Overlay District, as follows.

- (a) **Base District and Overlay District on campus:** 20 feet if Setback is taken from residentially zoned Lot

- (b) **Overlay District on Adjacent residential zoned properties:** standard of Underlying base District controls

- (6) **Minimum Street Side Setback.** The minimum Street Side Setback in the U District shall vary depending on whether the District is applied as a base District or as an Overlay District, as follows.

(a) Base District and Overlay District on campus: 20 feet if Setback is taken from public Street

(b) Overlay District on Adjacent residential zoned properties: standard of Underlying base District controls

(7) Maximum Height. The maximum height limit in the U District shall vary depending on whether the District is applied as a base District or as an Overlay District, as follows.

(a) Base District and Overlay District on campus: no maximum

(b) Overlay District on Adjacent residential zoned properties: standard of Underlying base District controls

(8) Maximum Floor Area Ratio

(a) Base District and Overlay District on campus: 0.50

(b) Overlay District on Adjacent residential zoned properties: Standard of Underlying base District controls

g. Special regulations. The following special regulations shall apply to property in the U District.

(1) Base District or Overlay District. The U District may be applied and mapped as a separate base zoning District or as an Overlay District in combination with any one of the residential Districts. The U Overlay District shall not be combined with an office, commercial, or industrial base District.

4. OT-O Old Town Overlay District (“OT-O”)

a. Purpose. The OT-O Old Town Overlay District is intended to recognize the special location, architectural character and proposed land-use mix of the Old Town area within the City of Wichita by allowing appropriate deviations from the standards of the Underlying base District. The design review provisions applicable within the OT-O are intended to preserve the area's special historic and architectural character and to protect private property values and public investments in and near the Old Town area by ensuring that the exterior alterations to buildings and grounds are undertaken with sensitivity to the area's special character. The OT-O district is an Overlay District; property within the district shall comply with the Overlay District regulations of this section and the standards of the Underlying District. In the case of conflict between the regulations in this section and those of the Underlying zoning District, the regulations in this section shall prevail.

Two special Subdistricts of the OT-O district are recognized. Both of these Subdistricts are special in that they have unique differences from the remaining OT-O district; however, both of the Subdistricts are consistent with the above stated purpose and intent of the OT-O. The first is the Theater Subdistrict (“OT-O/TH”); this Subdistrict is generally located between 2nd Street North and 3rd Street North, and between Rock Island Avenue and the BNSF Railroad tracks.

Some design standards of the OT- O/TH Subdistrict differ from those of the remaining OT-O, recognizing that all the buildings are new construction and that a multi-screen cinema is the anchor of a planned, high-energy, entertainment area.

The second special Subdistrict is the Northeast End Subdistrict (OT-O/NE), generally located north of 2nd Street North and east of Rock Island Avenue. The Parking requirements for this Subdistrict differ from the remaining larger OT-O, recognizing more limited Parking circumstances. Buildings in this Subdistrict cover most of the Lot area, with little land available for Parking and no plans to develop public Parking. Therefore it is appropriate to relax some Parking standards in order to encourage redevelopment while preserving the existing Buildings.

- b. Use regulations.** The Use regulations of the Underlying zoning District shall control within the OT-O district, provided however, that all Uses allowed as Permitted and Conditional Uses within the residential zoning Districts shall also be allowed as Permitted or Conditional Uses, respectively, in the OT-O district; except that Tattooing and Body Piercing facilities and any Sexually Oriented Business in the City shall not be allowed as a Permitted or a Conditional Use.
- c. Special parking regulations.** The following special Parking regulations shall apply within the OT-O District.
 - (1) Residential.** Parking for residential dwellings shall be provided at a minimum ratio of one Parking Space per Dwelling Unit.
 - (2) Taverns and Drinking Establishments, Nightclubs (when permitted) and Restaurants.**
 - (a)** Restaurants shall provide off-street Parking at a minimum ratio of one Parking Space for every four occupants permitted.
 - (b)** Taverns and Drinking Establishments, Nightclubs (when not qualifying as an “Adult Entertainment Establishment” of the Code of the City of Wichita) shall provide off-street Parking at a minimum ratio of one Parking Space for every three occupants permitted.
 - (3) Retail and office.** Parking for retail and office Uses shall be provided at a minimum ratio of one Parking Space per 300 square feet of Floor Area.
 - (4) Theaters.** Parking for theaters shall be provided at a minimum ratio of one Parking Space for every four seats.
 - (5) Public assembly.** Public assembly uses, except those that have parking requirements specified elsewhere in this regulation, shall provide the following minimum amounts of off-street Parking:
 - (a)** concentrated use assembly areas (e.g., auction rooms, Auditoriums, lodge rooms, reviewing stands, etc. that typically do not have fixed

seats, but if chairs are provided they are not accompanied by a table) - one Parking Space per 28 square feet of Floor Area used for public assembly;

(b) less concentrated use assembly areas that may have fixed seats and tables (e.g., bingo parlors, conference rooms, exhibit rooms, museums, galleries, etc.) - one Parking Space per 60 square feet of Floor Area used for public assembly.

(6) **Parking districts.** When additional off-street Parking is required to be provided for a new Building or an addition or a change of Use to all or a portion of a Building, the requirements shall be waived if the property for which the Parking is required is located within the boundaries of a parking district established by the Governing Body and if the property owner meets other requirements as established by resolution of the Governing Body.

(7) **Northeast End Subdistrict.** Special Parking standards for the Northeast End Subdistrict are as follows:

(a) The requirements for a shared parking plan written agreement and provision for revocation of occupancy permit (Secs. IV-A.9.c and IV-A.9.d) shall be waived for Parking Spaces shared or leased to meet the off-street Parking requirements for a use if: such parking is available to the general public; is paved, dimensioned, and marked in accordance with the requirements of this Code and the City Engineer; is not needed to meet off-street parking requirements for other uses at the same time; and the lease is current and placed on file with the Office of Central Inspection.

(b) Off-street Parking shall be allowed on Parking Areas east of Washington Street in compliance with off-site Parking requirements except for separation by an arterial Street (Sec. IV-A.10.b).

d. Design review standards and procedures.

(1) Review procedures.

(a) **Applicability.** Except as provided in Secs. III-C.4.d(3) and III-C.4.d(4), no alterations to Building exteriors, including painting, nor alterations to fences, grounds or temporary on-site Signs may be made, and no permits involving alterations to building exteriors, or permits for Signs, sidewalks, driveways or demolition shall be issued by the Office of Central Inspection for any Structure or Site located wholly or partially within the OT-O district until an application for such permit has been reviewed for compliance with the design standards of this section and approved by the Planning Director, with the concurrence of the Zoning Administrator.

(b) **Application.** An application for a permit with the OT-O district shall be submitted in a form required by the Planning Director. A complete

application should include, as necessary, to-scale drawings, elevations, sections, relevant plans of Site and/or immediate environs if appropriate, and shall indicate materials and colors to be used, as well as any other information the Planning Director deems necessary to conduct an adequate review of the application.

- (c) **Action.** After reviewing the completed application, the Planning Director with the concurrence of the Zoning Administrator shall approve, approve with conditions or modifications, or deny the request, in accordance with the design standards of this section. Any property Owner in the OT-O may appeal the decision of the Planning Director to the Board of Zoning Appeals.
- (d) **Time limit on action.** If within ten days from the date of receipt of a complete application by the Planning Director, no action has been taken on the application, the Office of Central Inspection may issue the necessary permits and the project may proceed. This time limit may be waived by mutual consent of the applicant and staff. It shall not apply if Historic Preservation Board review is required pursuant to Sec. III-C.4.d(1)(e).
- (e) **Historic Preservation Board review.** Projects involving Lots 2-18 of the 700 Block of East Douglas, East Wichita Addition, being included in the East Douglas Historic District (H 85-1) and projects in the “environs” (as defined by state law) of a Building on the State or National Register, shall be reviewed by the Historic Preservation Board in accordance with these standards.

(2) Design standards.

(a) General.

- 1) Alterations should be respectful of the character of one of Wichita's earliest commercial and warehousing districts whose architectural type and elements represent a style unique to the past. The OT-O District encompasses that section of Wichita that historically was its jobbing, wholesale and warehouse district, laid out on a gridiron street pattern. Red brick warehouse and commercial structures predominate, exemplifying the industrial and Italianate commercial architectural styles of the early Twentieth Century. Warehouse Structures are trimmed in limestone, with mullioned windows, and commercial Buildings have large, plate-glass windows. Roofs are generally flat and tarred, although some are trimmed with red or green clay tiles. Doors are of wood or metal, and are found both at grade and at loading-dock height. The Buildings are no more than four and one-half stories in Building Height, and have uniform Setbacks.
- 2) The Building Height of all new Buildings and Building additions should be limited to the shorter of four and one-half stories or 50 feet.

- 3) For each Structure, the roofing materials visible from the street should be matching clay or synthetic tiles similar to clay in size, color and appearance, or of sheet metal, standing-seam or metal shingle construction; the exterior of the wall of each building should be finished in red or brown brick and trim of wood, metal, terra cotta or other glazed tile, glass block, limestone or grey concrete.
- 4) Mirrored glass windows for Buildings should not be used.
- 5) Metal windows and doors should be anodized or properly primed and enameled.
- 6) Awnings or canopies should be made of metal or of cloth material.
- 7) Walkway coverings should be of sheet metal, metal shingles or of standing-seam construction, or of canvas or cloth.
- 8) Colors used in painting building exteriors should favor earth tones.
- 9) Iron railings should be of utilitarian styling as represented in the District.
- 10) Permanent fences should avoid wire materials whenever possible.

(b) Standards for rehabilitation/remodeling.

- 1) Facades should be retained.
- 2) Existing windows and openings should be retained.
- 3) Tile roofs and/or trim should be retained.
- 4) Architectural features, such as enriched cornice window heads, enriched trim, cast-iron elements, should be retained.
- 5) Additions to Buildings should be compatible in appearance by coordinating style, materials, scale and detail with the original Buildings in the District.
- 6) All remodeling or rehabilitation of exteriors should ensure the visual integrity of the building, and be compatible with the overall architectural character of the District.
- 7) Facades that have been hidden since original construction should be restored in conjunction with any facade rehabilitation work.
- 8) Accessory Buildings should generally be compatible with the other structures on the Street and be subject to these guidelines.
- 9) Routine maintenance, repairs or replacements of elements on por-

tions of existing facades shall not require an applicant to bring the entire facade into compliance with these standards.

- 10) Repainting of surfaces with colors that duplicate the existing colors shall be permitted.
- 11) Existing doors and windows may be replaced with new products of design and/or materials similar to those which existed at the time of passage of this Code.

(c) Standards for new construction.

- 1) All Building designs should be compatible with the major elements of the historical architecture within the District. Red brick Buildings with limestone or grey concrete trim are encouraged.
- 2) All Buildings should be set back from the Street uniformly to present a continuous facade line along the Street, except that minor recesses or projections for entries, arcades and similar elements may be acceptable.
- 3) Off-street Parking should be screened along Street frontages with Landscaping and/or low brick walls and otherwise be designed in compliance with applicable Landscaping regulations.
- 4) Mechanical or electrical equipment and trash receptacles should be hidden or screened from Street level view.

- (d) Signs.** Signage within the OT-O district shall be subject to the provisions of the Sign Code of City of Wichita, as well as the following requirements.

1) General design standards.

- a) All Signs, including interior and exterior window Signs, must be approved as to design, colors, materials, placement, method of attachment, method of illumination (if applicable).
- b) No illuminated Sign may contain flashing or moving elements or change its brightness, except as otherwise provided in this division; except that within the OT-O/TH Subdistrict, illuminated Signs may contain flashing and moving elements and may change brightness; but such Signs shall not include strobe lights or any lights which could be mistaken for emergency vehicle lighting.
- c) Signs must be illuminated indirectly, except that individual letters may be backlit; and in the OT-O/TH Subdistrict, a theater marquee Sign may be backlit.
- d) The use of plastic on the exterior of a Sign is prohibited; except for individual backlit letters, and in the OT-O/TH Subdistrict, a theater marquee sign may be plastic.

- e) The use of a fluorescent color on a Sign is discouraged.
- f) The use of neon and/or incandescent bulbs is allowed.
- g) No Sign nor part of a Sign may move or rotate, with the exception of a wind device, the motion of which is not restricted; except that within the OT-O/TH Subdistrict, a Sign or part of a Sign may move or rotate.
- h) For buildings with multiple tenants, one Sign for all tenants is encouraged.
- i) Window Signs should be painted or gold-leafed directly on windows.
- j) The repainting of faded or "ghost Signs" on brick exteriors is encouraged.
- k) Whenever possible, painted Signs should be placed in bands within the space above or below windows.
- l) Letter forms should not be overly intricate nor of overtly modern styling. Suitable letter forms include, but are not limited to, the following: Helvetica, Helvetica Medium, Univers 55, Univers 65, Optima, Optima Semi-bold, Melior, Craw Clarendon, American Typewriter Medium.
- m) Logos and symbols may be incorporated into signage, but must otherwise conform to the criteria contained in these guidelines.
- n) Off-site advertising Signs should be directional in nature, and shall be limited to advertising for enterprises within the district.

2) Building Signs.

- a) Building Signs overhanging the public way are permitted, except that no Sign should project more than eight feet from the vertical plane of the Building; except for a theater marquee Sign in the OT-O/TH Subdistrict.
- b) Building Signs should be located so as not to dominate the Building, and so as to emphasize architectural elements; such Signs should not obscure architectural details or cover windows or moldings.
- c) No more than one temporary on-site Sign may be displayed on a premise at any given time.
- d) Window Signs and temporary on-site Signs attached to or

painted on a window may not cover more than 25 percent of the window surface area.

3) Pole and ground Signs.

- a) No pole or ground Sign should have an effective area greater than 32 square feet.
- b) No pole and ground Sign should have a total height greater than 15 feet.
- c) Portable Signs shall be limited to unlit A-frame signs, and shall require a minor street permit if in the Street right-of-way, and shall not obstruct pedestrian traffic nor impede vehicular traffic.
- d) No portable Sign may exceed a height of four feet and a total area of 12 square feet.
- e) No more than one portable sign may be displayed on a premise at any given time.

4) Canopy Signs. All canopy signs shall be subject to the provisions of Chapter 23 (for awnings, canopies and marquees) of the Code of the City of Wichita, as well as the following requirements.

- a) No canopy Sign should be lower than eight feet above walking grade.
- b) No canopy sign should project vertically above the surface of the canopy or awning.

(3) Exceptions and modifications.

- (a) Alterations that are not visible from public Streets or Alleys shall be exempt from the OT-O District design standards and review procedures.
- (b) The design standards in this section shall be modified or waived by the Planning Director, with the concurrence of the Superintendent of Central Inspection, to allow for alterations that are required in order to maintain the continued functional viability of existing Uses, or in extraordinary situations of Development characteristics, economic hardship or other circumstances, provided that the purposes and intent of these standards are maintained through such interpretation.

(4) Emergency repairs. The Superintendent of Central Inspection may

waive the standards and review procedures of this section in instances in which emergency repairs are required, provided that subsequent repairs comply with these standards.

- (5) **Conflicts with other Code provisions.** No section of this Code shall be construed to compel alterations that will conflict with any health or safety codes, or prohibit any alterations that are required to bring Buildings into compliance with the Building Code.

5. A-O Airport Overlay District (“A-O”)

a. Purpose. The intent and purpose of the A-O Airport Overlay District regulations is to specify land Use controls in addition to those in Underlying zoning District that will ensure a compatible relationship between air force base operations and other land Uses in the vicinity. The A-O District standards will protect both the public and the Airport by reducing to a minimum, land Uses that concentrate large numbers of persons underneath runway takeoff and approach paths, where aircraft accidents are most likely to occur and noise levels are inappropriate for urban-density residential and high intensity nonresidential uses. The area protected falls into both hazard zones and accidental potential zones. In the event of conflict between the A-O standards of this section and any other regulation applicable to the same property, the more restrictive regulation or standard shall govern and prevail.

b. A-O Districts established. The following A-O Districts are hereby established:

<u>MAP CODE</u>	<u>DISTRICT NAME</u>
A-O I-N	Airport Overlay I-North
A-O II-N	Airport Overlay II-North
A-O III-N	Airport Overlay III-North
A-O I-S	Airport Overlay I-South
A-O II-S	Airport Overlay II-South
A-O III-S	Airport Overlay III-South

c. A-O District boundaries. For purposes of establishing the A-O Districts, the following measurements shall be used.

(1) **A-O I-N.** The width of Airport Overlay I-North (“A-O I-N”) beginning at the ends of the McConnell AFB parallel runways, 19R and 19L, is 3,800 feet. A-O I-N comprises an overlap of two 3,000-foot widths centered upon each of the two parallel run ways' centerlines that are separated by 800 feet on centerline. The length of this District extends northeast from the ends of the parallel runways 3,750 feet. A-O I-N contains three Subdistricts as described in Secs. III-C.4.g.(1)(a) and III-C.4.g.(1)(b). It is intended that all Buildings in existence in A-O I-N at the time of the adoption of this resolution are in the West Subdistrict.

(2) **A-O II-N.** Airport Overlay II-North (“A-O II-N”): extends northeast from A-O I-N 4,250 feet in length, and 3,800 feet in width.

- (3) **A-O III-N.** Airport Overlay III-North (“A-O III-N”) extends northeast from A-O II-N 6,000 feet in length, 3,800 feet in width.
- (4) **A-O I-S.** The width of airport overly I-south (“A-O I-S”) beginning at the ends of the McConnell AFB parallel runways, O1R and O1L, is 3,800 feet. A-O I-S comprises an overlap of two 3,000-foot widths centered upon each of the two parallel runways' centerlines which are separated by 800 feet on centerline. The length of this District extends southwest from the ends of the parallel runways 3,000 feet. A-O I-S contains three Subdistricts as described in Secs. III-C.4.g.(1)(a) and III-C.4.g.(1)(b).
- (5) **A-O II-S.** Airport overlay II-South (“A-O II-S”): extends southwest from A-O I-S 5,000 feet in length, and 3,800 feet in width.
- (6) **A-O III-S.** Airport overlay III-South (“A-O III-S”) extends southwest from A-O II-S, 7,000 feet in length, 3,800 feet in width.
- d. Official Map.** The location and boundaries of Airport Overlay Districts northeast and southwest of McConnell Air Force Base shall be shown on the Official Map. In the event of conflicts between the Official Map and these measurements, boundaries established by the map shall control. All notations, dimensions, and designations depicted on the map shall be a part of these regulations. Any changes in the District due to changes in aircraft path patterns and operations will be noted on this map as regulations are amended as provided by law. A copy of the map will be on file at the Metropolitan Area Planning Department.
- e. Interpretation of District boundaries.** Where property is unplatted or undeveloped, only such portions of that land actually within the boundary lines of any A-O District shall be considered included therein. Whenever the boundary line of any A-O District divides a platted Lot or a Building, that entire Lot or Building is deemed to be within the Overlay District. If a platted Lot or Building is located within two Overlay Districts, that entire Lot or Building is deemed to be within the more restrictive District.
- f. General regulations.** The following regulations apply to all A-O districts.

 - (1) All regulations of the Underlying zoning District will apply except where specifically modified by this regulation.
 - (2) No Lot or tract devoted to retail/wholesale trade, Vehicle Repair, Construction Sales and Service, Manufacturing, Personal Care/Improvement Services, General Office or Medical Office Uses shall exceed 0.20 FAR.
 - (3) No land area used in a Building permit that has maximized the FAR allowed may be used in another Building permit.
 - (4) All Uses legally established on a parcel or tract prior to August 31, 2007, which do not otherwise meet the special requirements of these Overlay Districts, shall be considered Permitted Uses under this regulation subject to the following requirements:

- (a)** The reconstruction, relocation, or conversion of any Use or Building must be for the same Use, a Use of lesser intensity (as determined by maximum occupancies permitted in the Building Code), or any Use currently permitted by these Overlay Districts and the Underlying zoning District of the parcel or tract. This includes repairing or reconstruction in instances where a Building is damaged or destroyed by fire, wind, tornado, flood, or other natural disaster.
- (b)** In any event when a Building or Structure is to be replaced, substantially altered, repaired or rebuilt, a Building permit must be secured.
- (c)** The relocation of any Use or Building within the Districts must be to a location on the same Lot or tract or on an Adjacent Lot or tract that is under the same ownership, and shall not be to a more restrictive District or Subdistrict. In the event a Use or Building is relocated, the Use of the vacated Building, Lot or tract shall no longer be considered a Permitted Use under Sec. III-C.5.f.(4).
- (d)** Except as provided by Sec III.C.5.f.(4)(e), any Use or Building may be expanded so long as the total expansion of the Use or Building:

 - 1)** does not exceed 25 percent of the Use or Building at the time of adoption of these regulations;
 - 2)** does not violate the height limitations established in the Airport Hazard Zoning Code;
 - 3)** is intended as an Accessory Use for storage, warehousing, or other similar low occupancy Use; and,
 - 4)** does not result in an expansion into a more restrictive District or Subdistrict.

For purposes of this Sec. III-C.5.f.(4)(d) increases in Floor Areas within an existing Building or expansion outside the boundaries of these Districts shall not be considered an expansion.
- (e)** Existing Dwelling Units may be expanded without any Floor Area limitation in accordance with the Underlying zoning District.
- (f)** The designation of any prior Nonconforming Use shall not be affected by this Sec. III-C.5.f.(4).
- (5)** Administrative offices, engineering offices, computer operations, and similar uses which are accessory to a main Use of an industrial or manufacturing nature and are on the same Lot or tract or one Adjacent to the Lot or tract containing the main Use shall be considered as part of the industrial or manufacturing Use.

g. Permitted Uses.

(1) A-O I-N and A-O I-S.

(a) Central Subdistrict. The following Uses shall be permitted by-right in that portion of A-O I-N and A-O I-S designated as the Central Subdistrict, which extends from 350 feet west of the extended centerline of the west AFB runway to 350 feet east of the extended centerline of the east AFB runway:

- 1) Agriculture, excluding livestock farming/animal breeding, agricultural structures, and retail or wholesale sales permitted by Sec. III.D.6.b.
- 2) Surface Parking lots, outside storage areas, airplane runways and taxiways that are accessory to Adjacent Uses.

(b) East and West Subdistricts. The following uses shall be permitted in the remaining portions of A-O I-N and A-O I-S, Subdistricts East and West:

- 1) Agriculture, excluding livestock farming/animal breeding, agricultural structures, and retail or wholesale sales permitted by Sec. III.D.6.b.
- 2) Surface Parking lots, outside storage areas, airplane runways and taxiways that are accessory to Adjacent Uses.
- 3) All other Uses legally established prior to August 31, 2007, subject to the limitations set forth in Sec. III-C.5.f.

(2) A-O II-N and A-O II-S. All Uses allowed within the Underlying base District shall be similarly allowed in the A-O II-N and A-O II-S Districts, except for the following list of prohibited Uses:

- (a)** Residential Uses
- (b)** Hotel or Motel or Recreational Vehicle Campground
- (c)** Restaurant, Taverns and Drinking Establishment, Sexually Oriented Business and Nightclub
- (d)** Retail food stores with gross Floor Area exceeding 3,000 square feet
- (e)** Hospital, Nursing Facility or Funeral Home
- (f)** Day Care Center, Correctional Placement Residence and Day Reporting Center
- (g)** University or College, Elementary, Middle, and High School, Vocational School, Government service, Library, museum
- (h)** Church or Place of Worship and related facilities
- (i)** Correctional facility

- (j) All Indoor/Outdoor Recreation and Entertainment, Auditorium or Stadium, Parks and Recreation, or Community Assembly uses that would attract more than 25 spectators and/or participants per acre at any one time
 - (k) Mobile Food Unit in the City
- (3) **A-O III-N and A-O III-S.** All Uses allowed within the Underlying base District shall be similarly allowed in the A-O III-N and A-O III-S Districts, except for the following list of prohibited Uses:
- (a) Residential Uses with less than 40,000 square feet of Lot area per Dwelling Unit
 - (b) Hotel or Motel or Recreational Vehicle Campground
 - (c) Restaurant, Tavern and Drinking Establishments, Sexually Oriented Businesses and Nightclubs
 - (d) Retail food stores with gross floor area exceeding 3,000 square feet
 - (e) Hospital, Nursing Facility or Funeral Home
 - (f) Day Care Center, Correctional Placement Residence, Day Reporting Centers
 - (g) University or College, Elementary, Middle, and High School, Vocational School, Government Service, Library, museum
 - (h) Church or Place of Worship and related facilities
 - (i) Correctional Facility
 - (j) All Indoor/Outdoor Recreation and Entertainment, Auditorium or Stadium, Parks and Recreation, or Community Assembly Uses that would attract more than 25 spectators and/or participants per acre at any one time
 - (k) Mobile Food Unit in the City

6. P-O Protective Overlay District (“P-O”)

a. Purpose. The P-O Protective Overlay District, may be applied in combination with any base zoning District. By tailoring Use or property Development standards to individual projects or specific properties, the P-O District is intended to:

- (1) ensure compatibility among incompatible or potentially incompatible land uses;
- (2) ease the transition from one zoning district to another;

- (3) address sites or land uses with special requirements; and
 - (4) guide development in unusual situations or unique circumstances.
- b. Use and property development standards.** The P-O District, can be used to modify and restrict the use and property development standards of an Underlying base zoning District. All requirements of a P-O District are in addition to and supplement all other applicable standards and requirements of this Code. Restrictions and conditions imposed by a P-O District shall be limited to the following.
- (1) prohibiting otherwise permitted or Conditional Uses and Accessory Uses; or making an otherwise permitted Use a Conditional Use;
 - (2) decreasing the number or average density of Dwelling Units that may be constructed on the Site;
 - (3) increasing minimum Lot Area or Lot Width;
 - (4) increasing minimum Setback requirements;
 - (5) restrictions on access to Abutting properties and nearby roads, including specific design features; and
 - (6) any other specific Development standards required or authorized by this Code.
- c. Method of adoption.** Restrictions imposed through a P-O District are considered part of this zoning Code text and accompanying map. All property included in a P-O District shall be identified on the Official Zoning District Map by adding the letters "P-O" and a number to the base zoning District symbol. The number shall be assigned when the application is filed and numbers shall run consecutively beginning with number 1. The ordinance or resolution zoning or rezoning property to the P-O District shall specifically state the modifications imposed pursuant to Sec. III-C.6.b. The restrictions imposed shall be considered part of the text of this Code, and a violation of the restrictions shall be a violation of this Code. The restrictions shall continue in full force and effect until modified in accordance with the amendment or adjustment procedures of Secs. V-C.13 and V-C.14.
- d. Effect of P-O designation.** When the P-O zoning designation is applied in combination with a base zoning District it shall always be considered to result in a more restrictive designation than if the base district did not have the P-O classification. In the event that the P-O designation was not originally requested as part of the rezoning application, but instead is added during the staff review or public hearing process, renotification and re-advertisement of the requested zoning change shall not be required.

7. H-O Historic Landmark Overlay District (“H-O”)

- a. Purpose.** The H-O Historic Landmark Overlay District is intended to provide a means of designating on the Official Zoning District Map those properties determined by the Governing Body to be historic landmarks or historic landmark Districts.
- b. Applicability.** The provisions of this section shall apply only within the City of Wichita.
- c. Determination of eligibility.** A determination of eligibility for designation as a historic landmark or historic landmark District shall be based on the conclusions and findings of fact of the Historic Landmark Preservation Committee and upon the recommendations of the Planning Commission following a public hearing. Upon recommendation of the Historic Landmark Preservation Committee, an application may be initiated for the designation of a historic landmark or historic landmark district on legally described property or properties that have been incorporated into the historic preservation plan of the City of Wichita.
- d. Application contents.** The applicant shall provide the names of the owner of record, together with an accurate legal description of the property proposed to be designated. The applicant shall also identify the specific criteria set out in Sections 2.2.1019 and 2.12.1020(2) of the City of Wichita Code, under which the described property is proposed to be designated as a historic landmark or District. The application shall be accompanied by the required filing fee.
- e. Notice.** Upon receipt of the complete application and fee, the Planning Director shall give notice of the application and of the upcoming hearing on the application by the Planning Commission. The notice shall be sent by certified mail to the owner of record of the property directly involved and shall be published once in a newspaper of general circulation at least 20 days prior to the hearing date.
- f. Planning Commission hearing and action.** At the conclusion of the public hearing, the Planning Commission shall forward its recommendation for approval or disapproval of historic designation to the Governing Body. In the event that the Governing Body takes action to approve the historic designation of the property involved, the Planning Director, on the basis of the public meeting record, shall set out on the Official Zoning District Map a designation corresponding to the case number and a delineation of the property involved.
- g. Effect of historic landmark status.** The establishment of the historic landmark designation shall in no way alter the Uses allowed by the zoning classification of the property.
- h. Effect of demolition or removal.** In the event a permit is issued, pursuant to Section 2.12.1024 of the City of Wichita Code, for the demolition or removal of a designated historic landmark structure not located within a landmark

District, the Zoning Administrator shall instruct the Planning Director to remove the designation from the Official Zoning District Map, provided that, upon removal of a structure within a historic landmark District, the land shall retain its classification as a designated historic landmark District.

8. D-O Delano Neighborhood Overlay District (“D-O”)

a. General parameters.

(1) **Purpose.** The D-O Delano Neighborhood Overlay District (“D-O”) is intended to preserve, enhance, and promote the character of the Delano neighborhood as prescribed in the Delano Neighborhood Revitalization Plan. The D-O District is an Overlay District; property Development within the District shall comply with the Delano Neighborhood Design Guidelines and the standards of this District and the Underlying zoning District. The design review provisions applicable within the D-O District are intended to recognize the special architectural character and proposed land-use mix of the Delano neighborhood, and to protect the private property values and public investments in the Delano Neighborhood. In the case of conflict between the regulations in this section and those of the Underlying zoning District, the regulations in this section shall prevail.

(2) **Boundaries of the Delano Neighborhood Overlay District.** The Delano Neighborhood Overlay District applies to all property within the following geographic boundaries:

West Boundary - Meridian Street from Central Avenue south to Kellogg
North Boundary - Central Avenue east to the Arkansas River and following the Arkansas River to Kellogg
East Boundary - the Arkansas River
South Boundary - Kellogg from the Arkansas River west to Meridian Street
See attached map “Delano Overlay”;

but exempting from the D-O District, those properties falling within that portion of the Urban Village Redevelopment Area as depicted on Page 26, Figure 15 of the Delano Neighborhood Revitalization Plan and located east of Seneca Street, south and west of McLean Boulevard, and north of Douglas Avenue (except any properties directly fronting on Douglas Avenue or Seneca Street). The Urban Village redevelopment area has been excluded from these guidelines on the basis that the City of Wichita will be a partner in any major redevelopment initiatives. While flexibility will be key to encouraging redevelopment initiatives, the City itself should play an important role in finalizing any land use mix and design approach proposed. The City has the ability to ensure that redevelopment in the Urban Village area is done in a fashion that is compatible with the Delano neighborhood, and reflective of the spirit and intent of the Urban Village design guidelines contained in the Delano Neighborhood Revitalization Plan. The City Council also has the authority to amend the D-O District under the procedures of this Code, as it deems appropriate in the future, to include portions or all of the Urban Village redevelopment area.

b. Use regulations. The Use regulations of this Overlay District shall control over the Underlying zoning District.

(1) Prohibited uses. Subject to Section III-C.8.c(1)(b), the following Uses are explicitly prohibited in the D-O District, regardless if said Uses are stated as permitted or Conditional Uses in the Underlying Districts:

Asphalt or Concrete Plant, Limited and General
Businesses of an adult entertainment nature requiring a license under the Code of the City of Wichita, Chapters 3.05, 3.07, 3.56 and 3.74
Correctional Facility
Correctional Placement Residence, Limited and General
Gas and Fuel, Storage and Sales
Manufactured Home Subdivision
Manufactured Home Park
Mining or Quarrying
Oil and Gas Drilling
Rock Crushing
Sign (off-site)
Solid Waste Incinerator
Vehicle Storage Yard
Wrecking/Salvage Yard

(2) Conditional uses. Subject to Section III-C.8.c(1)(b), the following Uses shall be allowed only as a Conditional Use in the D-O District, regardless if said Uses are stated as permitted Uses in the Underlying Districts:

Car Wash
Convenience Store
Freight Terminal
Manufacturing, General and Limited
Parking Area, Commercial
Restaurant (drive-in/drive-through)
Service Station
Storage, Outdoor
Utility, Major
Vehicle and Equipment Sales (indoor)
Vehicle and Equipment Sales, Outdoor
Vehicle Repair, General
Vehicle Repair, Limited
Warehouse, Self-service Storage
Warehousing
Wholesale or Business Services
Wireless Communication Facility, subject to Sec. III-D.6.g.

(3) Accessory uses. The following Accessory Uses shall be prohibited in the D-O District regardless if said Uses are allowed in the Underlying District:

Portable Storage Containers

c. Design review standards and procedures.

(1) Review procedure

(a) Applicability. Except as provided in Section III-C.8.d, no permits for Building demolition, construction or alterations, Signs, fences Abutting public Streets (not including Alleys), sidewalks, Parking areas and driveways may be issued for any property, Structure or Site located wholly or partially within the D-O District, unless a permit has been reviewed for compliance with this District and the Delano Neighborhood Design Guidelines and approved by the Design Review Committee.

(b) No Nonconformities created by adoption of the D-O District. No Use of a Building, Structure or property that complied with the zoning ordinance or zoning resolution in effect prior to the effective date of the D-O District shall become or be deemed to have become nonconforming due to the adoption of the D-O District. However, all other nonconforming provisions of Article VII shall apply.

(c) Application. An application for a design approval within the D-O District shall be submitted in a form required by the Design Review Committee. A complete application shall include building elevations, a Site plan and list of the types of building materials to be used, along with any other information deemed necessary by the Design Review Committee to conduct an adequate review of the application.

(d) Design Review Committee. The Planning Director, the Zoning Administrator and the Historic Preservation Officer shall constitute a Design Review Committee that shall administer and render decisions on applications that require compliance with the Delano Neighborhood Design Guidelines. The Design Review Committee shall have the authority to approve all applications submitted in accordance and compliance with the Delano Neighborhood Design Guidelines. The Design Advisory Committee shall advise the Design Review Committee on those applications submitted that do not conform to the requirements of the Delano Neighborhood Design Guidelines. In making its decisions, the Design Review Committee shall specify those critical exterior design elements (e.g. roof pitch, architectural style, window rhythm, Porch requirements) and Screening requirements that cannot be changed without reapplying to the Design Review Committee. All other aspects of exterior design changes would be subject to approval by any individual member of the Design Review Committee.

(e) Design Advisory Committee. A Design Advisory Committee shall be appointed by the City Manager that includes representation from the Delano Business Association, the Delano Clergy Association, the Delano Neighborhood Association, the Delano Development Corporation, the Wichita Historic Preservation Board, the District IV Advisory Board, the Metropolitan Area Planning Commission, the Wich-

ita Area Builders Association, the Wichita Independent Business Association, or the successors of such, or any other organization with a substantial interest in the Delano district. The Design Advisory Committee shall advise the Design Review Committee on all decisions pertaining to those applications submitted that do not conform to the requirements of the Delano Neighborhood Design Guidelines.

(f) Action. After reviewing the completed application, the Design Review Committee shall approve, approve with conditions or modifications, or deny the request, in accordance with the design standards of this section. Any person with standing may appeal the written decision of the Design Review Committee to the City Council, by filing a written notice of appeal to the Planning Director within 30 days of the date of the written decision of the Design Review Committee.

(g) Time limit on action. If within 20 days from the date of receipt of a complete application by the Planning Director, no action has been taken on the application, the Office of Central Inspection may issue the necessary permits and the project may proceed. This time limit may be waived by mutual consent of the applicant and staff. It shall not apply if review by the Historic Preservation Board is required.

(2) Design standards. All applications for design review approval within the D-O district area shall comply with the criteria established in the Delano Neighborhood Design Guidelines, and all subsequent amendments to said design guidelines, as established by the Governing Body of the City of Wichita.

d. Exceptions and modifications.

- (1)** Alterations, repairs, improvements or construction that does not require a Building Permit shall be exempt from the D-O District design standards and review procedures. Notwithstanding the aforementioned exemption, Fences Abutting a public Street shall be subject to the D-O District design standards and review procedures, as shall the removal of more than 40% live material in a residential Front or Side Yard Abutting a public Street (Alleys are excluded).
- (2)** Routine maintenance and repairs, including roof re-shingling and building re-siding using natural or synthetic materials with the same appearance, shall be exempt from the D-O District design standards and review procedures.
- (3)** Any Buildings or Structures in lawful existence prior to the effective date of this D-O District that are subsequently damaged or destroyed may be reconstructed or repaired in their prior architectural style and character.
- (4)** In addition to the requirements of Chapter 24.04 of the Code of the City of Wichita, existing non-conforming off-site Signs may be modified or altered on existing Sites if, in the opinion of the Design Review Committee, such modifications or alterations will improve the overall appearance and compatibility of said Signs within the Delano district.
- (5)** The design standards in this section shall be modified or waived by the Design Review Committee to allow for alternatives which are required in

order to maintain the continued functional viability of existing Uses, or in extraordinary situations of development characteristics, economic hardship, or other circumstances, provided that the purposes and intent of these standards are maintained through such interpretation.

- e. **Emergency repairs.** The Superintendent of Central Inspection may waive the standards and review procedures of this section in instances in which emergency repairs are required, provided that subsequent repairs of a non-emergency nature comply with these standards.
- f. **Conflicts with other Code provisions.** No section of this Code shall be construed to compel alterations that will conflict with any health or safety codes, or prohibits any alterations that are required to bring Buildings into compliance with the Building Code.

9. **AFBP-O Air Force Base Protection Overlay District (“AFBP-O”)**

- a. **Purpose.** The AFBP-O Air Force Base Protection Overlay District is intended to provide protection to McConnell Air Force Base through Site Development regulations for properties Adjacent to the air force base that limit the risk of terrorist activities from threatening the air force base and its personnel.
- b. **Official Zoning District Map.** The location and boundaries of the AFBP-O shall be shown on the Official Zoning District Map. All notations, dimensions, and designations depicted on the Official Zoning District Map shall be a part of these regulations.
- c. **Property development standards.** All structures within the AFBP-O shall be limited to a maximum height of 25 feet.
- d. **Nonconformities.** All Structures legally established on a property within the AFBP-O prior to the effective date of this regulation shall be considered permitted Uses under this overlay District and may be replaced, substantially altered, repaired or rebuilt to a height not exceeding the existing Structure height.
- e. **Zoning Adjustments.** The Planning Director, with the concurrence of the Zoning Administrator, shall have the authority to approve a Zoning Adjustment to the property Development standards of the AFBP-O as specified in Section V-I.2.o.

10. **CP-O Corridor Preservation Plan Overlay District (“CP-O”)**

- a. **Purpose.** The CP-O Corridor Preservation Plan Overlay District recognizes the impact transportation corridor improvement projects can have on private and public land use expectations. New transportation improvements can lead to requests for more intense zoning and Development applications before public services required to support the more intense Development can be effectively planned and efficiently installed. The Development review provisions applicable within the CP-O District are intended to assure a comprehensive review of the impact of proposed land Uses on the anticipated character of neighborhoods immediately surrounding proposed transportation corridor improvement projects. This District is established to ensure that land use or Development decisions that could result in

the need for further public improvements or public investments consider the viability and prudence such investments in light of changes expected to occur as a result of anticipated corridor improvements. Properties located within the CP-O District shall comply with the regulations contained within the Overlay District and the standards contained in the Underlying or base zoning District. In case of a conflict between the regulations in this section and those of the Underlying zoning District, the regulations in this section shall prevail.

- b. Use regulations.** No property within the CP-O District shall be devoted to any Use, including any agricultural Use, requiring a Building Permit, other than those Uses existing at the time the CP-O District was established. Any new Use, whether allowed by right by the Underlying zoning, by Conditional Use, or as an Accessory Use in the Underlying zoning District, shall be allowed only after the proposed new Use has been approved as provided for in this section.
- c. Review procedures.** Requests requiring CP-O District zoning approval shall follow the same review procedures as required by Conditional Use applications contained in Article V-D of the Wichita-Sedgwick County Unified Zoning Code, except that in all cases final approval shall rest with the appropriate Governing Body. The action of the Metropolitan Area Planning Commission shall be advisory to the Governing Body.
- d. Review criteria.** In addition to the review criteria contained in Article V-C.8, the following criteria shall be used to evaluate CP-O District requests:
 - (1) the duration of the proposed Use;
 - (2) the anticipated start and completion dates of the planned transportation corridor improvement project;
 - (3) the compatibility of the proposed use with the expected character of the neighborhood following the completion of the planned transportation corridor improvement project;
 - (4) the extent to which the proposed Use will detrimentally affect the public benefits otherwise arising from the transportation corridor improvement project; and
 - (5) the extent to which the proposed Use will require public improvements or investments that may be altered or eliminated by the planned transportation corridor improvement project.
- e. Property development standards.** Each site in the CP-O District shall be subject to the property development standards of the Underlying zoning District except the following:
 - (1) **Setbacks.** In areas where the right-of-way of a proposed transportation corridor has been identified on an adopted map, whether or not that right-of-way has been acquired, minimum Setbacks shall be measured from the proposed right-of-way line. In no event shall any Building be erected, enlarged, moved in or reconstructed so as to be closer to the centerline of a proposed transportation corridor than 150 feet.
- f. Administrative approvals.** The Zoning Administrator shall have the authority to waive application of the requirements of this section for Building Permits that do not increase the Floor Area by 1,000 square feet, or ten percent, whichever is

less; or the appraised value of the property by more than \$10,000, or ten percent, whichever is less.

The Zoning Administrator may also terminate any conditions imposed under this section if the property involved is no longer contained within the designated District.

- g. Corridor Preservation Plan Overlay District designation.** The Governing Body may adopt, and amend from time to time, maps designating a CP-O District. Any such adoption or amendment shall be shown on the Official Zoning District Map.

11. CBS, Construction Burn Site, General District (“CBS, General”)

- a. Purpose.** In the normal course of the development, or the improvement of land, woody tree waste is generated. In some cases, the woody tree waste can be burned on the site where the clean tree waste was generated; in other situations the clean tree waste must be hauled off-site for disposal. For a variety of reasons, placing tree waste in a municipal or construction and demolition landfill is undesirable. The Construction Burn Site, General (“CBS, General”) district is a special purpose district that allows for the controlled burning of clean tree waste on a property other than a landfill or the site that generated the clean tree waste.
- b. Permitted Uses.** Clean tree waste as described in Sec. II-B. 3.k is permitted to be disposed by use of air curtain technology or a similar technology designed to promote a clean burn by minimizing smoke, soot and particulates, subject to the conditions listed below, on a site other than the property that generated the waste.
- c. Initiation.** A Construction Burn Site, General is permitted in the RR Rural Residential, SF-20 Single-family Residential, LI Limited Industrial and GI General Industrial districts only after review and approval of a Conditional Use permit as detailed in Sec. V. D. of this code.
- d. Property Development Standards.**
 - (1) Required permits and site plan:** Prior to filing for a Conditional Use permit the applicant shall first obtain a burn permit from the appropriate fire department. When filing for the burn permit, the applicant is to present for review and approval a site plan that, at a minimum, indicates: the address, legal description or the name of the construction project of the property where the burn is to occur; size of the site; property boundaries and dimensions; the location of any improvements (structures, driveways, parking, fuel storage, utilities, parking, etc.), if any, including buried utilities or pipelines; the location of tree or shrub rows or any other flammable material on the site; and the location where the burn is to occur on the site. Prior to burning, the applicant shall “flag” all underground utilities. The applicant shall also provide the address, legal description or the name of the construction project of the property that is generating the tree waste, and the name of the company, firm or individuals hauling the tree waste. In addition to the burn permit and Conditional Use approval, the applicant is responsible to obtain all other applicable permits, and conduct the burn in conformance with all applicable laws, regulations, ordinances, resolutions and codes, whether federal, state or local. The burn is to be attended by at least one

person until completely extinguished. When the burn is completed, the applicant is to notify the appropriate fire department that the burn is completed.

- (2) **Type of burn:** No open fires are permitted. Only fires utilizing air curtain technology or a similar approved technology designed to minimize smoke and particulates is permitted.
- (3) **Minimum setbacks:** The burn area shall be setback a minimum of 300 feet from property lines, structures, power lines, public roadways, fuel storage areas, pipelines or other fuel sources.
- (4) **Time limits:** The applicant shall complete all approved burns within 30 days. In the event that a burn ban is issued after the issuance of a construction site burn permit, but before the burn can be completed, the time limit to complete the burn shall be extended by the same number of calendar days that the burn ban was in effect, but not to exceed 30 days following the expiration of the burn ban.
- (5) **Frequency of burns:** The number of, and interval between, Construction Burn, Limited, burns shall be established by the appropriate fire department as part of the burn permit review and approval; however as a condition of the Conditional Use permit, but only after the MAPC has received a recommendation from the appropriate fire department.
- (6) **Burn location:** The actual location of the burn shall be determined in consultation with representatives from the appropriate fire department, and the location of the burn shall be marked by a stake. In general, the burn area is to be located in a manner to minimize the likelihood that the burn could spread or ignite material or structures not intended to burn, and to minimize recognizable negative impacts on Adjacent property, such as noise, smoke, soot, particulates or excessive truck traffic.
- (7) **Access:** Access to the site shall be controlled to prevent unauthorized dumping or the placement of unauthorized materials on the site. The applicant is responsible to see that the material burned is only approved material, and the opportunity for unauthorized burning is minimized.
- (8) **Disposal of ash:** The ash created by the burn may only be disposed of in the following manner: buried in the burn pit; if the ash is removed from the burn pit, the ash is to be wetted and removed as a slurry-like substance and taken to an approved C&D land fill; or applied to the land as a soil amendment.

12. CBS, CONSTRUCTION BURN SITE, LIMITED DISTRICT (“CBS, Limited”)

- a. **Purpose.** In the normal course of the development, or the improvement of land, woody tree waste is generated. In some cases, the woody tree waste can be burned on the site where the clean tree waste was generated; in other situations the clean tree waste must be hauled off-site for disposal. For a variety of reasons, placing tree waste in a municipal or construction and demolition landfill is undesirable. The Construction Burn Site, Limited (“CBS, Limited”) district is a special purpose district that allows for the controlled burning of clean tree waste on a property other than a landfill or the site that generated the clean waste.

b. Permitted Uses. Clean tree waste as described in Sec. II-B. 3. 1 is permitted to be disposed by use of air curtain technology or a similar technology designed to promote a clean burn by minimizing smoke, soot and particulates, subject to the conditions listed below, on a site other than the property that generated the waste.

c. Initiation. A Construction Burn Site, Limited is a permitted use in the RR Rural Residential, SF-20 Single-family Residential, LI Limited Industrial and GI General Industrial districts provided the site can meet the property development standards listed below. If the site cannot meet the minimum standards outlined below then the uses may be permitted only after review and approval of a Conditional Use permit as detailed in Sec. V. D. of this code.

d. Property Development Standards.

- (1) Required permits and site plan:** Prior to filing for a Conditional Use permit the applicant shall first obtain a burn permit from the appropriate fire department. When filing for the burn permit, the applicant is to present for review and approval a site plan that, at a minimum, indicates: the address, legal description or the name of the construction project of the property where the burn is to occur; size of the site; property boundaries and dimensions; the location of any improvements (structures, driveways, parking, fuel storage, utilities, parking, etc.), if any, including buried utilities or pipelines; the location of tree or shrub rows or any other flammable material on the site; and the location where the burn is to occur on the site. Prior to burning, the applicant shall “flag” all underground utilities. The applicant shall also provide the address, legal description or the name of the construction project of the property that is generating the tree waste, and the name of the company, firm or individuals hauling the tree waste. In addition to the burn permit and Conditional Use approval, the applicant is responsible to obtain all other applicable permits, and conduct the burn in conformance with all applicable laws, regulations, ordinances, resolutions and codes, whether federal, state or local. The burn is to be attended by at least one person until completely extinguished. When the burn is completed, the applicant is to notify the appropriate fire department that the burn is completed.
- (2) Type of burn:** No open fires are permitted. Only fires utilizing air curtain technology or a similar approved technology designed to minimize smoke and particulates is permitted.
- (3) Minimum setbacks:** The burn area shall be setback a minimum of 300 feet from property lines, structures, power lines, public roadways, fuel storage areas, pipelines or other fuel sources.
- (4) Time limits:** The applicant shall complete all approved burns within 30 days from the issuance of the permit. In the event that a burn ban is issued after the issuance of a construction site burn permit, but before the burn can be completed, the time limit to complete the burn shall be extended by the same number of calendar days that the burn ban was in effect, but not to exceed 30 days following the expiration of the burn ban.
- (5) Frequency of burns:** The number of, and interval between, Construction Burn, Limited, burns shall be established as part of the review and approval of

the burn permit; however in no case shall the same site be issued more than three burn permits in a calendar year.

- (6) **Burn location:** The actual location of the burn shall be determined in consultation with representatives from the appropriate fire department, and the location shall be marked by a stake. In general, the burn area is to be located in a manner to minimize the likelihood that the burn could spread or ignite material or structures not intended to burn, and to minimize recognizable negative impacts on Adjacent property, such as noise, smoke, soot, particulates or excessive truck traffic.
- (7) **Access:** Access to the site shall be controlled to prevent unauthorized dumping or the placement of unauthorized materials on the site. The applicant is responsible to see that the material burned is only approved material, and the opportunity for unauthorized burning is minimized.
- (8) **Disposal of ash:** The ash created by the burn may only be disposed of in the following manner: buried in the burn pit; if the ash is removed from the burn pit, the ash is to be wetted and removed as a slurry-like substance and taken to an approved C&D land fill; or applied to the land as a soil amendment.

D. USE REGULATIONS

1. **Principal Use Regulations Schedule.** The Use Regulations Schedule of this section provides a tabular summary of the Principal land Use types allowed within each zoning District. The schedule is intended for reference and does not necessarily reflect all of the regulations that may apply to particular Uses or Districts. In the event of conflict between the Use Regulations Schedule and the Use regulations found within the individual District sections of this Code, the text of the individual District regulations shall prevail.
2. **Permitted by-right.** Uses identified in a particular District column of the Use Regulations Schedule with a "P" are "permitted by-right" and shall be permitted in such District, subject to such supplementary Use regulations as may be indicated in the "conditions" column and all other requirements of this Code.
3. **Conditional Uses.** Uses identified in a particular district column of the Use Regulations Schedule with a "C" are "Conditional Uses" and shall be permitted in such district if reviewed and approved by the Planning Commission in accordance with the standards of Sec. V-D (Conditional Use review procedures). Conditional Uses shall be subject to such supplementary Use regulations as may be indicated in the "conditions" column and all other requirements of this Code and as may be determined by the Planning Commission.
4. **Not permitted.** Uses not identified in a particular District column of the Use Regulations Schedule as permitted by-right or by Conditional Use are not allowed in such District unless otherwise expressly permitted by other regulations of this Code.
5. **Conditions.** A letter in the final "conditions" column of the Use Regulations Schedule refers to supplementary Use regulations applicable to a particular Use in one or more of the districts in which such use is allowed. The referenced regulations appear in Sec.

III-D.6 (supplementary use regulations). For example, condition "D.6.g" refers to supplementary use regulations contained in Sec. III- D.6.g.

- a. Accessory Uses.** Uses identified in Sec. III-D.1 Use Regulation Schedule are for Principal Uses or Principal Structures, with the exception of Vehicle Storage Yard in RR and Accessory Apartment. Regulations for Accessory Uses and Accessory Structures are contained in Sec. III-D.7.

6. Supplementary Use Regulations. No permit shall be issued for any Development or Use of land unless the activity is in compliance with all applicable supplementary use regulations specified in this section, or unless the supplementary use regulations have been modified or waived by the Governing Body pursuant to the Development Review Procedures contained in Article V. The supplementary use regulations of this section are not applicable to Lots in the AFB Air Force Base District. In the case of conflict with zoning District property Development standards or other regulations of this Code, the more restrictive requirement shall apply, unless otherwise specifically provided.

- a. Accessory Apartments.** Accessory Apartments shall be subject to the following standards.
- (1) Number of units.** A maximum of one Accessory Apartment may be allowed on the same Lot as a Single-Family Dwelling Unit and may be within the Main Building, within an accessory Building or constructed as an accessory Building.
 - (2) Appearance.** The appearance of an Accessory Apartment shall be compatible with the main Dwelling Unit and with the character of the neighborhood.
 - (3) Ownership.** The Accessory Apartment shall remain accessory to and under the same ownership as the principal Single-Family Dwelling Unit, and the ownership shall not be divided or sold as a condominium.
 - (4) Utility Service.** The water and sewer service provided to the Accessory Structure shall not be provided as separate service from the main dwelling. Electric, gas, telephone and cable television utility service may be provided as separate utility services.
- b. Agriculture.** There shall be no retail or wholesale sales permitted in conjunction with Agriculture Uses in the SF-10 District through the NR District, except on Sites of at least ten acres in size, unless a Conditional Use permit has been approved in accordance with Sec. V-D.
- c. Animal Care, Limited, in GO and LC.** Limited animal care facilities shall be subject to the following standards when located within the GO and LC districts.
- (1) Noise and odor.** No noise or odors shall be discernible at the property line.
 - (2) Animals.** Treatment shall be limited to dogs, cats and other small animals.
 - (3) Outdoor runs.** All animals shall be harbored indoors.
- d. Asphalt or Concrete Plant, Limited.** The following standards shall apply to Limited Asphalt or Concrete Plants in all zoning Districts where permitted, except that they shall not apply in the GI District. If any one of these standards cannot be complied with, the plant shall be classified as a "General Asphalt or Concrete Plant."
- (1)** The Limited Asphalt or Concrete Plant and related materials and equipment shall be located no closer than 1,000 feet to any residence other than the residence of the Owner of the land upon which the temporary plant is to be located.
 - (2)** The Asphalt or Concrete Plant shall comply with state air pollution regulations and shall obtain a permit from the Kansas Department of Health and Environment.

- (3) No contaminated soils may be stockpiled on the Site, used for remediation or used in the operation of the Asphalt or Concrete Plant.
- (4) All fuel tanks shall include fuel/spill containment systems as approved by the appropriate local and state agency.
- (5) Any spills of materials capable of contaminating groundwater shall be cleaned up immediately to the satisfaction of the appropriate local and state agency.
- (6) No washing or cleaning of trucks or truck beds shall be allowed onsite unless a wastewater containment system is used to the satisfaction of the appropriate local and state agency.
- (7) No waste, production materials, discarded equipment or other such items shall be buried onsite.
- (8) All equipment and materials utilized in the operation of the Limited Asphalt or Concrete Plant shall be removed from the Site and the Site returned to its original condition, or better, within 30 days following completion of the construction project for which the plant was established.

e. Wrecking/Salvage Yard in LI and GI. Wrecking/Salvage Yards may be approved as a Conditional Use in the LI and GI Districts, provided that such operation:

- (1) is not Abutting an arterial Street, expressway or freeway;
- (2) in the opinion of the Planning Commission, will not adversely affect the character of the neighborhood; and
- (3) is enclosed by a Fence or wall not less than eight feet in height and having cracks and openings not in excess of five percent of the area of such Fence.

f. Car Wash. The following standards shall apply to Car Wash facilities in all zoning Districts, whether the Car Wash facilities are Principal Uses or Accessory Uses:

- (1) **Conditional Use when near residential zoning.** Although listed as permitted Uses in some zoning Districts, Car Washes shall always be considered Conditional Uses and subject to Sec. V-D (Conditional Use review procedures) when located within 200 feet of residential zoning Districts. This distance shall be measured from the nearest Lot Line of a zoning Lot with residential zoning to the nearest Lot Line of the zoning Lot containing the Car Wash.
- (2) **Setbacks from major Streets.** All Buildings shall be set back at least 35 feet from all arterials, expressways or freeways.
- (3) **Setbacks from other Streets.** For all Streets other than arterial

Streets, expressways or freeways, the minimum Street Setback shall be the lesser of the following:

- (a) 20 feet from the Street Right-of-Way Line;
 - (b) the Setback described on the recorded subdivision plat; or
 - (c) the average Setback calculated pursuant to Sec. III-E.2.e(5)(b).
- (4) Setbacks from residential.** All Structures shall be set back at least 60 feet (excluding any Street, Alley or intervening public way) from the Lot Line of any Lot located within a residential zoning District. This Setback shall not apply where the Abutting property is being used for a nonresidential Use permitted by-right in the Underlying District or where the Governing Body has formally adopted a policy of looking with favor on the establishment of LC or higher intensity zoning for the Contiguous area.
- (5) Fences.** A Fence with a minimum height of six feet shall be provided along the interior side and rear property line, when Adjacent to a Dwelling Unit, to protect the Dwelling Unit from light and noise and eliminate blowing debris, and to protect Adjacent property values. Whenever a Fence shall be located in the required Front Setback, such Fence shall not be higher than three feet. The Fence shall be constructed of masonry, concrete, wood or other similar materials.
- (6) Paving.** All of the area to be utilized by the washing and drying operations, including all ingress and egress areas, shall be paved with concrete, asphalt or asphaltic concrete or similar hard surfacing material.
- (7) Lighting.** The lighting shall be in compliance with the lighting requirements of Sec. IV-B.4. No string-type lighting shall be permitted.
- (8) Signs.** Signs are limited to those permitted in the Underlying District.
- (9) Noise.** The noise levels shall be in compliance with the noise standards of Sec. IV-C.6
- (10) Circulation plan.** A plot plan showing points of ingress and egress, width of driveways, off-street Parking and holding spaces and interior traffic circulation shall be submitted to the County Engineer for the County or the Traffic Engineer for the City for approval prior to the filing of the application. There shall be no ingress or egress from unpaved public ways.
- (11) Parking.** All Parking Areas shall have adequate guards to prevent the extension or overhanging of Vehicles beyond property lines or Parking Spaces.
- (12) Street access.** There shall be no ingress or egress from minor or residential Streets having 60 feet of right-of-way or less, unless there are two free-moving lanes at all times. (Example: A 30-foot

paved Street with Parking permitted on one side would provide two free-moving lanes.)

(13) Drainage. All drainage, both natural and that created by the operation, shall be handled in a manner satisfactory to the Department of Public Works.

(14) Maintenance. The area shall be properly policed through inspections by the owner or operator for proper maintenance and removal of trash.

g. Wireless Communication Facility. Whether allowed by right, subject to a Building Permit, by Administrative Permit, by CUP adjustment/amendment, by P-O adjustment/amendment or by Conditional Use approval, a Wireless Communication Facility shall be subject to the following provisions.

(1) A Wireless Communication Facility shall be evaluated in terms of conformance to the guidelines in the "Wireless Communication Master Plan" as adopted by the Governing Body, and applications for such facilities shall include information for review as required in that Plan.

(2) A following Wireless Communication Facility is permitted by right in any zoning District, subject to the issuance of a Building Permit, if it conforms to the Location/Design Guidelines in that Plan:

(a) new facility that is concealed in or mounted on top of or the side of existing buildings (excluding single-family and duplex residences) and other Structures, including support structures up to 20 feet above the Building or the maximum height permitted by a Building Permit or an Administrative Permit in the underlying zoning District, whichever is greater;

(b) modification and/or replacement of support structures (light poles, flag poles, electrical poles, private dispatch towers, etc.) that are not significantly more visible or intrusive, including cumulative height extensions of up to 25 percent above the original Structure height;

(c) modification and/or replacement of a Wireless Communication Facility, including cumulative height extensions of up to 25 percent above the original structure height that comply with the compatibility height standards as outlined in Sec. IV-C.5;

(d) new or modified lattice towers no larger than 18 inches wide on any side up to 80 feet in height measured from grade.

(e) small cell facility or distributed antennae system located in an interior Structure or upon the site of any campus, stadium, or athletic facility.

If the Zoning Administrator determines that the Wireless Communication Facility does not conform to the Location/Design Guidelines, the Building Permit shall be denied. Denied Building Permits may be appealed by applying for an

Administrative Permit or a Conditional Use. An Administrative Permit shall be approved subject to conditions that maintain conformance with the Location/Design Guidelines. A Wireless Communication Facility that does not conform to the Location/Design Guidelines may be approved for a Conditional Use on a case-by-case basis as circumstances warrant.

- (3)** A Wireless Communication Facility shall be approved by Administrative Permit in any zoning District, under the procedures in Sec. VI-G.9 and Sec. VI-H.5, if it conforms to the Location/Design Guidelines in the "Wireless Communication Master Plan" and, for zoning Lots located within the City, is designated on the "Properties Eligible for an Administrative Permit for a Wireless Communication Facility Map" of Sec. I- L.:
 - (a)** new disguised ground-mounted facilities up to 85 feet in height;
 - (b)** new undisguised ground-mounted facilities up to 65 feet in the SF- 10, SF-5, TF-3, MF-18, MF-29, B and MH zoning Districts that comply with the compatibility height standards as outlined in Sec. IV-C.5, which shall not be reduced or waived through the provisions of Sec. V-I.2.e.;
 - (c)** new undisguised ground-mounted facilities up to 85 feet in the NO, GO and NR zoning Districts that comply with the compatibility height standards as outlined in Sec. IV-C.5, which shall not be reduced or waived through the provisions of Sec. V-I.2.e.;
 - (d)** new ground-mounted facilities up to 120 feet in height in the RR, SF- 20, U, LC, OW, and GC zoning Districts that comply with the compatibility height standards as outlined in Sec. IV-C.5, which shall not be reduced or waived through the provisions of Sec. V-I.2.e.; or
 - (e)** New ground-mounted facilities up to 150 feet in height in the IP, CBD, LI and GI zoning Districts that comply with the compatibility height standards as outlined in Sec. IV-C.5, which shall not be reduced or waived through the provisions of Sec. V-I.2.e.

If the property on which the facility is located is within a CUP or P-O, the Administrative Permit shall also be considered as an application for an adjustment of the CUP or P-O as outlined in Sec. V-E.14, excluding the requirement of V-E.14.a, or Sec. V-C.14, excluding the requirement of V-C.14.a., as applicable.

- (4)** A Wireless Communication Facility that does not meet the requirements of Sec. III-D.6.g(2) or Sec. III-D.6.g(3) shall be reviewed through the Conditional Use process as outlined in Sec. V-D or, if the property on which the facility is located is within a CUP or P-O, as an amendment to the CUP or P-O as outlined in Sec. V-E.13. or Sec. V-C.13, as applicable.
- (5)** There shall be no nighttime lighting of or on a Wireless Communication Facility except for aircraft warning lights or similar emergency warning lights required by applicable governmental agen-

cies. Flashing white obstruction lights shall not be permitted for nighttime operation. Lighting for security purposes shall be permitted at the base of wireless communication facilities. Temporary lighting for nighttime repairs shall be permitted.

- (6) No signs shall be allowed on a Wireless Communication Facility other than those required by applicable governmental agencies.
- (7) Unused facilities, including the uppermost 20 percent of support structures that are unused (except where removal of the uppermost 20 percent would require the removal of a lower portion the support structure that is in use, in which case the required removal will be raised to the next highest portion of the support structure not in use), shall be removed by the owner within 60 days if the Wireless Communication Facility, or portion thereof, has been unused for 12 consecutive months. If such a facility or portion of a facility is not removed by the owner, then the City or County may employ all legal measures, including, if necessary, obtaining authorization from a court of competent jurisdiction, to remove it, and after removal may place a lien on the subject property for all direct and indirect costs incurred in its dismantling and disposal, including court costs and reasonable attorney fees. Under this paragraph, "owner" shall include both the Owner of the real property and the owner of the Wireless Communication Facility, whether such ownership is divided or in the same person.
- (8) All Wireless Communication Facilities shall comply with all federal, state, and local rules and regulations.

h. Correctional Facility and Correctional Placement Residence. Although listed as permitted uses in certain Districts, Correctional Facilities and Correctional Placement Residences, Limited and General, shall always be considered Conditional Uses and subject to Sec. V-D (Conditional Use review procedures) when located within 750 feet (measured from property line to property line) of a residential zoning District, unless separated by a Major Barrier. Correctional Placement Residences shall comply with all applicable federal, state and local regulatory requirements, and if such facilities are not directly operated by a unit of government they shall meet licensure requirements that further specify minimum service standards.

i. Day Care, Limited and General. Day Care Centers, Limited and General shall be subject to the following standards:

- (1) **Compliance with state regulations.** Day Care Centers shall comply with all applicable state regulations.
- (2) **Compliance with Home Occupation standards.** When located in the residence of the care provider in a residential zoning District, Day Care Centers shall comply with the general Home Occupation standards of Sec. IV-E.3.

- (3) Outdoor play in residential areas.** Outdoor play shall be limited to the hours of 7:30 a.m. to 6:30 p.m. if located within 100 feet of a Lot containing a Dwelling Unit.
 - (4) Parking and Loading.** Provision of Parking Spaces in Sec. IV-A.4 may be provided by shared Parking when the Day Care is located within an existing Church or Place of Worship, however, the Day Care shall provide convenient off-street loading facilities as required in Sec. IV-A.14.
- j. Hotel or Motel in GO.** Hotel or Motel in the GO District shall be subject to the following standards.
- (1) Lot Area.** The minimum Lot Area for a Hotel or Motel Use shall be 25,000 square feet.
 - (2) Setbacks from residential.** No Principal Building or any portion thereof that is used for any assembly or occupancy shall have any door other than required exits facing Contiguous, residential zoning District, unless such opening is set back at least 25 feet from the property line of such Contiguous parcel.
 - (3) Recreational Uses.** Outdoor recreational Uses shall be limited to nonprofit, noncommercial activities used in connection with and operated by the Hotel or Motel.
 - (4) Commercial Uses.** No commercial Uses or activities shall be allowed except for sale of soft drinks, news media, tobacco, candies and toiletries. All such sales to be within the office area for such Use except when sold from a vending machine. Under no circumstances shall eating establishments, Restaurants, Service Stations, gift shops, sales offices, nightclubs, dance halls, or Taverns and Drinking Establishments be allowed or permitted as an associated use of a Hotel or Motel within the GO zoning District.
 - (5) Street access.** A Hotel or Motel Use shall be located along and have access to a Street that is classified as an arterial Street or higher classification.
- k. Kennel, Boarding/Breeding/Training and Hobby.** When allowed as a permitted or Conditional Use, Boarding/Breeding/Training Kennels and Hobby Kennels shall be subject to the following standards:
- (1) Minimum Lot Area.** The minimum Lot Area for Hobby Kennels shall be two acres, unless all animals are harbored indoors with no discernible noise or odor at the property lines. The minimum lot size for Boarding/Breeding/Training Kennels shall be five acres, unless all animals are harbored indoors with no discernible noise or odor at the property lines.
 - (2) Setbacks.** Outside runs, holding pens or other open-air type enclosures and shelters shall be located behind the Front Setback Line and

located at least 200 feet from any Dwelling Unit other than the Owner's and at least 50 feet from Contiguous property lines.

- (3) Screening.** Screening shall be provided except for those facilities located 600 feet or more from Contiguous property lines. Screening shall be provided by Structure, solid or semi-solid Fencing, landscape materials, earth berms or natural Site features maintained for the purpose of concealing the view of the animals behind such Fence, landscape material, berm or natural feature from activities on Contiguous properties. If Fencing is used, it shall not be less than four nor more than eight feet in height. If Fences over six feet in height, landscape materials or earth berms are used, a plan shall be submitted for approval to the Planning Director and Zoning Administrator. Fences used for Screening may have no more than five percent open surface. Landscape materials must provide the desired Screening effect within the first growing season following installation and throughout the year every year thereafter.

I. Manufactured Homes in County. In the unincorporated County, only Residential-Design Manufactured Homes may be placed on individual Lots and/or tracts, except as provided in Secs. III-D.6.1(2-4) below. After August 29, 1997, no Mobile Home, as defined in this Code, shall be moved, relocated, be changed in Use or otherwise be placed on any property, including within any Manufactured Home Park, Manufactured Home Subdivision or on an individual Lot, whether platted or unplatted.

- (1) Standards.** All Manufactured Homes installed in the unincorporated portion of Sedgwick County shall:
- (a)** Be placed in accordance with the Manufactured Home siting standards of Sedgwick County, and amendments thereto; provided said standards have been adopted. In the event such standards are not adopted or until such standards are adopted, the following shall apply:
- 1)** The Manufactured Home shall be placed on a permanent enclosed perimeter foundation, or be skirted around the perimeter of the home, within 45 days of the placement of the home, by solid concrete or masonry walls or a material designed to be used as Mobile Home skirting that does not have a flame spread rating in excess of 25. Vinyl skirting shall be a minimum of 30 mil thickness and metal skirting shall be a minimum of 30 gauge thickness. Metal skirting shall have vertical metal supports of at least 20 gauge thickness spaced not more than five feet on centers. All skirting over 36 inches in height shall be supported with vertical supports spaced not more than five feet on centers, and a horizontal support centered between the ground and the bottom of the mobile home, of at least 20 gauge metal. Metal and vinyl skirting shall be fastened with screws, or by other means, to manufacturers' specifications;

- 2) The Manufactured Home shall be provided with handrails on all outside stairs that have a rise of more than 30 inches from grade to finished floor elevation; and,
- 3) The Manufactured Home shall have any stairs, porches and handrails constructed so as to be structurally sound.

(2) Exceptions.

- (a) The tract of land is at least 20 acres in size and there has been no unplatted division of less than 20 acres from the original tract unless the division was permitted under the platting exemption provisions of applicable Subdivision Regulations. No more than one Single-Family Dwelling Unit or Manufactured Home shall be permitted on a Lot of any size under this exception.
- (b) The tract of land is a buildable Lot under this Code and the applicable Subdivision Regulations and has received a Conditional Use in accordance with Sec. V-D for the temporary placement of an accessory Manufactured Home under a hardship conditions as provided in Sec. III-D.6.1(3) below.
- (c) The tract of land is a buildable Lot under this Code and the applicable Subdivision Regulations and has received a temporary permit for the placement of a Manufactured Home as provided in Sec. III-D.6.1(4) below.

(3) Temporary, accessory Manufactured Home Dwelling Unit in the County. The placement of an accessory Manufactured Home on a residentially zoned Lot located within the unincorporated portion of Sedgwick County may be permitted on a temporary basis, as a Conditional Use in accordance with Sec. V-D, subject to the following conditions and requirements.

- (a) The location of the Manufactured Home shall conform to all Set-back requirements of the District in which located.
- (b) The Lot Area for the Manufactured Home need not comply with the area requirements of the zoning District, provided that the unit is connected to a public water supply and a municipal-type sewer system. If the property is not served by a public water supply and municipal type sewer system, the minimum Lot Area shall be determined by the County Health Department.
- (c) The unit shall comply with all of the standards of Secs. III-D.6.1(1) and III-D.6.1(2).
- (d) The applicant shall show due cause that hardship exists and that the hardship cannot reasonably be alleviated without the granting of the Conditional Use.
- (e) The Planning Commission shall determine a reasonable time limit for each individual case. The Manufactured Home shall be removed from the property within 90 days after any change in the circumstances used as a basis for the Conditional Use.

(4) Temporary Manufactured Home in the County. The placement of a Manufactured Home on a residentially zoned Lot within the unincorporated portion of Sedgwick County may be permitted on a tempo-

rary basis while a Single-Family Dwelling Unit is being constructed, or while an existing Single-Family Dwelling Unit is being substantially remodeled and during this remodeling the main residence is not occupied, subject to the following conditions.

- (a) The location of the temporary Manufactured Home shall conform to all Setback requirements of the District in which it is located.
- (b) The Lot Area for the temporary Manufactured Home need not comply with the area requirements of the zoning District, provided that the unit is connected to a public water supply and a municipal-type sewer system. If the property is not served by a public water supply and municipal type sewer system, the minimum Lot Area shall be determined by the County Health Department.
- (c) The temporary Manufactured Home shall be allowed on the property for a maximum of one year from the date of the issuance of the Building Permit for the Single-Family Dwelling Unit being constructed or remodeled on the same Lot. In the event an additional time period is needed beyond said one year, an extension of the Conditional Use may be granted in accordance with Sec. V-D, provided good cause can be shown as to why more than one year is necessary.
- (d) The Manufactured Home shall be set-up in accordance with the Manufactured Home siting standards of Sedgwick County, and amendments thereto. The unit shall comply with all of the standards of Sec. III-D.6.l(1).
- (e) No Manufactured Home shall be permitted on the same Lot and/or tract as a Dwelling Unit being remodeled wherein the Dwelling Unit is occupied during remodeling.

(5) Replacement of Manufactured and/or Mobile Home in the County.

The replacement of a nonconforming Manufactured or Mobile Home within the unincorporated area of the County with a newer and/or larger Manufactured Home shall be permitted without rezoning the property to the MH District; provided the Manufactured Home is placed on the same property and complies with all siting requirements of the County.

m. Manufacturing, Limited, in LC. Limited Manufacturing Uses shall be subject to the following standards when located within the LC District.

- (1) Building size.** The gross Floor Area of the Building housing the Limited Manufacturing Use shall not exceed one square foot of Floor Area to three square feet of Lot Area.
- (2) Setbacks.** The minimum Setback of any Building from any property line shall be 30 feet.
- (3) Outdoor Storage.** No outside storage shall be permitted.
- (4) Paving.** All Parking and Loading Spaces shall be paved with concrete or asphalt and must not cover more than one-half of required

Open Space.

- (5) Number of employees.** The maximum number of employees on any one shift shall not exceed 15 per acre of Lot Area.
- n. Manufacturing and Welding or Machine Shops in GC.** No Building may be erected or used for any Manufacturing, Limited or General, or Welding or Machine Shop Use in the GC District unless the entire frontage of the ground floor along the principal Street frontage is used for office space, display or wholesale or retail sales.
- o. Recreation and Entertainment, Outdoor. When allowed as a Conditional Use,** Outdoor Recreation and Entertainment Uses shall be limited to tennis courts, miniature golf courses and similar uses that the Planning Commission has determined will not produce undue noise or attract large numbers of spectators. The following standards shall apply.
- (1) Street access.** The property shall be Contiguous to an arterial or expressway.
- (2) Lighting.** The lighting shall be in compliance with the lighting requirements of Sec. IV-B.4. No string type lighting or banners shall be permitted.
- (3) Noise.** The noise level shall be in compliance with the noise standards of Sec. IV-C.6.
- (4) Paving.** All driveways, parking, loading and vehicle circulation areas shall be paved with concrete or asphalt.
- (5) Operating hours.** The Planning Commission may establish operating hours as part of Conditional Use approval if the property is located in close proximity to residential areas.
- (6) Maintenance.** The area shall be properly policed to insure proper maintenance and removal of trash from the premises to eliminate problems to Adjacent or public property.
- p. Parking Areas (and/or accessory drives), Ancillary in RR through NO Districts.** Ancillary Parking Areas approved as Conditional Uses in any District RR through NO shall be subject to the following minimum standards.
- (1) Location.** The Ancillary Parking Area shall be within 600 feet (along lines of public access) from the boundary of the Use for which Parking is provided.
- (2) Use.** The Ancillary Parking Area shall be used for Passenger Vehicles only and in no case shall it be used for sales, repair work, or the storage, dismantling or servicing of any Vehicles, equipment, materials or supplies.

- (3) Setbacks.** Parking and circulation aisles shall not be located within a required Front Yard. Entrance/exit drives may cross the required Front Yard.
 - (4) Paving.** The Ancillary Parking Area and all entrance/exit drives on private property shall be surfaced with concrete, asphaltic concrete, asphalt or any other comparable hard surfacing material that meets the approval of the Planning Commission, and shall be maintained in good condition and free of all weeds, trash and other debris.
 - (5) Layout.** Ancillary Parking Areas shall be designed in accordance with applicable City and County standards, including the City Public Works Department's *Typical Standards for Off-Street Parking*. Parking Spaces shall have adequate guards to prevent extension or overhanging of Vehicles beyond the property lines or Parking Spaces. Adequate markings for channelization and movement of Vehicles shall be provided.
 - (6) Screening and Landscaping.** At a minimum, Screening shall be provided in accordance with Sec. IV-B of this Code. Landscaping shall be provided in accordance with any applicable Landscape Ordinances or resolutions but shall, at a minimum, include sufficient numbers of trees, shrubs, and ground covers within the required Front Yard Setback to maintain the residential appearance of the block in which the Ancillary Parking Area is located.
 - (7) Lighting.** If lighting facilities are provided, the lighting shall be in compliance with the lighting requirements of Sec. IV-B.4 .
 - (8) Signs.** Only such Signs as are necessary for the proper operation of the Ancillary Parking Area shall be permitted.
 - (9) Parking fees prohibited.** In no case shall a fee be charged for Parking facilities provided hereunder.
 - (10) Additional requirements.** The Planning Commission may establish additional conditions if determined necessary in order to protect Adjacent property Owners and the public interest.
- q. Recycling Collection Stations, Private.** Private Recycling Collection Stations shall be subject to the following standards.
- (1)** Containers shall not exceed a height of eight feet nor occupy an area greater than 100 square feet.
 - (2)** No storage shall be allowed outside the containers.
 - (3)** No power-driven equipment shall be used to bale, crush, separate or process the materials at the Site.
 - (4)** No payment shall be made to the contributor for the Recyclable Materials brought to the station.

- (5) The containers shall be screened by a Solid Fence or Screening Wall of a height equal to or greater than the height of the containers if the containers are visible at ground level view from a residential District (other than the subject Lot).
- (6) Private Recycling Collection Stations shall be considered Accessory Structures and shall be subject to all Accessory Structure Setback requirements of the zoning District in which the Structures are located and shall be subject to the compatibility site design standards for dumpsters of Sec. IV-C.7.b.
- (7) Prior to establishing a Private Recycling Collection Station, the operator shall obtain a location permit from the Zoning Administrator. The operation of Private Recycling Collection Stations shall be subject to appropriate local health codes.

r. Recycling Collection Stations, Public. Public Recycling Collection Stations shall be subject to all of the following standards when located in the LC District. When located in any other permitted District, they shall be subject only to the standard of Sec. III-D.6.r(9).

- (1) Containers shall not exceed a height of ten feet.
- (2) No storage shall be allowed outside the containers.
- (3) No power-driven equipment shall be used to bale, crush, separate or process the materials at the Site.
- (4) A minimum of two off-street Parking Spaces shall be provided within 50 feet of the station. The station shall not occupy any Parking Spaces required for other Uses on the Site.
- (5) The station shall be located at least 100 feet from residential zoning Districts and Lots containing residential Dwelling Units.
- (6) Access to the station shall be from an arterial or collector Street.
- (7) The owner or operator of the station shall police the Site no less than once a day to assure that no litter accumulates and that the containers are emptied as needed.
- (8) Informational Signs shall be posted that indicate how materials are to be separated and stating any limitations on the types of materials accepted for recycling. The Signs shall be posted on the walls of the containers, and shall not occupy more than 25 percent of the surface area of the containers nor extend more than two feet above the top of the containers.
- (9) Prior to establishing a Public Recycling Collection Station, the operator shall obtain a location or Building Permit, as applicable, from the Zoning Administrator. Operation of the station shall be subject to approval of appropriate local health codes.
- (10) No payment shall be made to the contributors of the Recyclable Materials brought to the station

- s. Recycling Processing Centers.** Recycling processing centers shall be subject to the following standards.
- (1) The operation of Recycling Processing Centers shall be subject to approval by appropriate local health codes.
 - (2) Recycling Processing Centers shall be permitted as an indoor Use in the GC, CBD, LI and GI Districts. Such uses may be allowed as an outdoor Use in the LI District if first reviewed and approved as a Conditional Use pursuant to Sec. V-D.
 - (3) Recycling Processing Centers shall be permitted also as an outdoor Use in the GI District.
- t. Restaurant in NR.** In the NR District, Restaurants shall not exceed 2,000 square feet in gross Floor Area, nor shall they provide any drive-up window service or in-vehicle food service. Delivery and carry-out services are acceptable.
- u. Reverse Vending Machines.** Reverse Vending Machines shall be subject to all of the following standards when located in the LC District. When located in any other permitted District, they shall be subject only to the standard of Sec. III-D.6.u(6).
- (1) A minimum of two off-street Parking Spaces shall be provided within 50 feet of the Reverse Vending Machine. The Reverse Vending Machine shall not occupy any Parking Spaces required for other Uses on the Site.
 - (2) The Reverse Vending Machine shall be located at least 100 feet from residential zoning Districts and from Lots containing residential Dwelling Units, provided that if the Reverse Vending Machine sorts and/or reduces materials mechanically, it shall be setback from residential zoning and Uses at a distance necessary to ensure that the ambient noise level at the property line is no greater than five decibels above that existing prior to installation of the Reverse Vending Machine.
 - (3) Access to the Reverse Vending Machine shall be from an arterial Street or from a collector Street.
 - (4) The Owner or operator of the Reverse Vending Machine shall police the Site no less than once a day to assure that no litter accumulates and that the machine is emptied as needed.
 - (5) The maximum size for Reverse Vending Machine shall not exceed 120 square feet in size nor a height of 12 feet.
 - (6) Prior to installation of a Reverse Vending Machine, the operator shall obtain a location permit from the Zoning Administrator. Operation of the Reverse Vending Machine shall be subject to approval by appropriate local health codes.
- v. Solid Waste Incinerator.** Any Solid Waste Incinerator, except those located in the GI District, shall comply with the "Standards for De-

velopment of Resource Recovery Facilities," as published in June 1984 by the Metropolitan Area Planning Department.

- w. Taverns and Drinking Establishments, clubs, Nightclubs in the City and Entertainment Establishments in the City.** Although listed as permitted Uses in some Districts, Taverns, Drinking Establishments, clubs, Nightclubs in the City and Entertainment Establishments in the City, when considered Nightclubs in the City, shall be considered Conditional Uses and subject to Sec. V-D (Conditional Use review procedures) when located within 300 feet of a Church or Place of Worship, public Park, public or parochial School or residential zoning District. Event Centers in the City, Teen Clubs in the City and Entertainment Establishments, when not considered as Nightclubs in the City, shall be considered Conditional Uses and subject to Sec. V-D (Conditional Use review procedures) when located within 200 feet of a Church or Place of Worship, public Park, public or parochial School or residential zoning District. These distances shall be measured from the nearest Lot Line of the Church or Place of Worship, public Park, School or residential zoning District to the nearest Lot Line of the premises on which the Tavern, Drinking Establishment, club, Nightclub, Entertainment Establishment, Event Center or Teen Club is located or of any Parking Area designated to be used by the patrons of such businesses, whichever is closest. For purposes of this measurement, the required Parking Spaces for such a business located within a multi-tenant Structure or shopping center are those located nearest the public entrance to the business. "Establishment" of any Tavern, Drinking Establishment, club, Nightclub business, Entertainment Establishment, Event Center or Teen Club shall be deemed to include the opening of such a business as a new business, the relocation of such businesses or the conversion of an existing business location to any such business use, or any expansion of such a business beyond the existing square footage of the premises. Nightclubs in the City that qualify as Sexually Oriented Businesses in the City shall be permitted Uses in those districts that allow Sexually Oriented Businesses in the City, if the location of the operation is no less than 500 feet from a Church or Place of Worship, School, public Park, licensed Day Care center, the boundary of any residential District, the boundary of the OT-O District, or any other Sexually Oriented Business.

Outdoor service of food and drink as an accessory part of the operation of a Tavern or Drinking Establishment, club or Nightclub shall always be subject to the following requirements and, if located within 200 feet of a Church or Place of Worship, public Park, School or residential zoning District, shall be considered a Conditional Use and subject to Sec. V-D of these regulations.

- (1) No additional Parking Spaces or restroom facilities need be provided for the initial sixteen occupants to be served in the outdoor area, but Parking and restroom facilities shall be provided to full Code requirements for the portions of the permitted occupant load exceeding sixteen persons.
- (2) No noise generated in conjunction with the outdoor use shall exceed a sound level of five decibels as measured on the 'A' scale of a sound pressure level meter over the normal background noise that is discernible at any property line of a Lot within 1,000 feet that has a

residential zoning classification. Normal background noise shall be established by taking the average of ten sound level readings in any ten-minute period.

- (3) The outdoor area shall be Screened from ground level view from any residential-zoned property within 150 feet of the outdoor area, by Screening in accordance with the requirements of Sec. IV-B.
- (4) If lighting facilities are provided, the intensity of light and arrangements of reflectors shall be such as not to interfere with residential Uses. The lighting shall be in compliance with the lighting requirements of Sec. IV-B 4.
- (5) The outdoor Use shall be designed and maintained in compliance with all other licenses, regulations and requirements of the fire, health, and building codes, including requirements for emergency access to or from any barriers that limit ingress or egress.

x. Vehicle and Equipment Sales, Outdoor, in LC. Outdoor Vehicle and Equipment Sales shall be subject to the following standards when located within the LC District.

- (1) Location shall be Contiguous to a major Street as designated in the *Transportation Plan* adopted by the Governing Bodies, and as amended from time to time.
- (2) Visual Screening of areas Adjacent to residential zoning Districts shall be provided to protect Adjacent properties from light, debris and noise and to preserve Adjacent property values even when the change in use to Vehicle and Equipment Sales replaces a previous use that is of equal or greater intensity. In no case shall Screening be less than that required by Sec. IV- B.1-3.
- (3) All Parking, Outdoor Storage and display areas shall be paved with concrete, asphalt or asphaltic concrete or any comparable hard surfacing material. Parking barriers shall be installed along all perimeter boundaries Abutting streets, except at driveway entrances or where Fences are erected, to ensure that parked Vehicles do not encroach on-to public Street Right-of- Way.
- (4) The lighting shall be in compliance with the lighting requirements of Sec.IV-B.4. No string-type or search lighting shall be permitted.
- (5) The noise levels shall be in compliance with the compatibility noise standards of Sec. IV-C.6. Outdoor speakers and sound amplification systems shall not be permitted.
- (6) No repair work shall be conducted except in an enclosed Building, and further provided that no body or fender work is done.
- (7) Only those Signs permitted in the LC District shall be permitted on this Site, except that no portable, flashing, moving or off-site Signs shall be permitted and no streamers, banners, pennants, pin-wheels, commercial flags, bunting or similar devices shall be permitted.

(8) There shall be no use of elevated platforms for the display of Vehicles.

y. Warehouse, Self-Service Storage, in GO and LC. Self-Service Storage Warehouse facilities shall be subject to the following standards when located within the GO or LC Districts.

(1) A tract for such use located in the GO District shall be Contiguous with a less restrictive District.

(2) The use must be located Contiguous to an arterial Street, and have direct access to the arterial Street, as designated in the *Transportation Plan* adopted by the Governing Bodies, and amended from time to time.

(3) All buildings shall set back at least 35 feet from arterial Street Rights-of-Way lines. There shall be a minimum 20-foot Building Setback line from all other Streets, unless a platted Building Setback line would require a greater Setback.

(4) Where the Lot is Contiguous to a residential zoning District, a landscaped Yard with a minimum depth of 15 feet shall be provided on the Lot Contiguous to the residential zoning District and a landscaped front Yard with a minimum depth of 15 feet shall be provided when within 100 feet of a residential zoning District or when across the street from a residential zoning District. The landscaping shall be in addition to any architectural Screening type Fences or face of the structures that shall be designed to Screen the use from the residential neighborhood. Such Fence, when required, shall be solid or semi-solid and constructed to prevent the passage of debris or light and constructed of either brick, stone, architectural tile, masonry units, wood or other similar material (not including woven wire) and shall be not less than six feet or more than eight feet in height. The landscaped Yard may be reduced in depth to not less than the minimum Side and Rear Setback required by the property development standards of the applicable zoning District of the Lot when the Contiguous residential zoning District is occupied by any legal Nonconforming office, commercial or industrial Use, or when Adjacent to a property where an adopted zoning policy by the Governing Body is to look with favor on office, commercial or industrial zoning for the area.

(5) When the Development is in close proximity to residential development, the architectural design shall be submitted to the Planning Director for review and a recommendation to the Planning Commission as to whether or not the architecture is compatible with the surrounding development, and that adequate Screening is being provided. Sufficient copies of the preliminary design plans shall be provided so that a copy of such plans, after having been approved by the Planning Commission, may be retained in the MAPC case file and by the Zoning Administrator to ensure that final Development plans and construction comply therewith.

(6) Any side of the Building providing doorways to storage areas shall be set back from the property line at least 40 feet when Contiguous

to a residential zoning District.

- (7) Off-street Parking shall be required on the basis of one space for each 8,000 square feet of Floor Area in the facility plus one space for each employee, but in no case shall the number be less than five spaces.
- (8) All driveways, Parking, loading and vehicle circulation areas shall be paved with concrete, asphalt or asphaltic concrete or comparable hard surfacing material. Adequate bumper guards or Fences shall be provided to prevent the extension of Vehicles beyond property lines.
- (9) All lights shall be shielded to direct light onto the Uses established and away from Adjacent property, but it may be of sufficient intensity to discourage vandalism and theft.
- (10) All storage on the property shall be kept within an enclosed Building, unless a portion of the property or Lot is properly zoned to otherwise permit a designated area for outside storage.
- (11) No activities such as miscellaneous or garage sales shall be conducted on the premises.
- (12) The servicing or repair of Motor Vehicles, boats, Trailers, lawn mowers and other similar equipment shall not be conducted on the premises.
- (13) Signs shall be limited to one per arterial Street frontage. Signs shall not exceed twenty feet in height nor exceed fifty square feet in gross surface area. Signs shall not project over any public right-of-way.
- (14) All areas not paved in accordance with the requirements of this section shall be landscaped with deciduous and coniferous plant materials. The Landscaping plan shall be approved by the Planning Department. Maintenance of the Landscaping shall be sufficient to maintain it in good condition.
- (15) The area shall be properly policed by the owner or operator for removal of trash and debris.
- (16) The operation of such a facility shall in no way be deemed to include a transfer and storage business where the use of Vehicles is part of such business.
- (17) A resident manager shall be required on the Site and shall be responsible for maintaining the operation of the facility in conformance with the conditions of approval.
- (18) No more than 45 percent of the Lot Area shall be covered by Buildings.
- (19) No individual or business shall lease more than 3,000 square feet of storage spaces.

z. Nurseries and Garden Centers in LC. Nurseries and Garden Cen-

ters in LC that do not comply with the outdoor display and storage limitations specified in Secs. III-B.14.e(2) and III-B.14.e(3) may be permitted by Conditional Use subject to the following standards.

- (1) A tract for such use shall be Contiguous to an arterial or expressway as designated on Official Transportation Plan or amendments thereto, or be located within a portion of the LC District or a more intense use district that is Contiguous to such a street.
- (2) Screening shall be provided as deemed appropriate and necessary to provide protection to Adjacent properties, however, under no circumstance shall the Screening be less than that required by Sec. IV-B of this Code or that required by an approved development plan. Growing areas for nursery stock shall be considered a landscaped yard and may be substituted for a Screening Fence as required by Sec. IV-B when deemed appropriate.
- (3) Display and storage of merchandise, nursery stock, landscaping materials and equipment must be within an enclosed building; within an area enclosed by a Screening Fence deemed necessary for the protection of Adjacent properties; or be displayed in areas immediately Contiguous to the buildings, provided any display or storage shall not be located within 25 feet of public right-of-way and shall not occupy required off-street Parking spaces.
- (4) In addition to the Compatibility Standards of Sec. IV-C, all lights shall be shielded to reflect or direct light away from Adjacent properties. No string- type lighting shall be permitted.
- (5) In addition to the Compatibility Standards of Sec. IV-C, no sound projecting devices or loudspeakers shall be used so as to be heard beyond the property lines.
- (6) Any repair or servicing of vehicles or equipment shall only be permitted within an enclosed Building. Such repair and servicing shall be limited to normal maintenance and not including body repair or modification.
- (7) A site plan showing all Structures (existing and proposed), all ingress, egress, off-street Parking, off-street Loading Space, on-site circulation, storage and display areas shall be submitted with the application.
- (8) Areas for the growing of plants and nursery stock may be permitted in greenhouses or in open areas as designated by the applicant and approved by the Planning Commission.
- (9) Any vehicles used in conjunction with the business must be stored within the main Structure, an enclosed Garage, or when approved by the Planning Commission as to adequate screening material and location, within an enclosed compound on the property.
- (10) Due to the type of business, the amount of off-street Parking Spaces and Loading Spaces based on the gross floor area of Buildings

could be inappropriate. The Planning Commission may, in the processing of the Conditional Use request, determine the number of Parking Spaces and Loading Spaces required for the use. The number of spaces shall be determined by the Planning Commission and shall be based on the amount of building, greenhouse, lath-house and outside area used primarily for display and sales area. Consideration shall also be given to the anticipated number of employees and possible temporary Parking for peak season business. The determination made by the Planning Commission may be adjusted after public notice and hearing if the lack of adequate off-street Parking is creating congestion on the Streets due to on-street Parking by employees or customers. The property Owner may also request a reduction in the number of Parking Spaces by filing a revised application and providing figures justifying said change.

- (11) The Planning Commission may establish other conditions deemed necessary for the protection of Adjacent property, and including the maintenance of required improvements. The Planning Commission may also require a periodic report of compliance with all conditions of approval, and upon the recommendation of the Zoning Administrator, the Planning Commission may schedule a hearing for revocation or modification of the conditions of the Conditional Use approval.
- aa. Neighborhood Swimming Pool.** Although listed as a Conditional Use in all districts where allowed, a Neighborhood Swimming Pool shall be permitted by right if it is identified as a permitted Use in the platting of "reserves" or as a permitted use within a residential CUP, provided that a detailed site plan shall be submitted to the Planning Director for approval at the time the final plat is submitted for scheduling before the Subdivision Committee of the Planning Commission. Should the plan not be approved, an application for a Conditional Use may be filed in accordance with Sec. V-D of this Code.
- bb. Construction Sales and Service in LC.** When a Construction Sales and Service business is located in the LC District, it shall be mainly a Retail business and not Wholesale or Business Service and it shall comply with all limitations on outdoor display and Outdoor Storage as specified in Sec. III-B.14.e (Special LC District Regulations).
- cc. Parking Areas, Commercial, in GO, NR and LC.** When Commercial Parking Areas are located in the GO, NR and LC districts, the overnight parking of Commercial Vehicles exceeding 26,000 pounds gross vehicle weight rating shall not be permitted.
- dd. Outdoor Storage and/or baling in LC through LI.** In LC through LI, the Outdoor Storage and/or baling of junk, scrap, paper, bottles, rags or similar materials is prohibited. See Sec. III-B.14.e, III-B.15.3, III-B.17.e and III-B.18.e for limitations on other Outdoor Storage in LC, OW, IP-A and IP.
- ee. Tattooing and Body Piercing Facilities.** All Tattooing and Body Piercing Facilities within the City shall be located in the GC, OW, IP, LI GI or AFB zoning District and shall be subject to the following stand-

ards:

- (1) All facilities shall be located a minimum of 200 feet from a school, park or residential zoning District. This distance shall be measured from the nearest lot line of the School, Park or residential zoning District to the nearest lot line of the premises on which the Tattooing and/or Body Piercing Facility is located or of any Parking Area designated to be used by the patrons of such businesses, whichever is closest. For purposes of this measurement, the required Parking Spaces for such a business located within a multi-tenant Structure or shopping center are those located nearest the public entrance to the business.
- (2) All Tattooing and Body Piercing shall be conducted within an enclosed building.

ff. Sexually Oriented Business

- (1) **Sexually Oriented business in the County.** Sexually Oriented Businesses shall be permitted in the unincorporated area of the County only when such business is properly licensed with the County pursuant to the County's Adult Entertainment Code (Article VIII of Chapter 17 of the *Sedgwick County Code*), and only when such business is in compliance with the requirements of said Adult Entertainment Code. No Sexually Oriented Business in the County shall be located less than 1,000 feet from a Church or Place of Worship, School, public Park, residential Dwelling Unit or other adult entertainment establishment, all as defined in the Adult Entertainment Code, subject to the amortization provisions set forth in the Adult Entertainment Code and in Sec. VII-J.1 herein.
- (2) **Sexually Oriented business in the City.** Sexually Oriented Businesses shall be permitted in the City only when such business is properly located pursuant to this Code and is licensed with the City pursuant to Chapter 3.05 of the Code of the City of Wichita, and only when such business is in compliance with the requirements set out in this Code and Chapter 3.05 of the Code of the City of Wichita. No Sexually Oriented Business in the City shall be located less than 500 feet from a church, school, public park, licensed Day Care center, the boundary of any residential District, the boundary of the OT-O District and from any other adult entertainment establishment defined in Chapter 3.05 of the Code of the City of Wichita, subject to the amortization provisions set forth in that Chapter and in Section VII-J.2 herein.

gg. Mining or Quarrying, sand and gravel extraction. Sand and gravel extraction operations shall be subject to the following conditions:

- (1) The extraction operation on the Site shall proceed in accordance with an operational plan approved by the Planning Commission. The perimeter of the lake excavation shall conform to the approximate size and shape indicated on the approved operational plan. To assist in the enforcement of the operational plan, a copy of the

approved operational plan shall be posted in the extraction office.

- (2) The operational plan shall illustrate which area is to be excavated and at what time.
- (3) As part of the Conditional Use approval, the development plan for Uses after the conclusion of the extraction operation shall be submitted to the Planning Director for review and a recommendation to the Planning Commission as to whether or not the development plan is compatible with surrounding land uses, the *Comprehensive Plan* or other plans or policies being utilized by the City or County.
- (4) Abutting the perimeter of the application area, a minimum 60-inch high Fence shall be constructed prior to the beginning of any extraction operation and shall be maintained at the locations depicted on the approved operational plan. Said Fence shall be placed on steel posts that are not less than seven feet tall. The posts shall not be set more than 16 feet apart. The Fence shall be a minimum height of 60 inches and shall be of the following types of construction:
 - (a) a 48-inch high or higher chain link Fence with three or more strands of barbed wire; or
 - (b) a 48-inch high or higher solid metal or solid masonry Screening Wall with three or more strands of barbed wire; or
 - (c) a 48-inch high or higher wood Fence that may have cracks or openings not in excess of five percent of the area of such Fence, with three or more strands of barbed wire; whereby
 - (d) the term "barbed wire" shall mean any twisted wire with barbs spaced a minimum of four inches apart and placed at the top of the Fence and gate at an angle not to exceed 160 degrees facing away from the excavation.
- (5) The extraction shall be to at least a minimum depth of six feet below the normal water table, as determined by the Director of Sedgwick County Code Enforcement.
- (6) The Owner of the property shall be responsible for minimizing blowing dust from the Site. To minimize blowing soil, overburden shall not be removed more than six months in advance of the lake being expanded into an area, unless the ground is covered within the next planting season with a perennial drought-resistant grass or combination of which will permit the establishment of sod cover to help prevent erosion. As part of the required operational plan, the site shall be divided into at least two distinct areas for the purpose of showing phased excavation over time.
- (7) All slopes shall have vegetative covering consisting of a perennial drought-resistant grass or combination of grasses that will permit the establishment of sod cover to help prevent erosion.

- (8) To provide for bank stabilization and safety of future uses, the side slopes of the extraction shall be no steeper than five horizontal to one vertical.
- (9) Sufficient overburden material shall be retained in the area of extraction to grade and construct the banks so they are formed with overburden material rather than sand.
- (10) The property shall be platted prior to the issuance of any zoning or Building Permits, except those permits necessary for the extraction operation.
- (11) No commercial recreational activities, such as boating, fishing, skiing, etc., shall be permitted in the development area, unless duly authorized under provisions of this Code and amendments thereto.
- (12) The applicant shall submit a restrictive covenant to the Planning Department in a form satisfactory to the City or County legal counsel (as applicable), prior to the commencement of any extraction operation, providing that no foreign matter, such as rubbish, trees, car bodies, etc., shall be deposited on the application area or within the extraction area.
- (13) The storage of equipment or stockpiling of sand or overburden is not permitted closer than 100 feet to any public right-of-way or closer than 50 feet to any property line.
- (14) Nothing in the approval of a Conditional Use shall be construed to permit a contractor's material and equipment storage yard. Within 60 days after completion of the extraction operation, the land surrounding the lake shall be properly graded and planted with a vegetative cover. Also, all stockpiled sand or overburden and sand pumping and related equipment shall be removed from the subject site.
- (15) The length of time for the extraction operation and the hours of operation for removal of the overburden shall be set at the time of approval of the Conditional Use. Subject operation is to cease after that period of time with all equipment and materials associated with the operation removed from the premises.
- (16) Hours of operation for the removal of overburden shall be limited to 6:00 a.m. to sunset. The same hours of operation shall apply if sand removal is conducted with the use of non-electric driven equipment. If sand is removed with the use of an electrical pump, sand extraction may operate 24 hours a day.
- (17) All on-site water and sewage facilities shall be approved by and constructed to the standards of the Department of Code Enforcement for the County or Department of Environmental Services for the City.
- (18) Any water wells needed to operate the facility must comply with the Water Well Construction Standards contained in Article 30 of the Kansas Department of Health and Environment rules and regulations.

- (19) The applicant shall make the Site available to the Department of Code Enforcement for land in the County or Department of Environmental Services for land in the City for the installation and management of groundwater monitoring wells.
- (20) Any on-site storage of fuels or chemicals must be approved by the Sedgwick County Department of Environmental Resources for land in the County or Department of Environmental Services for land in the City.
- (21) A drainage plan shall be submitted to and approved by City or County Public Works (as applicable) prior to starting the extraction operation. All of the area included within the fenced sand extraction operation shall be graded in accordance with the approved drainage plan. Additional requirements, such as a public drainage easement, a floodway reserve, or a covenant authorizing the area of the Site for use as a detention storage facility for public drainage purposes, may be required as a condition of approval for the drainage plan.
- (22) All operational roads shall be maintained in a sand or graveled condition and shall be treated water or other acceptable dust retardant to minimize blowing dust.
- (23) All applicable local, state, and federal permits necessary for the extraction operation shall be obtained and maintained.

hh. Vehicle and Equipment Sales, Outdoor, in GC. Outdoor Vehicle and Equipment Sales shall be subject to the following standards when located within the GC District.

- (1) Visual Screening of areas Contiguous to residential zoning Districts shall be provided to protect Adjacent properties from light, debris and noise and to preserve Adjacent property values even when the change in Use to Vehicle and Equipment Sales replaces a previous Use that is of equal or greater Intensity. In no case shall Screening be less than that required by Secs. IV- B.1-3.
- (2) All Parking, Outdoor Storage and display areas shall be paved with concrete, asphalt or asphaltic concrete or comparable hard surfacing material. Parking barriers shall be installed along all perimeter boundaries Abutting streets, except at driveway entrances or where Fences are erected, to ensure that parked Vehicles do not encroach onto public right-of-way.
- (3) The lighting shall be in compliance with the lighting standards of Sec. IV- B.4. No string-type or search lighting shall be permitted.
- (4) The noise levels shall be in compliance with the compatibility noise standards of Sec. IV-C.6. Outdoor speakers and sound amplifica-

tion systems shall not be permitted.

(5) No repair work shall be conducted except in an enclosed Building.

ii. **Day Reporting Centers.** Day Reporting Centers as defined by this Code shall always be considered Conditional Uses and subject to Sec. V-D (Conditional Use review procedures). Day Reporting Centers shall be subject to the following standards:

- (1) compliance with all applicable federal, state and local regulatory requirements, and
- (2) if such facilities are not directly operated by a unit of government they shall meet licensure requirements that further specify minimum service standards.

jj. **Farmer's Markets in the City as an Accessory Use in Certain Districts.**

Farmer's Markets, as defined by this Code, shall be allowed as an Accessory Use within the LC, OW, GC, IP, CBD, LI and GI zoning Districts within the City. The Zoning Administrator may authorize Farmer's Markets only in allowed zoning Districts, and subject to the following restrictions and limitations.

- (1) A Farmer's Market must be operated by a designated "market operator" who shall obtain a license or licenses as may be required, including Sec. 3.94 of the Code of the City of Wichita. Generally, sales of agricultural, farm, garden aquacultural products or fruits grown within the State of Kansas by producers or growers and their agents are exempt from licensing under Section 3.95 of the Code of the City of Wichita.
- (2) Prior to issuance of required licenses, the market operator shall provide the Zoning Administrator with a site plan that clearly identifies:
 - (a) the approximate dimensions of the area being used;
 - (b) the proximity to buildings, parking lots, right-of-ways or other such areas; and
 - (c) a description of any structure, implement, stand, display prop, or other such items used for the farmer's market, including Signs, banners or other attention getting devices.

The Zoning Administrator shall approve the site plan prior to the issuance of required licenses.

- (3) A Farmer's Market shall not occupy any part of the required off-street Parking Space(s) for the Principal Use unless such is indicated

on the site plan and approved by the Zoning Administrator.

- (4) Vendors whose goods are primarily fresh produce, grains, fruits, garden aquacultural products or other agricultural products, including meat and dairy products, shall account for no less than fifty percent of the total number of vendors in any single Farmer's Market.
 - (5) Farmer's Markets are temporary in nature and may operate no more than five calendar days per month only Monday through Friday during the months of April through October and only between the hours of 6 a.m. and 9 p.m., with the exception of Farmer's Markets operated on City-owned property.
 - (6) There shall be no permanent storage allowed upon the site, other than that approved for the Principal Use.
 - (7) No additional lighting, other than that approved for the Principal Use, shall be allowed.
 - (8) No additional signage, other than that approved for the Principal Use, shall be allowed; except, as shown in the site plan approved by the Zoning Administrator.
 - (9) Proposed Farmer's Markets located within a CUP, P-O or any other approved special purpose or Overlay District that does not allow the uses of the LC District or more intense shall not be licensed, except as authorized by way of Administrative Adjustment or applicable amendment.
 - (10) Activities of such nature as to be considered an amusement ride, ride device, circus, carnival, rodeo or wild animal show per the Code of the City of Wichita shall be permitted only when so licensed by applicable governing agencies.
 - (11) All electrical connections, erections of temporary structures/tents, etc. shall be in compliance with applicable codes and regulations and shall be permitted/licensed as applicable.
- kk. Rodeo, in the City** Rodeos, in the City, shall be subject to the following standards:
- (1) Animals that are to be ridden, roped, raced or otherwise participate in Rodeo events shall be penned in by fencing materials that meet normally accepted industry standards and are normally used to confine livestock.
 - (2) Animals that are to be ridden, roped, raced or otherwise participate in Rodeo events shall be maintained in normally accepted industry standards with respect to handling, penning, veterinarian or ferrier care, feed, and water, waste collection, storage and disposal. Waste shall be collected often enough to minimize odor and fly infestation. Grain shall be stored in enclosed containers to minimize fly and rodent infestation.

- (3) Animals shall be maintained and treated in accordance with Chapter 6.04 of the Code of the City of Wichita.
- (4) The noise levels shall be in compliance with the compatibility noise standards of Sec. IV-C.6. Outdoor speakers and sound amplification systems shall not be permitted, except as approved under the Community Events Ordinance as set forth in Sec. III.D.6.kk(11).
- (5) The lighting shall be in compliance with the lighting requirements of of Sec. IV-B.4. No string type or search lighting shall be permitted.
- (6) All Parking Areas and vehicle circulation drives shall be paved with concrete, asphalt or asphaltic concrete or comparable hard surfacing material, except as approved under the Community Events Ordinance as set forth in Sec. III.D.6.kk(11).
- (7) Hours of operation shall be limited to 7:00 a.m. to 10:00 p.m., Sunday through Thursday, and 7:00 a.m. to 12:00 midnight on Friday and Saturday.
- (8) For Rodeos not utilizing outside storage of livestock:
 - (a) a minimum Lot Area of three acres is required; and
 - (b) there must be at least 500 feet separation between the property line on which the Rodeo will be held and the Lot Line of any residentially zoned Lot, or existing Single-Family or Duplex Uses, unless separated by a Major Barrier.
- (9) Even though listed as a permitted use in certain Districts, Rodeos with Outdoor Storage or penning shall require Conditional Use review and approval per Section V-D of this Code if any Rodeo on the site is to occur more than two days per calendar year, except temporary outdoor penning of livestock for no longer than 12 continuous hours is permitted without Conditional Use approval.
- (10) For Rodeos with Outdoor Storage or penning of livestock:
 - (a) a minimum lot area of five acres is required;
 - (b) there must be at least 1,200 feet separation between the property line on which the rodeo will be held and the lot line of any residentially zoned lot, or any existing single-family or two-family uses, unless separated by a “major barrier.”
- (11) Rodeos held on property owned by the City of Wichita or Sedgwick County are exempt from the requirements of this code, provided that approval is obtained per the requirements of the Community Events Ordinance in Chapter 3.11 of the Code of the City of Wichita.

II. Parks and Recreation in IP-A. In the IP-A district, Parks and Recreation shall not be permitted if the Use would attract more than 25 spectators and/or participants per acre at any one time.

mm. Vehicle Storage Yard in RR. Only Lots developed with a residence as the Principal Structure are eligible to apply for a Conditional Use to per-

mit outdoor vehicle storage in excess of those permitted as an Accessory Use (see Sec. II-B.10.d and Sec. IV-E.7.1). A Vehicle Storage Yard, approved as a Conditional Use in the RR District shall be subject to the following minimum standards, provided, however, the Planning Commission may establish additional conditions if determined necessary in order to protect Adjacent property Owners and the public interest. All applicable requirements, inspections and permits shall be in place prior to the commencement of Vehicle storage.

- (1) **Location.** The storage area shall be located behind the property's Principal Structure; and at no time shall any Vehicles be driven or Parked on or over any component of onsite wastewater treatment systems.
- (2) **Area.** For sites two acres or less in area, a Vehicle Storage Yard may occupy up to 11 percent of the property's square footage; for sites greater than two acres the area devoted to the Vehicle Storage Yard shall not exceed 10,000 square feet.
- (3) **Use.** The Vehicle Storage Yard shall be used for the storage of licensed operable Vehicles only, and in no case shall it be used for sales, repair work, dismantling, or mechanical servicing of any Vehicles or equipment, or for storage of materials or supplies. Non-mechanical servicing such as replacing windshield washer fluid, light bulbs and interior cleaning shall be allowed.
- (4) **Setbacks.** The minimum Setback for any stored Vehicles from any residence constructed before the Conditional Use is approved shall be 20 feet. The Setback requirements can be modified or waived if the applicant demonstrates there is sufficient Screening to substitute for the Setback protections.
- (5) **Paving.** The storage area and all entrance/exit drives on private property shall be surfaced with an all-weather surface that meets the approval of the Director of County Code Enforcement and shall be maintained in good condition and free of weeds, trash and other debris.
- (6) **Screening.** Visual Screening of areas Contiguous to residential zoning Districts shall be provided to protect Adjacent properties from light, debris and noise, and to preserve Adjacent property values. In no case shall Screening be less than that required by Sec. IV-B.1-3, unless the applicant demonstrates adequate Screening may be provided through alternative means, and the requirements imposed by Sec. IV-B.1-3 would be overly burdensome on the applicant.
- (7) **Lighting.** If lighting facilities are provided, lighting shall be in compliance with lighting standards of Sec. IV-B.4.
- (8) **Noise.** The compatibility noise standards of Sec. IV-C.6 shall be complied with provided, however, outdoor speakers and sound amplification systems shall not be permitted.

nn. Event Center in the County, Church or Place of Worship, Community Assembly and Farmer's Market in the County in RR. In the RR district only, an Event Center in the County, Church or Place of Worship, Community Assembly or Farmer's Market in the County on property with less

than 20 acres requires a Conditional Use and is subject to the standards of this section. Event Center in the County, Church or Place of Worship, Community Assembly or Farmer's Market in the County are permitted by-right on sites of 20 acres or greater, including road right-of-way, if it complies with the standards of this section.: When the uses listed above do not comply with the standards listed in this section a Conditional Use is required and shall be subject to the development standards established by the Governing Body.

- (1) Maximum building occupancy is limited to that established by building and/or fire officials utilizing applicable building or fire code standards.
- (2) Buildings, events and activities shall comply with applicable building, fire, sanitation, life-safety and other applicable codes.
- (3) Seating or attendance at outdoor events shall be limited to the maximum number of occupants permitted by the minimum required parking.
- (4) Required parking for an Event Center in the County shall be provided at the rate of one space per four occupants or as established by a parking study. Parking for Church or Place of Worship and Community Assembly shall be per the off-street standards listed in the Code for each use. Parking for Farmer's Market in the County shall be one space per 333 square feet of exhibition and sales area. Parking spaces for persons with disabilities shall be paved. Parking, drive aisles and circulation areas for uses shall be rock or material designated by County officials unless a rock or paved driveway 50 feet in length, measured from the right of way line and is at least six inches thick, is provided and maintained, and the use is not open to the public more than 100 days per year. If a rock or paved driveway 50 feet in length, measured from the right of way line and is at least six inches thick, is provided and maintained, the parking and circulation aisle surface may be grass. All parking shall be located on-site. The event operator or the property owner must maintain a logbook or calendar that accurately indicates the date(s) per month the site will be in use.
- (5) Sites offering both indoor and outdoor events shall require parking for the use with the highest parking requirement.
- (6) Drainage shall be addressed at the time of platting, change of occupancy or as part of building permit review.
- (7) Building and activity areas (other than a driveway) shall be setback 100 feet from property lines.
- (8) Access control shall be as determined by Sedgwick County Traffic Engineer.
- (9) Signage shall be per County Sign Code.
- (10) The service of food and drink may be permitted both indoor and outdoor as part of the operations of the facility provided that the service complies with all applicable regulations. The service of any alcoholic liquor or cereal malt beverage is permitted only with applicable licenses.

- (11) Portable toilets shall not be placed within the 100-foot building setback.
- (12) Prior to use of the property for the stated use, the applicant shall submit for review and approval by the Director of Planning or his designee a detailed site plan that depicts existing and/or proposed: property boundaries, buildings, structures, access points, driveways, location and number of parking spaces, outdoor lighting, location of dumpsters, setbacks, outdoor seating or activity areas. At a minimum, the site plan shall be to scale and/or have enough dimension control to verify: site size, size of improvements, buildings or activity areas, location of improvements, buildings, or activity areas, and parking, circulation drives, and access points or any other pertinent details as requested by County staff.
- oo. Mobile Food Unit in the City. Mobile Food Unit in the City, as defined by the Code, shall be allowed as an Accessory Use to a Public and Civic Use, as defined by the Code, in any zoning District; as an Accessory Use within the LC, OW, and IP Districts; as a Principal Use in the LC District with Conditional Use approval; and as an Accessory Use or Principal Use within the GC, CBD, LI, and GI Districts. The Zoning Administrator may authorize a Mobile Food Unit in the City only in conformance with the license requirements of Sec. 3.15 of the Code of the City of Wichita.
- pp. Renewable Energy Systems. Renewable energy systems, as defined by this Code and where permitted, shall always be considered Conditional Uses and subject to Sec. V-D (Conditional Use review procedures). Renewable energy systems shall be subject to the following:
- (1)** All wind energy conversion system (WECS) are prohibited within the unincorporated portion of Sedgwick County and the City of Wichita.
 - (2)** For all SECS applications, a site plan shall be submitted in compliance with the requirements provided by the Site Plan Guidelines for Conditional Use Application and shall provide the following supplemental information:
 - (a)** Information shall be provided relative to the solar technology to be used (i.e. polycrystalline PV, monocrystalline PV, Cadmium Telluride PV, evacuated tube solar thermal, flat plate solar thermal, etc.); approximate number of solar modules/panels; system mounting (i.e. fixed-tilt on flat roof, fixed-tilt groundmount, 1-axis tracking groundmount, etc.); the maximum height of the array from the ground or roof surface; the maximum height of any new utility poles; and power capacity of the system, in both DC and AC Watts where applicable; total acreage of array and acreage of total project; manner in which the project will connect (i.e. net meter to existing distribution line, to new distribution line, to transmission line); and, whether a new substation will be constructed. (If so, provide location and size).
 - (b)** If a SECS is proposed to be placed within one (1) mile of any airport or airstrip as shown on the Airport and Airstrip Map in-

incorporated herein by reference, the applicant shall provide acknowledgement of location approval from the Federal Aviation Administration prior to construction.

- (c)** The applicant shall provide a Solar Glare Hazard Analysis utilizing the latest version of the Solar Glare Hazard Analysis Tool (SGHAT), or its equivalent, per its user's manual to evaluate the solar glare aviation hazard. The full report for each flight path and observation point, as well as the contact information, shall be submitted to the Planning Director at least 30 days before the required public hearing for the Conditional Use Permit for the SECS. Any applicable SECS design changes (e.g. module tilt, module reflectivity, etc.) after initial submittal shall be rerun in the SGHAT tool and the new full report shall be sent without undue delay to the Planning Director for accurate records of the as-built system. The analysis shall provide an assessment of when and where glare will occur throughout the year.

 - 1.** If solar glare is predicted, the applicant shall provide mitigation measures to address the impacts of solar glare. Mitigation measures may include and are not limited to textured glass, anti-reflective coatings, screening, distance, and angling of solar PV modules in a manner that reduces glare to surrounding land uses of non-participating property owners.
- (d)** The applicant shall submit an Environmental Assessment to EPA standards that addresses the project's impact, if any, on: wildlife habitat; bird migration; the projects potential to cause bird and bat strikes or death; officially listed flora and fauna; and flood zones.
- (e)** The applicant shall provide information that addresses: storm-water drainage, soil erosion, sediment control, and will detail how same will be addressed, prevented or enhanced by grading, re-vegetation or other standard construction practices in accordance with the reclamation recommendations of the Sedgwick County Conservation District. Damage to existing vegetation shall be minimized. Disturbed areas shall be reseeded in accordance with the reclamation recommendations of the Sedgwick County Conservation District. Weed control shall be maintained as directed by the Sedgwick County Noxious Weed Department.
- (f)** The applicant shall provide an evaluation of potential impacts together with any plans and proposals for alleviating social and economic impacts upon local governments or special districts and alleviating environmental impacts which may result from the proposed facility.
- (g)** The applicant or developer shall meet with the appropriate department of public works, and/or Kansas Department of Transportation to determine what roads may be used as transportation routes for construction and maintenance, and shall provide

a map of the route(s) to be used in Sedgwick County. No building or construction permit shall be issued until the applicant submits proof that appropriate permits and any required guarantees dealing with road damage or maintenance can be provided.

- (h)** The applicant shall provide a list of all Local, State and Federal agencies requiring approval and a copy of such approval, including all required studies, reports and certifications. In the event that a State or Federal Agency has not yet approved a required study, report or certification, then the enforcement of the conditional use permit shall be subject to receipt of a copy of such approval, unless good cause is shown to the satisfaction of the Planning Director.
- (i)** The SECS shall not exceed thirty-five feet (35') in height; provided, however, said height restriction shall not apply to substation facilities or transmission lines.
- (j)** All SECS structures shall be setback from the project boundary lines and public rights-of-way at least forty (40) feet. Additional setbacks may be required to mitigate site specific issues or to provide for access, road or commercial corridors.
- (k)** The SECS shall be enclosed by perimeter fencing at least 8 feet tall to restrict unauthorized access. No outdoor storage of any materials or equipment is permitted.
- (l)** On-site communication lines and power collection lines are to be installed underground. Above ground utility or power lines may be used only in public rights-of-way, easements or other legally dedicated land permitting such uses, or when conditions on-site are found to make installation of such lines or facilities impractical or infeasible, such as existing underground pipelines, utilities or high groundwater.
- (m)** There shall be no signage allowed on the SECS with the exception of safety and emergency contact signs, warning signs, directional or project identification signs.
- (n)** The SECS should be located to make maximum use of existing terrain, vegetation and structures to screen the Project from off-site views. To the greatest extent possible, SECS should be sited such that non-shading vegetation and/or existing structures are located between the facility and public and private viewpoints. Landscaping and/or screening may be required to help screen the SECS.
- (o)** The applicant shall identify the potential fire risk associated with the project, including both prescribed burning and non-prescribed burning.
- (p)** No SECS shall be placed such that concentrated solar glare casts onto adjacent properties or roadways.

- (q)** No lighting over 15 feet in height shall be installed on renewable energy facilities unless approved as part of the conditional use review process and is required by local, state or federal requirements. No light source greater than one foot-candle shall be directed off-site. Security or safety lighting of the SECS and accessory structures shall be limited to the minimum necessary and full cutoff lighting (e.g., dark sky compliant) may be required when determined necessary to mitigate visual impacts. Lighting shall be shielded and downcast such that the light does not spill onto the adjacent parcel or the night sky. Motion sensor control is preferred.
- (r)** The applicant(s) shall provide a site and facility reclamation and decommissioning plan which indicates the planned life of the SECS and the means by which the facility and its site will be decommissioned and reclaimed at the end of the facility's life. Said reclamation and decommissioning plan shall certify that any owner of land within the SECS and its site who is not the applicant(s) has been consulted in development of the reclamation and decommissioning plan. If the permit is granted, the plan shall be updated every five (5) years until site reclamation and decommissioning is complete. Before final inspection by public officials, the applicant shall provide evidence that the decommissioning plan, and amendments thereto, have been recorded with the Register of Deeds. The reclamation and decommissioning plan shall provide that, at the end of the project's life; or array component of an SECS, all, or the appropriate portion, of the site's equipment and access roads shall be removed from the site and the site shall be returned to original condition, or restored to such condition as to allow a use compatible with surrounding uses as determined by the Planning Director, or to such condition as agreed to by the landowner and the SECS owner, developer, and/or operator. The landowner may choose to have access roads left intact.
- (s)** Upon final approval of the Conditional Use, construction shall begin within two years from the date of final approval; otherwise, the conditional use approval shall be deemed to be null and void unless an extension to begin construction is administratively approved by the Director of Planning. The Director of Planning is authorized to administratively grant a one-time, up-to-one year extension for construction to begin. Extensions for more than one year require a public hearing and approval by the Metropolitan Area Planning Commission. Construction for a SECS will be considered to have begun once the first array of solar panels has begun to be installed.
- (t)** Any other issues or concerns that are identified relative to a specific request for a Renewable Energy System may be included within the information required for consideration of the Conditional Use Permit.

7. Accessory Uses. Principal Uses specified as Permitted Uses or Conditional Uses by the District regulations of this article shall be deemed to include Accessory Uses and activities that are necessarily and customarily associated with, and appropriate, incidental and subordinate to the Principal Uses allowed in zoning Districts. Accessory Uses and activities shall be subject to the same regulations as apply to Principal Uses in each District, except as otherwise provided in these regulations (See Sec. III-D.7.e).
 - a. Agricultural Accessory Uses. In addition to the Accessory Uses specifically listed in Sec. III-D.7.b, agricultural Uses shall include Accessory Uses and activities customarily associated with agricultural operations, as determined by the Zoning Administrator.
 - b. Residential Accessory Uses. Residential and agricultural Uses shall include, but not be limited to, the following Accessory Uses, activities and Structures:
 - (1) antennas and support structures for AM/FM radio and television reception, amateur radio, and private dispatch systems;
 - (2) gardens;
 - (3) garage sales;
 - (4) Garages, carports and Private Parking Areas;
 - (5) gates and guard houses;
 - (6) Mobile Food Unit in the City, accessory to a construction site of two acres or larger
 - (7) storm shelters and fallout shelters;
 - (8) Home Occupations, subject to Sec. IV-E;
 - (9) playhouses, patios, cabanas, porches, gazebos and incidental household storage buildings;
 - (10) recreational and play facilities for the use of residents;
 - (11) solar energy systems;
 - (12) Storage of Vehicles and equipment in the City.
 - (a) The following Accessory Uses shall be permitted in the City of Wichita when such are the personal property of the occupant of the Dwelling Unit, provided that such Accessory Uses shall not occupy any part of the required front Yard and/or required street side Yard:
 - 1) Motor Vehicles (except Inoperable Vehicles);
 - 2) boats;
 - 3) Trailers that are exempt from Motor Vehicle registration by the State of Kansas or are registered or are required by law to be registered with a 2M+ Kansas license plate; and
 - 4) unoccupied Recreational Vehicles.
 - (b) No Outdoor Storage of equipment, materials or Vehicles used in a Home Occupation shall be allowed as a residential Accessory Use.
 - (13) *Parking for more than 72 hours and/or storage of Motor Vehicles and equipment in the County.

- (a) The following Accessory Uses shall be permitted in the unincorporated area of the County when such are the personal property of the occupant of the Dwelling Unit and are Screened as specified in Section 19-22 of the Sedgwick County Code:
 - 1) Parking and/or storage of Motor Vehicles whether operable or inoperable;
 - 2) Parking and/or storage of boats;
 - 3) Parking and/or storage of Trailers that are exempt from Motor Vehicle registration by the State of Kansas or are registered or are required by law to be registered with a 8M Kansas license plate;
 - 4) Parking and/or storage of unoccupied Recreational Vehicles;
 - 5) storage of construction equipment with less than 50 horsepower.
 - (b) No Outdoor Storage of equipment, materials or Vehicles used in a Home Occupation shall be allowed as a residential Accessory Use except as otherwise permitted by Sec. IV-E.6.
 - (14) Other necessary and customary Uses determined by the Zoning Administrator to be appropriate, incidental and subordinate to the Principal Use on the Lot, subject to compliance with any development and performance standards imposed by the Zoning Administrator as a means of ensuring land use compatibility.
- c. Commercial and industrial, manufacturing and extractive Accessory Uses. Commercial Uses shall include, but not be limited to, the following Accessory Uses, activities and Structures:
- (1) antennas and support structures for AM/FM radio and television reception, amateur radio, and private dispatch systems;
 - (2) Dwelling Units for security or maintenance personnel;
 - (3) gates and guard houses;
 - (4) cafeterias, dining halls and similar food services when operated primarily for the convenience of employees, residents, clients, or visitors to the Principal Use;
 - (5) gift shops, newsstands and similar commercial activities operated primarily for the convenience of employees, residents, clients, or visitors to the Principal Use;
 - (6) Mobile Food Unit in the City, subject to Sec. III-D.6.00
 - (7) Parking Garages and off-street Parking Areas;
 - (8) recreation areas and facilities for the use of employees;
 - (9) other necessary and customary Uses determined by the Zoning Administrator to be appropriate, incidental and subordinate to the Principal Use on the Lot, subject to compliance with any development and performance standards imposed by the Zoning Administrator as a means of ensuring land use compatibility.
- d. Public and civic Accessory Uses. Public and civic Uses shall include Accessory Uses and activities customarily associated with the purpose and function of the Principal Use, including but not limited to the following:

- (1) refreshment stands and food and beverage sales located in uses involving public assembly;
 - (2) cafeterias, dining halls and similar food services when operated primarily for the convenience of employees, residents, clients, patients or visitors to the Principal Use;
 - (3) gift shops, news stands and similar commercial activities operated primarily for the convenience of employees, residents, clients, patients or visitors to the Principal Use;
 - (4) Mobile Food Unit in the City, subject to Sec. III-D.6.oo
 - (5) Other necessary and customary Uses determined by the Zoning Administrator to be appropriate, incidental and subordinate to the Principal Use on the Lot, subject to compliance with any development and performance standards imposed by the Zoning Administrator as a means of ensuring land use compatibility.
- e. Accessory use development and performance standards. The following property development standards shall apply to all Accessory Uses and Structures in the most restrictive District through the MH District unless otherwise specifically provided.
- (1) Rear Setback. Accessory Structures shall be set back at least ten feet from the centerline of any platted or dedicated Alley, and if no Alley exists, then five feet from the rear Lot Line. Accessory Structures may not utilize more than one-half of any required rear Yard.
 - (2) Front Setback. Accessory Structures shall not be located nearer to the front property line than the Principal Structure except on Lots five acres or more in area where the Front Setback for Accessory Structures shall be the same as required for Principal Structures.
 - (3) Side Setbacks. Accessory Structures shall comply with the Side Setback standards for Principal Uses, provided that an Accessory Structure shall not be required to set back more than three feet from an interior side Lot Line when all parts of the Accessory Structure are located more than one-half the depth of the Lot behind the front property line. Accessory Structures may not utilize more than one-half of any required side Yard.
 - (4) Corner Lot Setbacks. Whenever located on a Key Lot, Accessory Structures shall not project beyond the Front Setback line required on the Lot in the rear of such Key Lot.
 - (5) Setbacks from easements. No Accessory structure shall be located on any platted or recorded easement, or over any known utility.
 - (6) Height. No Accessory Structure shall exceed 60 percent of the allowable height requirements of the District unless the Accessory Structure conforms to all Setback requirements for Principal Structures in that District.

- (7) Building separation. Unless attached to the Principal Structure, Accessory Structures shall be located at least three feet from the Principal Structure.
- (8) Required Parking. No Accessory Structure or Use shall eliminate or reduce the amount of off-street Parking or Loading required by this Code.

E. PROPERTY DEVELOPMENT STANDARDS

The property development standards established by this Code shall be considered minimum standards for each and every Building or Structure existing on March 25, 1996, and for any Building or Structure hereafter erected or structurally altered. No land required for Setbacks or for Lot Area for an existing Building or Structure or required for any Building or Structure hereafter erected or Structurally altered, shall be counted as a Setback or Lot Area for any other Building or Structure.

Property development standards schedules. The following property development standards schedules provide tabular summaries of the dimensional and site development standards applicable within residential and nonresidential zoning Districts. The schedules are intended for reference and do not necessarily reflect all of the regulations that may apply to particular Uses or Districts. In the event of conflict between these property development standards schedules and the zoning district standards set out in Secs. III-B and III-C, the standards of Secs. III-B and III-C shall control. The compatibility standards of Sec. IV-C may require greater setbacks or allow lesser heights than specified in either the property development standards schedules or the zoning district standards. Also, other applicable City or County development codes may have requirements that take precedence.

1) Standards may be higher if private water or septic; minimum area for nonresidential established by County Health Dept.
2) Maximum height = 45 feet if located at least 25 feet from all lot lines; no height limit for barns, silos and similar farm buildings.
3) Minimum lot width = 35 feet for single-family; 50 feet for all other uses.
4) One foot of additional height is allowed for each foot of setback beyond minimum required setbacks.
5) 40 feet for lots within MH subdivisions; 200 feet for MH parks; 100 feet for all other uses.
6) For zero lot line developments, see the property development standards section of the use district.
7) 5,000 square feet for lots within MH subdivisions; 5 acre minimum lot area for MH parks in the city; minimum lot area of MH parks in the county determined by County Department of Code Enforcement.
8) See Section III-B.d.(4).

1. No interior side setback is required in these districts, but if a side setback is provided it must be at least five feet in width.
2. Height may be increased above the 60 and 80 foot limits allowed. In the GO district, one foot of additional height is allowed for each foot of setback beyond minimum required setbacks. In the LC, GC, LI and GI districts, two feet of additional height is allowed for each one foot of setback beyond minimum required setbacks.
3. Minimum lot sizes are required for residential uses (see specific district); minimum lot sizes are established by County Health Dept. for use of private water or septic.

1. Property development standards.

- a. District size. District size refers to amount of Contiguous land area with the same zoning District classification.
- b. Lot Area. Lot Area refers to the amount of horizontal land area within Lot Lines. No building permit or development approval shall be issued for a Lot that does not meet the minimum Lot size requirements of this Code except in the following cases.
 - (1) Reduction for public purpose. When an existing Lot is reduced as a result of conveyance to a federal, state or local government for a public purpose and the remaining area is at least 75 percent of the required minimum Lot Area for the District in which it is located, then that remaining Lot shall be deemed to comply with the minimum Lot Area standards of this Code.
 - (2) Utility facilities. Utility facilities using land or an unoccupied building requiring less than 1,000 square feet of site area are exempt from the minimum Lot Area requirements of all zoning Districts.
 - (3) Single-Family Dwelling Unit exemptions. The minimum Lot Area requirements of this Code for Districts permitting Single-Family Dwelling Units shall not be interpreted as prohibiting the construction of a Single-Family Residential Dwelling Unit on a Lot of Record that existed prior to adoption of zoning for subject property.
- c. Lot Width. Lot Width refers to the horizontal distance between the side Lot Lines as measured along a straight line parallel to the front Lot Line or the chord thereof. The minimum Lot Width shall be measured between the side Lot Lines along the line that is parallel to the front Lot Line and located the minimum Front Setback distance

from the front Lot Line. In the case of cul-de-sac Lots, the minimum Lot Width may be measured between the side Lot Lines along the line that is parallel to the front Lot Line and located at the actual front Building Setback Line.

- d. Density. Density refers to the number of Dwelling Units for each (gross) acre of land. Density shall be calculated by dividing the number of Dwelling Units by the Lot Area (in acres).
- e. Setbacks. Setbacks refer to the unobstructed, unoccupied Open Space between the furthestmost projection of a structure and the property line of the Lot on which the Structure is located, except as modified by the standards of this section. Setbacks shall be unobstructed from the ground to the sky except as specified in this section.
 - (1) Features allowed within Setbacks. The following structures and features may be located within required Setbacks:
 - (a) trees, shrubbery or other features of natural growth; except that, within the City and those portions of the county along urban standard roads (curbs and gutters), when shrubbery or other features of natural growth have more than 80 percent opacity, the maximum height along the side Lot Line shall not exceed three feet within 20 feet of its intersection with the street right-of-way line, and further that along any Lot Line within 20 feet of the intersection of the street right-of-way with an ingress/egress driveway, the minimum height shall not exceed three feet.
 - (b) Fences or Screening Walls that do not exceed eight feet in height as measured on the side of the Fence with the least vertical exposure above finished grade; except that within the City and in those portions of the County along urban standard roads (curbs and gutters), for Fences or Screening Walls with more than 80 percent opacity, the maximum height along the side Lot Line shall not exceed three feet within 20 feet of its intersection with the street right-of-way line, and further that along any Lot Line within 20 feet of the intersection of the street right-of-way with an ingress/egress driveway, the maximum height shall not exceed three feet.
 - (c) driveways, patios and sidewalks;
 - (d) Signs, if permitted by applicable Sign Code;
 - (e) bay windows, architectural design embellishments, and cantilevered Floor Areas of Dwelling Units that do not project more than two feet into the required Setback;
 - (f) eaves that do not project more than two and one-half feet into the required Setback;
 - (g) open outside stairways, decks, entrance hoods, terraces, canopies and balconies that do not project more than five feet into a required Front or Rear Setback nor more than two feet into a required Side Setback;
 - (h) chimneys, flues and ventilating ducts that do not project more than two feet into a required Setback and when placed so as not to obstruct light and ventilation;

- (i) open, unenclosed Porches and carports that do not project more than eight feet into a required Front Setback nor more than five feet into a required Rear Setback;
 - (j) utility lines, wires and associated structures, such as power poles, or bus shelters;
 - (k) detached unenclosed canopy structures over motor fuel pump islands, drive-throughs, bank aisles, and Automated Teller Machines, provided that the supports for the structures and the equipment they cover shall be located at least ten feet from the right-of-way, and provided that no portion of the canopy shall project over the public right-of-way, utility easements, required landscape area, required Setback Abutting a residential zoning District, or any Abutting property line. Whenever the equipment ceases to be used for its purpose, the equipment and, all canopies shall be removed within 90 days or prior to conversion of the property to another use, whichever occurs first.
 - (l) window wells not over eight inches above grade may project a maximum of 44inches, including all structural elements.
 - (m) condensing units may be placed in accordance with the provisions of Secs. III-D.7.e(1) and III-D-7.e(3).
- (2) Setbacks measured from proposed rights-of-way. In areas where a development plan for road improvements has been approved and adopted by the Governing Body, minimum Front Setbacks shall be measured from the proposed right-of-way line.
- (3) Setbacks from major roadways. The minimum zoning District Setbacks notwithstanding, in the unincorporated area of the County no Building shall be erected, enlarged, moved in or reconstructed so as to be closer to the centerline of the roadway than is set forth in the following table:

Road	Minimum Setback (feet from center-line)
U.S. 54-U.S. 400	150
K-15	150
K-96	150
K-254	150
U.S. 81	125
K-42	125
K-296	125
K-53	125
Arterial Streets	100
Section Line Roads	85
Other Roads	
Urban Standards	60
Rural Standards	65

- (4) Conflict with Building Setback Lines on recorded plats. If the minimum Setback standards imposed by this Code conflict with Building Setback Lines shown on valid, recorded plats, or with the remaining Building Setback Lines that are modified by a valid, recorded vacation order, the minimum Setback shall be the same distance shown on the valid, recorded plat or vacation order.
- (5) Setback averaging.
 - (a) Residential Districts. If the existing Front Setbacks of developed Lots within the same block and same residential zoning District and fronting on the same side of the Street are less than the required Front Setback of the Underlying residential zoning District, applicants shall be allowed to use the "average" Front Setback on the block. In such cases, the "average Front Setback" shall be the mean (average) Front Setback of all Lots on the same side of the street within the same block as the subject property. In no event shall nonresidential Uses or undeveloped Lots be included in the calculation of the average Setback, and in no case shall more than five Lots on either side of the subject property be included in the calculation. This provision shall not be interpreted as requiring a greater Front Setback than imposed by the Underlying zoning District, and it shall not be interpreted as allowing Setbacks to be reduced to a level that results in right-of-way widths dropping below the minimums established by the *2020 Transportation Plan* adopted by the Governing Bodies in December, 1994, and amended from time to time.
 - (b) Nonresidential Districts. If the existing Front Setbacks of developed Lots within the same block and fronting on the same side of the street are less than the required Front Setback of the Underlying nonresidential zoning District, applicants shall be allowed to use the "average" Front Setback on the block. In such cases, the "average Front Setback" shall be the mean (average) Setback of all Lots on the same side of the street within the same block as the subject property. This provision shall not be interpreted as requiring a greater Front Setback than imposed by the Underlying zoning District, and it shall not be interpreted as allowing Setbacks to be reduced to a level that results in right-of-way widths dropping below the minimums established by the *2020 Transportation Plan* adopted by the Governing Bodies in December, 1994, and amended from time to time.
- (6) Front Setbacks on Corner Lots. In the case of Corner Lots, a Front Setback shall be provided along the shorter street frontage, except that residential Key Lots platted after March 25, 1996, shall provide a Front Setback along all street exposures.
- (7) Setbacks reduced for public purpose. When an existing setback is reduced as a result of conveyance to a federal, state or local government for a public purpose and the remaining Setback is at least 75 percent of the required minimum Setback for the District in which it is located, then that remaining Setback shall be deemed to be in compliance with the minimum Setback standards of this Code without resort to the Board of Zoning Appeals.

- (8) Rear Setbacks Adjacent to Alleys. Where an Alley has been platted or otherwise dedicated Adjacent to the rear of a Lot, half the width of the Alley may be included in the rear Yard Setback requirement.
- f. Height. Building Height refers to the vertical distance between the average finished grade at the base of the building and: (a) the highest point of the coping of a flat roof; (b) the deck line of a mansard roof; or (c) the average height level between the eaves and ridge line of a gable, hip or gambrel roof. In the case of Fences or Screening Walls, height shall be measured on the side with the least vertical exposure above finished grade of the Building or Structure being Screened to the top of the Fence or Screening Wall.
- (1) Exemptions from height standards. The following Structures and features shall be exempt from the Height requirements of this Code to the extent indicated, except that the compatibility standards of Sec. IV-C shall still be applicable for all structures and features other than utility poles:
- (a) chimneys, smokestacks or flues;
 - (b) cooling towers and ventilators;
 - (c) elevator bulkheads and stairway enclosures;
 - (d) fire towers;
 - (e) utility poles;
 - (f) belfries, spires and church steeples;
 - (g) tanks, water towers, and silos;
 - (h) monuments and ornamental towers;
 - (i) Wireless Communication Facilities, provided that no portion of the tower, antenna, aerial or any anchor or guy may encroach upon the land area or Open Space of any required Front Setback or into any utility easement, and provided that Wireless Communication Facilities that are under City or County government franchise or ownership shall be permitted within the utility easements so long as they otherwise adhere to utility easement agreements.
 - (j) Energy Generating Structures not exceeding 45 feet in height, provided that such Structure shall not be located in any required Setback nor be located closer to any Adjacent property than the height of the Energy Generating Structure;
 - (k) Noncommercial, ground or structure supported, antennas and aerials that do not exceed a total height of 60 feet above natural grade, provided that no portion of the tower, antenna, aerial or any anchor or guy may encroach upon the land area or Open Space of any required Front Setback or into any utility easement, provided that noncommercial, ground or structure supported antennas and aerials that are under City

or County government franchise or ownership shall be permitted within the utility easements so long as they otherwise adhere to utility easement agreements. This 60-foot height limit shall not apply if, after reviewing the application the Zoning Administrator determines that the antenna complies with the following standards:

- 1) the antenna structure shall not be located any closer to an interior side property line, a rear property line or utility easement, than one-half of the height of the structure; and
- 2) no antenna shall exceed the height permitted by Federal Communications Rules and Regulations pertaining to the Amateur Radio Service and Citizens Radio Service.

ARTICLE IV

SITE DEVELOPMENT STANDARDS

SECTIONS

A. OFF-STREET PARKING AND LOADING

1. Applicability. The standards of this section shall apply to all new Development and to existing Development that is modified to the extent that it includes Uses or Buildings that were not specifically shown on previously approved plans, provided that Development in the CBD and OT-O districts shall be exempt from compliance with the Parking, queuing and Loading regulations in Secs. IV-A.4, IV-A.11 and IV-A.14.

- a. No reduction below minimum requirements.** Existing Parking and Loading Spaces shall not be reduced below the minimums required in this section. Any change in Use of a Building or Lot that increases the off-street Parking as required under this Code shall be unlawful and a violation of this Code until such time as the off-street Parking complies with the provisions of this Code.
- b. New Development.** Off-street Parking and Loading facilities shall be provided for any new Building constructed and for any new Use established, in accordance with the standards of this section.
- c. Enlargements of existing Development.** Except as provided in this section for existing Multi-Family Dwelling Units and nonresidential Uses, when an existing Structure or Use is expanded or enlarged, accessory off-street Parking shall be provided in accordance with the off-street Parking schedule of Sec. IV-A.4.

(1) Multi-Family Dwelling Units in existence prior to July 16, 1991.

When additional Dwelling Units are added to an apartment building or apartment complex that was in existence prior to July 16, 1991, only the additional Dwelling Units shall be required to provide off-street Parking Spaces in accordance with these regulations. The construction of additional Dwelling Units shall not trigger a requirement that off-street Parking Spaces be provided for the apartment Dwelling Units in existence prior to July 16, 1991.

(2) Nonresidential Use in existence prior to July 16, 1991.

When the expansion of a nonresidential Use in existence prior to July 16, 1991 and not having sufficient Parking to meet the Parking regulations that became effective on that date does not exceed ten percent of the total Floor Area of the existing Use, only the additional Use area shall be required to comply with the off-street Parking standards of Sec. IV-A.4, and such expansion of the existing Use shall not require additional Parking Spaces to be provided for the existing Use.

- d. Remodeling of existing Development.** When an existing Structure or Use is remodeled, rehabilitated or altered such that the value of the remodeling exceeds 50 percent of the value of the Structure being remodeled or altered, off-street Parking shall be provided in accordance with the off-street Parking schedule of Sec. IV-A.4.
- e. Nonconformity status.** A land use that was legally established shall not be deemed a nonconformity solely as a result of providing fewer off-street Parking and Loading Spaces than required in this article.

2. Parking Area improvements. Off-street Parking shall be prohibited on un-surfaced areas.

- a. Low-density residential Developments.** Parking areas and driveways for Single-family, Duplex, or Multi-Family with three- or four Dwelling Units shall be surfaced with an All-Weather Surface, except however, that such Developments located on unpaved Streets may be of the same material as the Streets. Within 90 days after the Streets are paved, the Parking Areas and driveways shall be improved with an All-Weather Surface.
- b. All other Developments.** . All Parking areas, Loading areas and driveways on all Developments other than low-density residential Developments shall be surfaced with concrete, asphaltic concrete, asphalt or other comparable surfacing and shall be maintained in good condition and free of all weeds, dust, trash and other debris.

3. Use and maintenance of Setback areas and Yards not devoted to off-street Parking. Required Setback areas and Yard areas, except where surfaced for Parking, Loading and circulation aisles, shall be Landscaped with grass, shrubs, trees or groundcover, and shall be maintained in good condition.

4. Off-street Parking schedule. Off-street Parking Spaces shall be provided in accordance with the following off-street Parking schedule.

- a. Unless noted otherwise, “square feet” means “gross floor area” or “gross leasable area,” whichever is determined by OCI to be the appropriate category on which to make the calculation.
- b. Parking study indicates that the applicant may submit a parking demand analysis that substantiates the number of spaces proposed by the applicant. If an analysis is not submitted, staff will select a use that is most similar to the proposed use and use that parking standard.

5. Computing Parking and Loading requirements.

- a. **Multiple Uses.** Lots containing more than one Use shall provide Parking and Loading in an amount equal to the total of the requirements for all Uses, unless a shared Parking plan is approved pursuant to Sec. IV-9.
- b. **Fractions.** When measurements of the number of required spaces result in fractions, any fraction of less than one-half shall be disregarded and any fraction of one-half or more shall be rounded upward to the next highest whole number.
- c. **Floor Area.** Unless otherwise noted in the provisions, all square footage based Parking and Loading standards shall be computed on the basis of gross Floor Area within the Principal Building. Off-street Parking shall be adequate, however, to serve the entire Use, including outdoor display areas and other outdoor uses.
- d. **Employees, students and occupant-based standards.** For the purpose of computing Parking requirements based on the number of employees, students, residents or occupants, calculations shall be based on the largest number of persons working on any single shift, the maximum enrollment or the maximum fire-rated capacity, whichever is applicable.
- e. **Unlisted Uses.** Upon receiving a development application for a Use not specifically listed in this section, the Zoning Administrator shall apply

the Parking and Loading requirements specified for the listed use that is deemed most similar to the Use proposed in the application.

6. Location of required Parking. Except as provided in Secs. IV-A.9 and IV-A.10, all required off-street Parking Spaces shall be provided upon the same zoning Lot as the Principal Use. The location of required off-street Parking Spaces shall not interfere with normal traffic flow or with the operation of queuing and backup areas.

a. Parking and circulation areas within Setbacks. Off-street Parking Spaces, including ingress and egress drives, and circulation aisles, shall not occupy any part of a required Front Setback or any part of a required Street Side Setback, except for the following:

- (1) required Setbacks in the NO through GI Districts not otherwise required to be Landscaped;
- (2) ingress and egress drives providing access to required off-street Parking and Loading Spaces;
- (3) circular driveways for Single-Family Dwelling Units when the Lot is of sufficient size to comply with all other applicable regulations, including, in the City of Wichita Chapter 10.16 of the City Code, provided, however, that the Open Space area between the circular driveway and the public right-of-way line shall not be less than eight feet in depth and Landscaped with a combination of shrubs, trees, grass and other landscaping materials;
- (4) additional accessory off-street Parking for Single-Family and Duplex dwellings shall be permitted within the required Setbacks in residential zoning Districts when the Setback area of the Lot is Abutting a street having on-street Parking limitations and there is no reasonable access to the Interior Side or Rear Setbacks, provided, however, the total surfaced area within the required Setback shall not exceed 750 square feet or 50 percent of the required Setback, whichever is less;
- (5) additional accessory off-street Parking for Single-Family and Duplex dwellings shall be permitted within 50 percent of the required Setbacks in residential subdivisions wherein Street widths have been reduced with a direct stipulation that additional off-street Parking be provided;
- (6) additional accessory off-street Parking for Single-Family dwellings on a surfaced area Contiguous to an ingress driveway when there is no reasonable access to the Side or Rear Setback, provided, however, the total surfaced area within the required Setback shall not exceed 750 square feet or 50 percent of the required Setback, whichever is less;
- (7) Parking on ingress and egress driveways for Single-Family and Duplex dwellings when the parking is additional accessory off-street Parking; and
- (8) Parking on an existing surfaced driveway when a portion of an existing Single-Family dwelling is converted to dwelling

purposes by utilizing the required off-street Parking Space.

b. Distance from Building or Use. No required off-street Parking Space shall be located more than 600 feet from the Building or Use it is intended to serve, measured along the shortest legal, practical walking route. This standard shall not apply to Parking Spaces provided for Auditoriums, Stadiums, assembly halls or other places of assembly, nor shall it apply to Hospitals or community or regional shopping centers or industrial, Wholesaling, Manufacturing or business park uses.

c. Garages and carports. Space within a carport or Garage may be used to satisfy off-street Parking standards.

7. Use of required off-street Parking Areas. Required off-street Parking Spaces shall be reserved for the sole use of the occupants of the Building or Lot, and the visitors thereto. Required Parking Spaces shall specifically not be used for the storage, sale or display of goods or materials, including shopping cart storage corrals, or for the sale, repair or servicing of Vehicles. Parking Areas providing required Parking Spaces shall not be used to satisfy required off-street Parking for new Structures or additions to existing Buildings, Structures or uses of land. Required Parking Spaces shall be maintained and shall not be reduced so long as the Main Building, Structure or Use remains, unless an equivalent number of such Parking Spaces are provided elsewhere.

8. Parking Spaces for persons with disabilities. A portion of the total number of required Parking Spaces in each off-street Parking Area shall be specifically designated, located and reserved for use by persons with disabilities.

a. Number of spaces. The minimum number of Parking Spaces to be provided shall be a portion of the total number of Parking Spaces required, as determined from the following schedule. Parking Spaces reserved for persons with disabilities shall be counted toward fulfilling the overall off-street Parking standards.

Total Parking Spaces Required	Accessible Spaces Required
25 or Less	One
26-50	Two
51-75	Three
76-100	Four
101-150	Five
151-200	Six
201-300	Seven
301-400	Eight
401-500	Nine

Total Parking Spaces Required	Accessible Spaces Required
501-1,000	Two percent of total spaces

Over 1,000	20 plus one per each 100 spaces over 1,000
One in every eight accessible spaces, but not less than one, shall be van accessible.	

- b. Minimum dimensions.** All Parking Spaces reserved for persons with disabilities shall comply with the size requirements of the Americans With Disabilities Act and other applicable codes.
 - c. Location of Parking Spaces.** Required Parking Spaces for persons with disabilities shall be located in close proximity to Building entrances and shall be designed to permit occupants of Vehicles to reach the Building entrance on an unobstructed path with a minimum width of three feet. The Zoning Administrator may require that off-street Parking Spaces provided for persons with disabilities be dispersed throughout the project if deemed necessary to ensure safe, convenient and accessible Parking Spaces for all users of the project.
 - d. Signs and marking.** Required Parking Spaces for persons with disabilities shall be designated with Signs as required by the Americans with Disabilities Act and other applicable codes.
- 9. Shared Parking.** The Zoning Administrator may authorize a reduction in the number of required Parking Spaces for multiple use Developments or for Uses that are located near one another and that have different peak parking demands and operating hours. Shared Parking shall be subject to the following standards.
- a. Location.** Shared off-street Parking Spaces shall be located no further than 600 feet from the Buildings and Uses they are intended to serve. Off-site Parking Spaces shall not be separated from the use by an arterial Street, expressway, or freeway unless a grade-separated pedestrian walkway is provided.
 - b. Shared parking analysis.** A parking analysis acceptable to the Zoning Administrator shall be submitted that clearly establishes that Uses will make use of the shared Parking Spaces at different times of the day, week, month or year. The study shall:
 - (1)** Address the size and type of activities, the composition of tenants, the rate of turnover for proposed shared Parking Spaces, and the anticipated peak Parking and traffic loads;
 - (2)** Provide for a reduction by not more than 50 percent of the combined Parking required for each Use; and
 - (3)** Provide for no reduction in the number of Parking Spaces reserved for persons with disabilities.
 - c. Agreement for shared parking plan.** A shared parking plan

shall be enforced through written agreement. An attested copy of the agreement between the Owners of record shall be submitted to the Register of Deeds for recordation on forms made available in the office of the Zoning Administrator. Proof of recordation of the agreement shall be presented to the Zoning Administrator prior to issuance of a Building Permit.

- d. Revocation of Permits.** Failure to comply with the shared Parking provisions of this section shall constitute a violation of this Code and shall specifically be cause for revocation of a certificate of occupancy.
 - e. Parking for religious, educational and health-care related institutional uses.** For religious, educational and health-care related institutional uses, Parking areas may be separated from the zoning Lot on which such Use is located by a public or private Street or Alley and still be considered as onsite Parking, provided the subject Parking area is under the same ownership as the Use being served, and the zoning classification of the separate Lot is not more restrictive than that of the main Zoning Lot on which the primary Use is located.
- 10. Off-site Parking.** Required off-street Parking Spaces shall be located on the same Zoning Lot as the Use the Parking Spaces are intended to serve, provided that the Zoning Administrator may permit up to 50% of the required Parking Spaces to be located on a remote Lot, which is defined as a Lot separated by a Street, Alley or Lot under separate ownership or control from the Lot on which the Principal Use is located. The Zoning Administrator, in conjunction with the Planning Director, may authorize up to 100% of the required Parking Spaces to be located on a separate lot when the following standards are met.
- a. Necessity.** The applicant shall demonstrate that it is not feasible to locate all of the required Parking on the same Lot as the Principal Use.
 - b. Location.** No required off-site Parking Space shall be located more than 600 feet from the primary entrance of the Use served, measured along the shortest legal, practical walking route. Off-site Parking Spaces shall not be separated from the Use by an arterial Street, expressway or freeway unless a grade-separated pedestrian walkway is provided.
 - c. Zoning classification.** Off-site parking areas shall require the same zoning classification as required for the Use served, or a zoning classification that permits a commercial Parking Area, or have received Conditional Use approval for Parking Area (and/or accessory drive), Ancillary.
 - d. Agreement for off-site Parking.** In the event that an off-site Parking Area is not under the same Ownership as the Principal Use served, a written agreement shall be required. An attested copy of

the agreement between the Owners of record shall be submitted to the Register of Deeds for recordation on forms made available in the office of the Zoning Administrator. Proof of recordation of the agreement shall be presented to the Zoning Administrator prior to issuance of a Building Permit.

- e. **Parking for religious, educational and healthcare related institutional uses.** For religious, educational and health-care related institutional uses, Parking areas may be separated from the Zoning Lot on which such use is located by a public or private Street or Alley and still be considered as onsite Parking, provided the subject Parking area is under the same ownership as the Use being served, and the zoning classification of the separate Lot is not more restrictive than that of the Zoning Lot on which the primary Use is located.

11. Queuing requirements for drive-through facilities. In addition to meeting the off-street Parking requirements of this section, drive-through facilities shall meet the following standards.

- a. **Queue space schedule.** The minimum number of queue spaces required shall be as follows. Variations from these minimums may be allowed based on a traffic study submitted for review and approval by the Traffic Engineer. Queue spaces may not utilize public right-of-way.

Use Type	Minimum Spaces	Measured From
Bank teller lane	Five	Teller or window
Automated teller machine	Three	Teller
Restaurant drive-through	Six	Order box*
Car Wash stall, automatic	Three per 20 linear feet of stall	Entrance
Car Wash stall, self-service	Four	Entrance
Gasoline pump island	30 feet from each end of pump island	
Other	To be determined by County Engineer in County or Traffic Engineer in City based on Traffic Study	

* If there is no order box, the spaces shall be measured from the pick-up window.

- b. **Dimensions.** Queue spaces shall be a minimum of ten feet by 20 feet in size.

12. Parking Area design standards. Off-street Parking Areas shall be designed and installed in accordance with applicable City and County standards, including the City Public Works Department's *Typical Standards for Off-Street Parking*.

- 13. Parking plans.** A parking plan shall be submitted to the Zoning Administrator for review and approval prior to the issuance of any Building Permit, Use or occupancy permit, except in the case of Single-Family dwellings that may be approved without a parking plan. The parking plan and layout shall be approved only after the Zoning Administrator determines that the plan complies with all applicable standards relating to: arrangement of Parking Spaces; number, location and dimensions of Parking Spaces; adequate aisle widths and markings for channelization appropriate to the type of design; adequate turn-arounds, if needed; the location and width of adequate means of ingress and egress; and where required or necessary, the location and height of required Screening and the location of protective bumper guards. Where the required Screening Walls and Landscaped areas conflict with applicable intersection visibility standards, the Zoning Administrator shall order the parking lot to be re-designed and the required Screening to be relocated so as not to interfere with intersection visibility.
- 14. Off-street Loading schedule.** Off-street Loading Spaces shall be provided in accordance with the following schedule.

Use Type	Minimum Number of Spaces
Hospitals, Nursing Homes and Convalescent Care Facilities with gross Floor Area of 10,000 square feet or more	One per 30,000 square feet
Hotels with gross Floor Area of 10,000 square feet or more	One per 100,000 square feet
Offices with gross Floor Area of 10,000 square feet or more	One per 100,000 square feet
Funeral Homes	One per 5,000 square feet
Commercial, industrial, manufacturing, Warehousing Uses with gross floor area of 5,000 square feet or more	One per 25,000 square feet for the first 100,000 square feet; one per 50,000 square feet beyond the first 100,000 square feet
Day Care Centers with 11 or more capacity	One per ten students

- 15. Loading area design standards.** Off-street Loading areas shall be designed and installed in accordance with applicable City and County standards, including the City Public Works Department's *Typical Standards for Off-Street Parking*.
- 16. Parking Area lighting standards.** All lighted Parking Areas shall comply with the lighting standards of Sec. IV-B.4.

B. SCREENING AND LIGHTING

- 1. Purpose.** The Screening and lighting standards of this section are intended to protect residential Districts from adverse visual impacts associated with non-residential Development.
- 2. Applicability.** Screening shall be provided on all properties developed for all Uses except Single-Family and Duplex when such Uses are established on property within, Abutting, or across a Street or Alley from residential zoning Districts, except when separated by a Major Barrier.
- 3. Screening Standards.** Solid Screening shall be required except in those situations where a landscaped street yard or landscape buffer sufficient to comply with Sec. IV-B.c-e are allowed. Screening may be provided by Screening Fences, Screening Walls, vegetation, landscaped earth berms or, by Landscaping per the Wichita Landscape Ordinance in certain locations within the City of Wichita.
 - a.** Screening Fences or Screening Walls shall be not less than six feet nor more than eight feet in height, except that within 20 feet of Street Right-of-Way Line in the Front Setback, the Height shall be reduced to three feet.
 - b.** When Solid Screening is required and vegetation or landscaped earth berms are proposed for the Solid Screening, a landscape plan shall be submitted to the Planning Director and the Zoning Administrator for review and approval.
 - c. Additional landscaped street yard standards.**
 - (1) General.** A landscaped street yard per the Wichita Landscape Ordinance may replace Solid Screening in the Front Setback or in a Street Side Setback or Rear Setback where the Building façade functions as a front façade, with no overhead doors, queuing lanes or additional Screening requirements per Sec. IV-B.3.e between the Building and the Lot Line.
 - (2) Screening for Manufactured Home Park.** Where the Manufactured Home Park Abuts an arterial or collector Street, Screening shall be provided to prevent the passage of debris and light and to mitigate adverse visual impacts. Screening shall be in the form of a Screening Wall or Fence constructed of brick, stone, concrete masonry, stucco, concrete, wood, or other similar material or in the form of evergreen vegetation. Said Screening requirement shall apply only to Manufactured Home Parks developed on property for which the MH zoning District is established after June 23, 2006.
 - d. Screening along interior side and rear yards.**
 - (1) General.** Screening of all nonresidential Uses shall be provided along all side or rear Lot Lines Abutting or across an Alley from a residential zoning District and screening of Multi-Family and Manufactured Home Park Uses shall be provided along all side or rear Lot Lines Abutting or across an Alley from property zoned TF-3 or more restrictive.

- (2) Solid Screening with Fencing,** Screening Walls, evergreen vegetation or landscaped earth berm may be omitted for Multi-Family, Manufactured Home Park, office and institutional uses along any side or rear Lot Line, or portion thereof, whenever such development provides at least a 15-foot- wide Landscape buffer Contiguous to such Lot Line or portion thereof. The buffer shall provide a minimum of one shade tree or equivalent ornamental tree or evergreen tree and five shrubs for every 30 linear feet of Abutting Lot Line and/or Contiguous property line or one shade tree or equivalent ornamental tree or evergreen tree every 20 linear feet without shrubbery, in either case with at least one-third of all plant material being evergreen, or applicable standards of the City of Wichita Landscape Code if these are more stringent.

e. Screening of mechanical equipment and outdoor work and storage areas.

- (1) Nonresidential Screening from ground level view.** Except along local or collector Streets bounded on both sides by the LI or GI district, screening shall be provided on all nonresidential Development sufficient to reasonably hide from ground level view all loading docks, trash receptacles, ground level heating, air conditioning and mechanical equipment, freestanding coolers or refrigeration units, Outdoor Storage including Portable Storage Containers, outdoor work areas or similar uses from any residential zoning District or public Street Right-of-Way located within 150 feet of such Uses.
- (a)** Screening for Portable Storage Containers in the LC District may be satisfied by meeting the requirements in Sec. III-B.14.e(3)(e). If these conditions are not met, Solid Screening shall be provided with a Screening Wall or Screening Fence as required in this section of the Code.
- (b)** Screening for Portable Storage Containers in the GC and more intensive Districts may consist of the wall(s) of the Portable Storage Container if the container has no openings or signs facing a public Street or Adjacent property in a residential zoning District and if the wall(s) match the predominant material and colors of the existing Structure or are an earth tone color that complements and appears inconspicuous against the color of the Principal Building when these conditions are met:
- 1)** Located at least five feet behind the wall line of the Principal Building that faces a Street,
 - 2)** Meets Side and Rear Setback requirements for Buildings, are separated by no more than ten feet from the Principal Building except when screened from view of a residential zoning District, residential Use or arterial Street by Landscaping, earth berms or by other nonresidential Buildings; and are located at least 20 feet from any Abutting property zoned TF-3 or more restrictive, or

If these conditions are not met, Screening shall be provided with a Screening Wall or Fence as required in this section of the Code.

- (2) Nonresidential Screening from roof-mounted equipment.** Except along local or collector Streets bounded on both sides by the LI or GI district, roof-mounted heating, air conditioning and mechanical equipment on new buildings located within 150 feet of a residential zoning District or public Street Right-of-Way either shall be screened from ground level view or set back a minimum of five feet from the top edge of the building wall for every foot in height above the height of the wall.
 - (3) Trash receptacles, mechanical equipment and outdoor work and storage areas in Multi-Family and Manufactured Housing District.** Screening to sufficiently hide from ground level view shall be required for trash receptacles, mechanical equipment and outdoor work and storage areas on properties developed for Multi-Family or Manufactured Home Park uses from any residential zoning District or public Street Right-of-Way located within 150 feet of these Uses.
- f. Driveway openings on alleys.** Whenever properties are developed Abutting an Alley, Screening may be omitted at driveways deemed essential for ingress and egress from the Alley to Uses established on the property.
 - g. Use of screening areas.** Landscaped yards required by this section shall not be used for driveways, Parking, Loading, Outdoor Storage, outdoor display, work areas, recreational areas, Signs or similar uses.
 - h. Materials used in screening walls and fences.** Screening Walls and Fences shall be constructed of standard building materials customarily used for Wall and Fence construction such as brick, stone, concrete masonry, stucco, concrete or wood.
 - i. Deferral of screening requirements.** If Screening exists on either side of a developing property line that meets or exceeds the standards of this section, additional Screening shall not be required. However, if at any time the existing Screening fails to meet the requirements of this section, compliance shall be attained by the property owners in the less restrictive zoning District.
- 4. Lighting Standards.** Outdoor lighting sources, including base or pedestal, pole and fixture, shall employ cut-off luminaries to minimize light trespass and glare, and shall be mounted at a height not exceeding one-half the distance from the neighboring Lot, unless evidence is provided to the satisfaction of the Zoning Administrator that the light source will be aimed or shielded such that the light source is not visible from the neighboring Lot. Lighting sources shall be limited to 15 feet in height within 200 feet of residential zoning Districts.

C. COMPATIBILITY STANDARDS

1. **Purpose.** The compatibility standards of this section are intended to preserve and protect residential neighborhoods.
2. **Applicability.**
 - a. **Setbacks and height.** Compatibility standards for Setbacks and Height shall apply to all uses in MF-18 and less restrictive base zoning Districts when such uses are located on Zoning Lots within 500 feet of property zoned TF-3 or more restrictive, except, however, that when the separating Street is a freeway or expressway, compliance with the compatibility standards shall not be required. Compatibility standards for Setbacks and Height shall also apply to all non-residential Uses in the RR, SF-20, SF-10, SF-5 and TF-3 Districts when such Uses are located on Zoning Lots within 500 feet of property zoned TF-3 or more restrictive, except however, that when the separating Street is a freeway or expressway, compliance with the compatibility standards shall not be required.
 - b. **Noise.** Compatibility standards for noise shall apply to all Uses in NO and more intensive base zoning Districts when such Uses are located on Zoning Lots that are within 500 feet of any property zoned MH or more restrictive.
 - c. **Site design standards.** Compatibility site design standards shall apply to swimming pool, tennis court, ball field or playground area associated with a Parks and Recreation facility (public) when such uses are located within 50 feet of property zoned TF-3 or more restrictive; and to dumpsters and refuse receptacles when such uses are located within 20 feet of property zoned TF-3 or more restrictive.
3. **Exemptions.**

Notwithstanding the applicability provisions of Sec. IV-C.2, the following shall not trigger the compatibility standards:

- a. Construction in the MF-18 or less restrictive base zoning District of a Use that is less intensive than the existing Uses on the Zoning Lots zoned TF-3 or more restrictive that are Contiguous or on the site across the Street shall not trigger compliance with the Setback or Height compatibility standards, but only with the noise compatibility standards.
- b. Structural alteration of an existing Building or Structure when such alteration does not increase the Floor Area or Height of a building;
- c. A change in Use to a Use that is no more Intensive than the existing Use.
- d. Property zoned TF-3 or more restrictive that is public right-of-way,

railroad track, Street, median or utility easement.

- 4. Compatibility Setback standards.** Compatibility Setback standards shall only apply to side and rear Lot Lines Adjacent to property zoned TF-3 or more restrictive. The minimum Building compatibility Setback shall be 15 feet plus one foot for each five feet of (subject tract) Lot Width over 50 feet. In no case shall the compatibility Setback standards alone require more than a 25-foot Setback.
- 5. Compatibility Height standards.** Compatibility Height standards. The following Height standards shall apply to Development that is subject to compatibility standards, unless reduced or waived through the provisions of Sec. V-I.2.
 - a.** No Structure shall exceed 35 feet in height within 50 feet of the lot line of property zoned TF-3 or more restrictive. Structures located more than 50 feet from the Lot Line of property zoned TF-3 or more restrictive may increase Height (if permitted by the base District regulations) at a ratio of one foot in Height for each three feet of Setback beyond 50 feet. For example, a Structure limited to 35 feet in Height at 50 feet from the Lot Line of property zoned TF-3 or more restrictive could be increased to a Height of 85 feet at a distance of 200 feet from the Lot Line of property zoned TF-3 or more restrictive.
 - b.** Wireless Communications Facilities shall not exceed a Height equal to the distance to the Lot Line of property zoned TF-3 or more restrictive. For example, a Wireless Communication Facility located 100 feet from the Lot Line of property zoned TF-3 or more restrictive cannot exceed a Height of 100 feet.
- 6. Compatibility noise standards.** No sound amplification system for projecting music or human voices shall be permitted on any property zoned NO or more intensive if the music and/or voices can be heard within any residential zoning District that is located within a 500-foot radius of the subject site.
- 7. Compatibility site design.** The following additional site design standards shall apply to development that is subject to compatibility standards.
 - a.** No swimming pool, tennis court, ball field or playground area associated with a Parks and Recreation facility (public) shall be permitted within 50 feet of an Abutting TF-3 or more restrictive district.
 - b.** Dumpsters and refuse receptacles shall be located a minimum of 20 feet from any property zoned TF-3 or more restrictive.

D. RESIDENTIAL-DESIGN MANUFACTURED HOMES

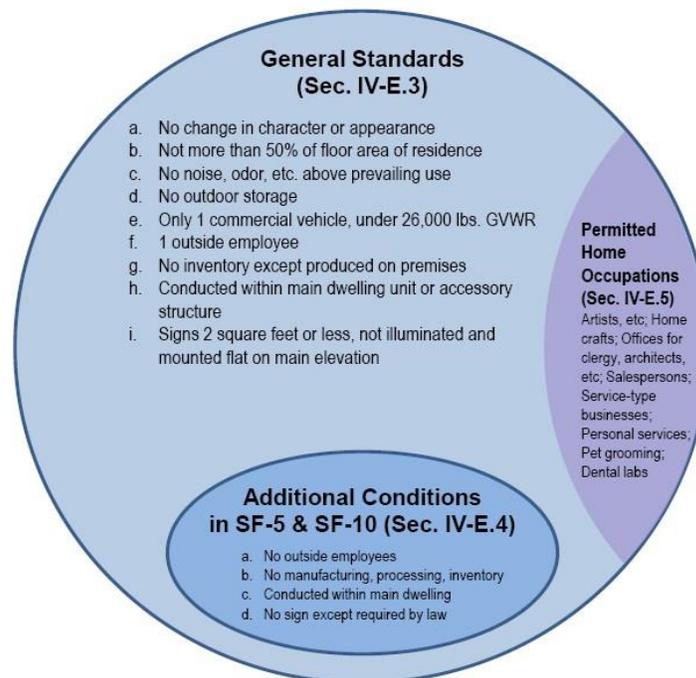

Residential-Design Manufactured Homes shall be subject to the following standards.

- 1. Roof.** The roof must be predominantly double-pitched and have a minimum vertical rise of 2.2 inches for every twelve inches of horizontal run, and must be covered with material that is customarily used on site-built dwellings, including approved wood, asphalt composition shingles, or fiberglass, but excluding aluminum, corrugated fiberglass, or metal roof. The roof shall have a minimum eave projection and roof overhang of ten inches, which may include a gutter.
- 2. Siding.** Exterior siding shall be of a material customarily used on site-built dwellings, which does not have a high gloss finish, such as wood, composition, simulated wood, clapboards, conventional vinyl or metal siding, brick, stucco or similar materials, but excluding smooth, ribbed or corrugated metal or plastic panels. Siding material shall extend below the top of the exterior of the foundation or curtain wall or the joint between siding and enclosure wall shall be flashed in accordance with building codes adopted by the Governing Body.
- 3. Installation.** The home shall be installed in accordance with the recommended installation procedures of the manufacturer and the standards set by the Building Codes of the Governing Body in Chapter 6, Article VII of Sedgwick County Code or Chapter 26.04 of the Code of the City of Wichita. A continuous, permanent concrete or masonry foundation or masonry curtain wall, unpierced except for required ventilation and access, which may include walk-out basements and garages, shall be installed under the perimeter of the home, also in accordance with the above-referenced codes.
- 4. Entrance landing area.** At the main entrance door there shall be a landing that is a minimum of three feet by three feet that is constructed to meet the requirements of the Building Codes adopted by the Governing Body.
- 5. Transport equipment.** All Manufactured Home running gear, tongues, axles, and wheels must be removed at the time of installation of the home on the lot.
- 6. Finished floor elevation.** The finished floor of the Residential-Design Manufactured Home shall be a maximum of 24 inches above the exterior finish grade of the Lot on which it is located, as measured at the main entrance into the Dwelling Unit.
- 7. Attached additions.** Any attached addition shall comply with the Building Codes adopted by the Governing Body. Architectural and aesthetic standards, as specified above, shall be applicable to all additions.
- 8. Garages.** Detached Garages that may be constructed on the same lot as a Residential-Design Manufactured Home shall comply with all requirements of the Building Codes adopted by the Governing Body and with all architectural and aesthetic standards, as specified above.
- 9. Installation in Historic District.** If the Residential-Design Manufactured Home is to be installed in a Historic District, a Certificate of Appropriateness shall be required to be obtained before a permit to install the home may be issued by the Zoning Administrator.

E. HOME OCCUPATIONS

The Home Occupation standards of this section are intended to permit the establishment of certain incidental and accessory Home Occupations in residential and rural areas under conditions that will ensure their compatibility with the character of the subject area. They are intended to permit residents to engage in Home Occupations that are compatible with residential land Uses and to ensure that Home Occupations do not adversely affect the integrity of residential and rural areas. A Home Occupation shall be considered an Accessory Use, subject to the following standards. This section of the Code divides those uses deemed suitable as a Home Occupation into two subcategories. The first subcategory includes those uses permitted as a Home Occupation in Dwelling Units regardless of the property's zoning, subject to applicable development standards, and are referred to as Home Occupations. The second Home Occupation subcategory includes additional uses, referred to as rural Home Occupations, that may be permitted in the RR and SF-20 zoning districts if they are operated in compliance with applicable standards described below.

Home Occupations (except those considered Rural Home Occupations)

- 1. Where allowed.** Home Occupations shall be permitted in any Dwelling Unit or permitted Accessory Structure unless otherwise prohibited or restricted by this section.
- 2. Use limitations.** In addition to all of the use limitations applicable to the District in which it is located, no Home Occupation shall be permitted unless it complies with the standards of this section.
- 3. General standards.** The following standards shall apply to all Home Occupations unless specifically modified by the standards of Sec. IV-E.4 or Sec. IV-E.6.f.

- a. No alteration of the Principal Building or premises shall be made that changes the character or appearance thereof.
 - b. The Home Occupation shall not occupy more than 50 percent of the gross Floor Area contained within the Dwelling Unit.
 - c. No equipment shall be used that creates noise, vibration, electrical interference, smoke or particulate matter emission, or odors that are in excess of ordinary and usual conditions prevailing in the immediate neighborhood as determined by the Zoning Administrator.
 - d. There shall be no Outdoor Storage of equipment, including but not limited to construction equipment, materials or Vehicles used in the Home Occupation unless allowed as a rural Home Occupation in the RR district.
 - e. No more than one Commercial Vehicle may be Parked inside or outside of a building and the one permitted Commercial Vehicle shall not exceed 26,000 pounds gross vehicle weight rating unless the Vehicle is associated with a rural Home Occupation as permitted by Sec. IV-E.8.1.
 - f. No more than one person other than persons occupying such Dwelling Unit as their residence shall be employed except that up to the equivalent of four persons may be employed in a Home Occupation in the SF-20 and RR districts. A full time employee is a person employed by, or who conducts business on behalf of, a rural Home Occupation in time increments of eight hours or more per day. A part time equivalent full time employee is defined as any person employed by, or who conducts business on behalf of, a rural Home Occupation in time increments of less than eight hours per day. Determination of an employee's status as a full time or part time equivalent on-site status shall be determined by payroll records, time cards or other business records. Employees or persons lacking a record on which to determine the employee's full time or part time equivalent shall be considered full time employees.
 - g. No inventory (except articles produced on the premises either by members of the immediate family residing on the premises or employees of the Home Occupation) shall be displayed or sold on the premises.
 - h. The Home Occupation shall be conducted entirely within the principal Dwelling Unit or in a permitted Accessory Structure.
 - i. No Sign shall be permitted larger than two square feet; provided that it shall not be illuminated and shall be mounted flat against the main face of the Dwelling Unit or Building involved.
- 4. SF-10 and SF-5 District standards.** The following standards shall apply in the SF-10 and SF-5 Districts. In the event of conflict with the general standards of Sec. IV-E.3, the specific SF-10 and SF-5 District standards of this section shall control.
- a. In the SF-10 and SF-5 Districts, no persons shall be engaged in a Home Occupation other than persons occupying the subject Dwelling Unit as their

residence.

- b.** In the SF-10 and SF-5 Districts, no Manufacturing or processing or conducting of a trade of any sort shall be done and no inventory shall be displayed or sold on the premises.
- c.** In the SF-10 and SF-5 Districts, the Home Occupation shall be conducted entirely within the main Dwelling Unit. In the SF-10 and SF-5 Districts, no Home Occupations shall be conducted within an Accessory Structure or Garage, whether attached or detached.
- d.** In the SF-10 and SF-5 Districts, no Sign shall be permitted except when required by law. When such a Sign is required, it shall not be larger than two square feet, provided that it shall not be illuminated and shall be mounted flat against the main face of the Dwelling Unit or Building involved.

5. Types of Home Occupations permitted. Home Occupations shall include the following list of occupations, plus uses that are similar in character; all other occupations shall be prohibited:

- a.** artists, authors or composers, dancers, music teachers, and other similar artists, including instruction thereof; provided that instruction shall be limited to not more than ten pupils at a time;
- b.** home crafts, such as model making, rug weaving, lapidary work, cabinet making, small appliance repairs, etc;
- c.** office facilities for ministers, rabbis and priests;
- d.** office facilities for architects, engineers, lawyers, doctors, dentists and members of similar professions;
- e.** office facilities for salespersons, sales representatives and manufacturer's representatives, when no retailing or wholesaling is made or transacted on the premises except through electronic means;
- f.** office facilities for service-type businesses such as insurance agents, brokers, decorators, painters, business consultants, tax advisors and photographers;
- g.** personal services, such as dressmakers, seamstresses, tailors, barber shops, and beauty shops;
- h.** pet grooming, but not including veterinary services or boarding;
- i.** dental laboratories;
- j.** Tattooing and Body Piercing Facilities (County); and
- k.** uses determined by the Zoning Administrator to be similar in character to those listed above.

ARTICLE V

DEVELOPMENT REVIEW PROCEDURES

SECTIONS

A. GENERAL

The following general requirements apply to all applications.

- 1. Authority to file applications.** The Planning Commission or the Governing Body may initiate any action under this Code with or without an application from the property owner. All notice, hearing and other procedural requirements of this Code shall apply to applications initiated by a public entity, except that written (mailed) notice to individual property owners shall not be required for general revisions.
- 2. Applications and fees.** Applications shall be submitted on forms provided by the department head responsible for accepting the application and in such numbers as required. Applications shall be accompanied by a non-refundable fee established by Governing Body to defray the costs of processing applications. Fees shall not be required with applications initiated by the Planning Commission or Governing Body. Any application that does not include required information or that is not accompanied by the required fee shall be returned to the applicant as incomplete and no further processing of the application shall occur until the deficiencies are corrected. A private access drive is only required to be part of the legal description for notification purposes if the Planning Director determines that the traffic on the access drive will be significantly more intensive in frequency or types of vehicles than uses that are permitted by right in the applicable zoning district.
- 3. Application processing cycles.** The Planning Director, after consulting with the Planning Commission and affected Governing Body, shall from time to time promulgate a processing cycle for each type of application. Each promulgated processing cycle shall include:

 - a.** dates of regular meetings of the review and decision bodies;
 - b.** the deadline for receipt of a complete application for consideration of such application at a particular meeting;
 - c.** the scheduling of staff reviews and staff reports on complete applications;
 - d.** all necessary steps in the application process (including hearings, decision meetings, and review by other bodies); and
 - e.** the publication of required notices of hearings.

4. **Development review sequence.** No subdivision, site plan or other application for development review shall be considered unless the application is consistent with the existing zoning of the subject property or, where permitted by this Code, such application is submitted simultaneously with a proposed zoning map amendment that would make the zoning and the proposed development consistent.
5. **Standing to appeal.** The following persons shall have the standing to appeal a matter under this Code: the applicant; the Planning Director; the Zoning Administrator; the Planning Commission; the Governing Body; any owner of land directly affected by the action or proposed action; any owner of land within 200 feet of the property in question in the City and within 1,000 feet of the property in question in the County; if the matter is partly or wholly within the Urban Area of Influence of a second or third class city in the County, by the Planning Commission or municipal government of that city; or by any other person determined by either the body taking the final, non-appellate, action or by the appellate body to be actually or potentially aggrieved by the action or proposed action.

B. NOTICES AND HEARINGS

The requirements and limitations of this section shall apply to hearings and hearing notices.

1. **Compliance with notice requirements.** Notice under this Code shall be deemed to be complete and in compliance with applicable requirements when there is substantial compliance with applicable notice requirements. Minor technical deviations from the requirements shall not be deemed to impair the notice where there is actual notice. When required written notices have been properly addressed and deposited in the mail, failure of a party to receive such notice shall not invalidate any subsequent action. In all cases, however, the requirements for the timing of the notice and for specifying the time, date and place of a hearing and the general location of the subject property shall be strictly construed. In all cases, where there is a question raised at the hearing regarding the adequacy of notice, the body hearing the matter shall make a formal finding as to whether there was substantial compliance with the notice requirements of this article.
2. **Scope of action.** The body holding the hearing may take any action on the application that is consistent with the notice given, including approving such application, approving the application with conditions or denying the application. The review body may impose conditions to the application or allow amendments to the application if the effect of the conditions or the amendments is to allow a less intensive use or zoning district than indicated in the application or to reduce the impact of the development or to reduce the amount of land area included in the application. The review body may not approve a greater amount of development, a more intensive use or a more intensive zoning district than was indicated in the notice.
3. **Continuance.** A hearing for which proper notice was given may be continued to a later date without again complying with the notice requirements of this article, provided that the hearing is set for a specific date and time.
4. **Notices.** The provisions of this section describe the various types of notices that may be required. The actual type of notice required for a given application is specified in the relevant section of this article.

- a. Published notice.** Notice required pursuant to this section shall be published in the official newspaper and shall indicate the time and place of the public hearing and a general description of the application. If such application affects specific property, the subject property shall be designated by legal description or a general description sufficient to identify the property under consideration. If a general description is used, the notice shall include a statement indicating where the complete legal description may be viewed.
- b. Written notice.** Notice required pursuant to this section shall be mailed to all owners of record of real property within the area to be altered and to all owners of record of real property located in the area to be notified surrounding the area proposed to be altered, before the public hearing, and shall indicate the time and place of the public hearing and a general description of the application. The required area of notification shall be such property located within at least 200 feet of the area proposed to be altered in the City and at least 1,000 feet of the area proposed to be altered in the County. For property located adjacent to or outside the city limits that is proposed to be altered by the City, the area of notification of the City's action shall be at least 1,000 feet. Notice of the County's action shall extend 200 feet in those areas where the notification area extends within the corporate limits of a city. In addition, it is the intent of this Code to give advisory notification to such additional persons as shall be specified by Planning Commission policy and as indicated on the application forms, provided that such advisory notification area shall not be used in the calculation for protest in Secs. V-C.10 or V-D.10. The written notice required herein shall be placed in the mail with the postmark to be not less than 20 days prior to the date of the public hearing.
- c. Downzonings.** Whenever five or more owners of record owning ten or more contiguous or noncontiguous lots, tracts or parcels of the same zoning classification initiate a rezoning of their property from a less restrictive to a more restrictive zoning classification, such amendment shall require notice by publication but shall not require written notice, and shall not be subject to protest petition provision of Sec. V-C.10.
- d. Notice to other cities.** For applications or proposals involving specific property located within the Urban Area of Influence of any city of the second or third class within Sedgwick County, the Planning Director shall send notice of the application to the Planning Commission of such city. The Planning Commission of that city may then hold a public hearing and make a recommendation to the Metropolitan Area Planning Commission, based on the criteria for review established for the subject application type. The Planning Commission of the other city shall make its recommendation to the Metropolitan Area Planning Commission on or before the scheduled date of the public hearing before the Metropolitan Area Planning Commission. The lack of a recommendation by the other city's planning commission on or before the scheduled date of the hearing before the Metropolitan Area Planning Commission, shall be construed as a recommendation for approval of the application or proposal.

C. OFFICIAL ZONING MAP AND UNIFIED ZONING CODE TEXT AMENDMENTS

Any amendment to the zoning district boundaries shown on the Official Zoning Map, including a Planned Unit Development and a Protective Overlay, or any amendment to the text of this Code shall follow the procedures set forth in this section.

- 1. Authority.** Any amendment to the zoning district boundaries or to the text of this Code shall require the approval of the Governing Body.
- 2. Initiation.** An application for an amendment to the text of this Code may be initiated by the Governing Body or the Planning Commission. An application to amend the boundaries of the Official Zoning Map may be initiated by the Governing Body, the Planning Commission or the owners of the property proposed to be rezoned.
- 3. Application.** A complete application for an amendment to the Official Zoning Map or to the text of this Code shall be submitted to the Planning Director in a form established by the Director, along with a nonrefundable fee that has been established by the Governing Body to defray the cost of processing the application. No application shall be processed until the application is complete and the required fee has been paid.
 - a. Special PUD application requirements.** Each application for PUD approval shall be accompanied by a PUD concept plan in a form established by the Director and made available to the public. At a minimum, the concept plan shall include the following information:
 - (1)** a detailed summary and graphic presentation of proposed land uses and development intensities, including number of dwelling units and total nonresidential square feet by land use type;
 - (2)** a detailed explanation of how the proposed plan of development differs from what could be accomplished through strict compliance with the standards of this Code;
 - (3)** the phasing plan and schedule of development, including an explanation of the sequence of buildout; and
 - (4)** an explanation of how the proposed PUD represents an improvement over what could have been accomplished through application of traditional zoning standards.
- 4. Establishment of hearing date, publication of notice.** Promptly upon determining that an application is complete, the Planning Director shall schedule a public hearing before the Planning Commission, notify the applicant of the meeting and hearing date and mail written notice at least 20 days prior to the hearing in accordance with the notice requirements of Secs. V-B.4.a, V-

B.4.b, V-B.4.c and V-B.4.d. The initial public hearing before the Planning Commission shall be scheduled for the next meeting date for which it is practicable to give at least 20 days' notice.

- 5. Report of Planning Director.** The Planning Director shall prepare a staff report that reviews the proposed amendment in light of the Comprehensive Plan, the general requirements of this Code, and the applicable review criteria set forth in Sec. V-C.8. The Planning Director shall provide a copy of the report to the Planning Commission in its agenda packet and shall send a copy of the report to the applicant by first-class mail, pre-paid, at least five days before the scheduled Planning Commission hearing.
- 6. Action by the Planning Commission.** The Planning Commission shall hold a public hearing on the application. For a PUD application, the Planning Commission shall review the proposed PUD plan for compliance with the requirements of the Comprehensive Plan, the PUD standards of Article III and the general requirements of this Code. After the public hearing, the Planning Commission shall recommend approval, approval with conditions or modifications, or denial of the application, and shall transmit an accurate written summary of the proceedings to the Governing Body's designated clerk. If the subject property is within the area of influence of another city in Sedgwick County, the Metropolitan Area Planning Commission shall consider any recommendation of the other city's planning commission, provided the recommendation is received by the time of the scheduled public hearing before the Metropolitan Area Planning Commission. If the Planning Commission fails to make a recommendation on a rezoning request or its motion results in a tie vote, the Planning Commission shall be deemed to have made a recommendation of disapproval.
- 7. Action by the Governing Body.** The Governing Body shall consider the application, and may, in its discretion, hold a public hearing on the application. In acting on the application, the Governing Body may: (a) adopt the Planning Commission's recommendation by ordinance or resolution, as appropriate; (b) override the Planning Commission's recommendation by a two-thirds majority vote of the membership of the Governing Body; or (c) return such recommendation to the Planning Commission with a statement specifying the basis for the Governing Body's failure to approve or disapprove. If the Governing Body returns the Planning Commission's recommendation, the Planning Commission, after considering the same, may resubmit its original recommendation giving the reasons therefore or submit new and amended recommendation. Upon the receipt of such recommendation, the Governing Body, by a simple majority thereof, may adopt or may revise or amend and adopt such recommendation by the respective ordinance or resolution, or it need take no further action thereon. If the Planning Commission fails to deliver its recommendation to the Governing Body following the Planning Commission's next regular meeting after receipt of the Governing Body's report, the Governing Body shall consider such course of inaction on the part of the Planning Commission as a resubmission of the original recommendation and proceed accordingly. Except when the Governing Body returns a recommendation to the Planning Commission, the Governing Body shall consider the factors specified in Sec. V-C.8. The proposed amendment shall become effective and final upon publication of the adopting ordinance or resolution.

- 8. Review criteria.** The criteria for review of a proposed amendment to the Official Zoning Map or the text of the Code are set out in this section. Not all of the criteria must be given equal consideration by the Planning Commission or Governing Body in reaching a decision. The criteria to be considered shall be as follows:
- a. the zoning, uses and character of the neighborhood;
 - b. the suitability of the subject property for the uses to which it has been restricted;
 - c. the extent to which removal of the restrictions will detrimentally affect nearby property;
 - d. the length of time the subject property has remained vacant as zoned;
 - e. the relative gain to the public health, safety and welfare as compared to the loss in value or the hardship imposed upon the applicant;
 - f. the conformance of the requested change to the adopted or recognized comprehensive plan or other plans or policies being utilized by the City or County;
 - g. impact of the proposed development on community facilities;
 - h. opposition or support of neighborhood residents; and
 - i. a consideration of the recommendations of professional staff.

The applicant shall have the burden of demonstrating that the proposal meets the applicable review criteria.

- 9. Negative recommendation by city's planning commission for cases in an Urban Area of Influence.** If a proposed rezoning involves property within the Urban Area of Influence of a city in Sedgwick County, and if the planning commission of that city has recommended against the rezoning on or before thirty (30) days following notification of the city of the proposed rezoning, approval of such change by the Governing Body shall require a supermajority vote of all members; provided, however, if the Governing Body returns the case to the Metropolitan Area Planning Commission for further consideration, upon return to the Governing Body approval shall only require a simple majority vote. If the city planning commission does not respond within thirty (30) days it will be considered a de facto recommendation of approval; provided, however, representatives of the city may still appear at any public hearing or meeting regarding the proposed rezoning and present comments or testimony as can any member of the public.

10. Valid protest of proposed application.

- a. **Governing Body action with valid protest.** If a valid protest petition against an application for an amendment to the Official Zoning Map is filed in the office of the City Clerk or the County Clerk, as applicable, within 14 days of the conclusion of the Planning Commission hearing pursuant to the publi

cation notice, signed by the owners of record of 20 percent or more of any real property proposed to be altered or by the owners of record of 20 percent or more of the total real property within the area required to be notified by state statute (pursuant to Sec. V-B.4.b) of the proposed zoning map amendment, excluding streets and public ways and property excluded pursuant to Sec. V-C.10.b, such amendment may be approved by the Governing Body only by a vote of approval by at least three-fourths of all the members of the Governing Body.

- b. Exclusion of specific property proposed for rezoning.** For purposes of determining the sufficiency of a protest petition, if the proposed rezoning was requested by the owner of the specific property subject to the rezoning or the owner of the specific property subject to the rezoning does not oppose in writing such rezoning, such property also shall be excluded when calculating the "total real property within the area required to be notified" as that phrase is used in Sec. V-C.10.a.
 - c. Exemption for downzonings.** Downzonings as defined in Sec. V-B.4.c are not subject to these protest provisions.
 - d. Effect of withdrawal of protest petition.** A protest petition may be withdrawn at any time prior to the date of the scheduled hearing by the Governing Body by written notice from the protesting owner received in the office of the City Clerk or the County Clerk, as applicable. Property covered by a withdrawn petition shall not be used in the calculation of a valid protest.
- 11. Successive applications.** In the event that the Governing Body denies an application for an amendment to the Official Zoning Map, or the applicant withdraws his or her application after a public hearing by the Planning Commission, a similar application shall not be refiled for one year from the latest advertised public hearing date on said application. The Planning Commission may permit a refiling of said application after six months of the latest advertised public hearing date when it determines that significant physical, economic or land use changes have taken place within the immediate vicinity, or a significant zoning regulation text change has been adopted, or when the reapplication is for a more restrictive change of zoning classification or is significantly different than the original request. The applicant shall submit a statement in detail setting out those changes that the applicant deems significant and upon which the applicant relies for refiling the original application.
- 12. Appeals of final action.** The Governing Body's decision on an application for an amendment to the Official Zoning Map or to the text of this Code shall be the final local action. Appeals of such final local action shall be taken to the district court in and for the Eighteenth Judicial District of the State of Kansas.

- 13. Amendments to PUDs and P-Os.** Approved Planned Unit Developments and Protective Overlays may be amended in whole or in part by following the same procedures as required for consideration and approval of an original PUD or P-O application.
- 14. Adjustments to PUD plans and P-Os.** The Planning Director, with the concurrence of the Zoning Administrator, may approve minor adjustments to approved PUD plans and to approved P-Os, unless finding that the proposed development would have one or more of the negative impacts stated in Sec. V-I.6, but in no event shall the Director approve an adjustment that allows any of the following:
 - a.** more than a five-foot or ten percent increase in Building Height, whichever is greater;
 - b.** more than a ten percent increase in Floor Area or building coverage or in residential unit density when calculated on a total, aggregate project basis; and
 - c.** a change in use to a Use that is more "intensive" (see Sec. II-B.6.i) than the Use approved as part of the PUD plan.
- 15. Interpretations of PUDs and P-Os.** The Zoning Administrator shall have authority to make written interpretations of any provisions of an approved PUD plan or an approved P-O in the manner set forth in Sec. V-H. These interpretations may include interpretations permitting Uses other than those listed if they are similar to and no more intensive than Uses listed in the PUD plan. Where the PUD provisions involve codes other than this Code, such as but not limited to the Sign Code and the Landscape Code, the Zoning Administrator shall also have authority to make written interpretations of those provisions in the same manner.

D. CONDITIONAL USES

This section sets out the required review procedures for Conditional Uses.

- 1. Authority.** An application for Conditional Use approval shall require site plan approval by the Planning Commission or, if forwarded to the Governing Body for final action, shall require approval by the Governing Body. If the Conditional Use application is accompanied by a rezoning application, both shall be forwarded to the Governing Body for final action after a hearing and recommendation by the Planning Commission.
- 2. Initiation.** An application for Conditional Use approval may be proposed by the owner(s) of the subject property.
- 3. Application.** A complete application for Conditional Use approval shall be submitted to the Planning Director in a form established by the Director, along with a nonrefundable fee that has been established by the Governing Body to defray the cost of processing the application. Each application for Conditional

Use approval shall be accompanied by a detailed site plan in a form established by the Director and made available to the public. No application shall be processed until the application is complete and the required fee has been paid.

- 4. Establishment of hearing date, publication of notice.** Promptly upon determining that an application is complete, the Planning Director shall schedule a public hearing before the Planning Commission, notify the applicant of the meeting and hearing date and give at least 20 days' notice of the hearing in accordance with the notice requirements of Secs. V-B.4.a, V-B.4.b and V-B.4.d. The initial public hearing before the Planning Commission shall be scheduled for the next meeting date for which it is practicable to give at least 20 days' notice.
- 5. Report of Planning Director.** The Planning Director shall prepare a staff report that reviews the proposed application for Conditional Use approval in light of the Comprehensive Plan, the general requirements of this Code, and the applicable review criteria set forth in Sec. V-C.8. The Planning Director shall provide a copy of the report to the Planning Commission in its agenda packet and shall send a copy of the report to the applicant by first-class mail, pre-paid, at least five days before the scheduled Planning Commission hearing.
- 6. Action by the Planning Commission.** The Planning Commission shall hold a public hearing on the application. After the public hearing, the Planning Commission may approve, approve with conditions or modifications, or deny the application for Conditional Use approval, based on the criteria of Sec. V-C.8. This provision specifically contemplates that it may be necessary for the Planning Commission to attach additional special conditions to a proposed Conditional Use in order to ensure that it complies fully with the criteria of this Code. If the subject property is within the area of influence of another city in Sedgwick County, the Planning Commission shall consider any recommendation of the Planning Commission of that other city in making its own recommendation. This action by the Planning Commission shall be the final action on the Conditional Use application except when any one or more of the following exist: (a) the Conditional Use application is accompanied by a rezoning application; (b) the applicant appeals the action of the Planning Commission; (c) one or more valid protest petitions are filed opposing the action of the Planning Commission; (d) the Planning Commission action is not consistent with the recommendation of the Planning Commission of the small city in whose area of influence the application site is located; (e) an appeal is filed by anyone with standing to appeal per Sec. V-A.5 of this Code; or (f) the Planning Commission recommends modification of one or more of the conditions in Sec. III-D.6 Supplemental Use Regulations. When any one or more of these exceptions exist, the Planning Commission's action shall be in the form of a recommendation that is forwarded to the Governing Body for final action. Protest petitions and appeals shall be filed within 14 days of the conclusion of the Planning Commission hearing pursuant to the jurisdiction notice. If the Planning Commission fails to make a recommendation on a Conditional Use request, or its motion results in a tie vote, the Planning Commission shall be deemed to have made a recommendation of disapproval.

- 7. Action by the Governing Body.** If the Conditional Use application is forwarded to the Governing Body for one of the reasons listed in Sec. V-D.6 above, the Governing Body shall consider the application(s) and may, in its discretion, hold a public hearing. The Governing Body's action on such application(s) shall be the same as set forth in Sec. V-C.7. The Conditional Use may be approved, approved with conditions or modifications, or denied by the Governing Body.
- 8. Review criteria.** The criteria for review of a proposed Conditional Use are as set out in Sec. V-C.8. Not all of the criteria must be given equal consideration by the Planning Commission or by the Governing Body in reaching a decision. The applicant shall have the burden of demonstrating that the proposal meets the applicable review criteria.
- 9. Negative recommendation by city's planning commission for cases in an Urban Area of Influence.** If a proposed Conditional Use involves property within the Urban Area of Influence of a city in Sedgwick County, and if the planning commission of that city has recommended against the Conditional Use on or before thirty (30) days following notification of the city of the proposed Conditional Use, approval of such Conditional Use by the Governing Body shall require a super-majority vote of all members; provided, however, if the Governing Body returns the case to the Metropolitan Area Planning Commission for further consideration, upon return to the Governing Body approval shall only require a simple majority vote. If the city planning commission does not respond within thirty (30) days it will be considered a de facto recommendation of approval; provided, however, representatives of the city may still appear at any public hearing or meeting regarding the proposed Conditional Use and present comments or testimony as can any member of the public.
- 10. Protest petitions.**

 - a. Governing Body action required if protest petition received.** If one or more protest petitions opposing the action of the Planning Commission are filed in the office of the City Clerk or the County Clerk, as applicable, within 14 days of the conclusion of the Planning Commission hearing pursuant to the publication notice, signed by all owners of any real property required by state statute to be notified (pursuant to Sec. V-B.4.b) of the application for the Conditional Use, such Conditional Use application shall be forwarded to the Governing Body for final action.
 - b. Governing Body action with valid protest of 20 percent.** If a valid protest petition against the application for the Conditional Use is filed in the office of the City Clerk or County Clerk, as applicable, within 14 days of the conclusion of the Planning Commission hearing pursuant to the publication notice, signed by the owners of record of 20 percent or more of any real property proposed for Conditional Use or by the owners of record of 20 percent or more of the total real property within the area required to be notified by state statute (pursuant to Sec. V-B.4.b) of the proposed Conditional Use, excluding streets and public ways and property excluded pursuant to Sec. V-D.10.c, and excluding mineral operations subject to K.S.A. 49-601 et seq. and amendments thereto, such Conditional Use may be approved by the Governing Body only by a vote of approval by at least three-fourths of all the members of the Governing Body.
 - c. Exclusion of specific property proposed for Conditional Use.** For purposes of determining the sufficiency of a protest petition, the specific property for the Conditional Use shall be excluded when calculating the "total

real property within the area required to be notified" as that phrase is used in Sec. V-D.10.b.

- d. Effect of withdrawal of protest petition.** A protest petition may be withdrawn at any time prior to the date of the scheduled hearing by the Governing Body by written notice from the protesting owner received in the office of the City Clerk or the County Clerk, as applicable. Property covered by a withdrawn petition shall not be used in the calculation of a valid protest.
- 11. Successive applications.** In the event that the final action on a Conditional Use application is that it be denied, or if the applicant withdraws his or her application after a public hearing by the Planning Commission, a similar application shall not be refiled for one year from the latest advertised public hearing date on said application. The Planning Commission may permit a refiling of said application after six months of the latest advertised public hearing date when it determines that significant physical, economic or land use changes have taken place within the immediate vicinity, or a significant zoning regulation text change has been adopted, or when the application is for a different use than the original request. The applicant shall submit a statement in detail setting out those changes that the applicant deems significant and upon which the applicant relies for refiling the original application.
- 12. Appeals of final action.** The Governing Body's decision on an application for Conditional Use approval shall be the final local action. Appeals of such final local action shall be taken to the district court in and for the Eighteenth Judicial District of the State of Kansas.
- 13. Amendments to Conditional Uses.** Approved Conditional Uses may be amended by following the same procedures as required for consideration and approval of an original Conditional Use application.
- 14. Adjustments to Conditional Uses.** The Planning Director, with the concurrence of the Zoning Administrator, may approve minor adjustments to approved Conditional Use site plans or conditions of approval, unless finding that the proposed development would have one or more of the negative impacts stated in Sec. V-I.6.
- 15. Failure of Conditions.** If the Zoning Administrator finds that there is a violation of any of the conditions of a Conditional Use, the Zoning Administrator, in addition to enforcing the other remedies set forth in Article VIII hereof, may, with the concurrence of the Planning Director, declare that the Conditional Use is null and void. Such finding and declaration shall be made in writing and mailed to the owner of the real property that is affected by the Conditional Use restrictions. A copy shall be sent to the Planning Director. The Zoning Administrator's declaration shall be final unless appealed in accordance with Sec. V-F.

E. COMMUNITY UNIT PLANS (CUP)

This section sets out the required review procedures for CUPs.

- 1. Authority.** An application for CUP approval shall require approval by the Planning Commission or, if forwarded to the Governing Body for final action, shall require approval by the Governing Body. If a CUP application is accompanied by a rezoning application, both shall be forwarded to the Governing Body for final action after a hearing and recommendation by the Planning Commission.
- 2. Initiation.** An application for CUP approval may be proposed by the owner(s) of the subject property.
- 3. Application.** A complete application for CUP approval shall be submitted to the Planning Director in a form established by the Director, along with a nonrefundable fee that has been established by the Governing Body to defray the cost of processing the application. No application shall be processed until the application is complete and the required fee has been paid. Each application for CUP approval shall be accompanied by a CUP site plan that, at a minimum, includes the following information:

 - a.** a detailed summary and graphic presentation of proposed land uses and development intensities;
 - b.** a screening and buffering plan; and
 - c.** a plan for traffic circulation and access.
- 4. Establishment of hearing date, publication of notice.** Promptly upon determining that an application is complete, the Planning Director shall schedule a public hearing before the Planning Commission, notify the applicant of the meeting and hearing date and give at least 20 days' notice of the hearing in accordance with Secs. V-B.4.a, V-B.4.b, and V-B.4.d. The initial public hearing before the Planning Commission shall be scheduled for the next meeting date for which it is practicable to give at least 20 days' notice.
- 5. Report of Planning Director.** The Planning Director shall prepare a staff report that reviews the proposed application for CUP approval in light of the Comprehensive Plan, the CUP standards of Article III and the general requirements of this Code. The Planning Director shall provide a copy of the report to the Planning Commission in its agenda packet and shall send a copy of the report to the applicant by first-class mail, pre-paid, at least five days before the scheduled Planning Commission hearing.
- 6. Action by the Planning Commission.** The Planning Commission, in a public hearing, shall review the proposed CUP for compliance with the requirements of the Comprehensive Plan, the CUP standards of Article III and the general requirements of this Code. In the course of such review, the Planning Commission may recommend modifications in the site plan as a condition of approval of the plan. Based on that review, the Planning Commission shall act to approve, approve with conditions or modifications, or deny the CUP application. If the subject property is within the area of influence of another city

in Sedgwick County, the Planning Commission shall consider any recommendation of the planning commission of that other city in making its own recommendation, provided the recommendation is received by the time of the scheduled public hearing before the Metropolitan Area Planning Commission. If the CUP is accompanied by a rezoning application, or if the Planning Commission's action is not consistent with the recommendation of the planning commission of the small city in whose area of influence the application site is located, or if an appeal is filed, the Planning Commission's action shall be in the form of a recommendation that is forwarded to the Governing Body for final action. If the Planning Commission fails to make a recommendation on a community unit plan request, or its motion results in a tie vote, the Planning Commission shall be deemed to have made a recommendation of disapproval.

- 7. Action by the Governing Body.** If the CUP application is forwarded to the Governing Body for one of the reasons stated in Sec. V-E.6 above, the Governing Body shall consider the application(s) and may, in its discretion, hold a public hearing. The Governing Body's action on the application(s) shall be the same as set forth in Sec. V-C.7. Upon final action, the CUP may be approved, approved with conditions or modifications or denied by the Governing Body.
- 8. Review Criteria.** The criteria for review of a proposed CUP are as set out in Sec. V-C.8. Not all of the criteria must be given equal consideration by the Planning Commission or by the Governing Body in reaching a decision.
- 9. Negative recommendation by city's planning commission for cases in an Urban Area of Influence.** If a proposed CUP involves property within the Urban Area of Influence of a city in Sedgwick County, and if the planning commission of that city has recommended against the CUP on or before thirty (30) days following notification of the city of the proposed CUP, approval of such CUP by the Governing Body shall require a super-majority vote of all members; provided, however, if the Governing Body returns the case to the Metropolitan Area Planning Commission for further consideration, upon return to the Governing Body approval shall only require a simple majority vote. If the city planning commission does not respond within thirty (30) days it will be considered a de facto recommendation of approval; provided, however, representatives of the city may still appear at any public hearing or meeting regarding the proposed CUP and present comments or testimony as can any member of the public.
- 10. Appeals by aggrieved persons.** Appeals from the action of the Planning Commission on an application for CUP approval may be taken to the Governing Body by filing an appeal with the Planning Director within 14 days of the conclusion of the Planning Commission hearing pursuant to the publication notice. The Planning Director shall refer this matter to the Governing Body for final action and shall notify the applicant and all appellants of the date on which this matter is scheduled for review by the Governing Body. The Governing Body shall act to approve, approve with conditions or modifications, or deny the original application.
- 11. Successive applications.** In the event that the Governing Body, on appeal, denies an application for CUP approval, or the applicant withdraws his or her application after a public hearing by the Commission, a similar application shall not be refiled for one year from the latest advertised public hearing date on said application. The Planning Commission may permit a refile of said application after six months of the latest advertised public hearing date when it determines that significant physical, economic or land use changes have taken place within the immediate vicinity, or a significant zoning regulation text change has been

adopted, or when the application is significantly different than the original request. The applicant shall submit a statement in detail setting out those changes that the applicant deems significant and upon which the applicant relies for refiling the original application.

- 12. Appeals of final action.** The Governing Body's decision on a CUP application shall be the final local action. Appeals of such final local action shall be taken to the district court in and for the Eighteenth Judicial District of the State of Kansas.
- 13. Amendments to CUPs.** Approved CUPs, whether approved before or after the effective date of this Code, may be amended in whole or in part by following the same procedures as required for consideration and approval of an original CUP application except as modified in this paragraph. The property owner(s) of a parcel (as delineated on the CUP site plan) in an approved CUP may file to amend the property owner(s) parcel(s) of the CUP without the requirement that owners of other parcels in the CUP join in the application. The property owner(s) of a portion of a parcel in an approved CUP may file to amend that parcel of the CUP, as it relates to the property owned by the property owner(s) only, without the requirement that the other owners of that parcel join in the application. Protest rights are as specified in Sec. V-E.10 above. When the Planning Commission action on a request to amend only a portion of a CUP parcel is appealed to the Governing Body by one of the non-applicant owners of that parcel, the Governing Body shall then consider the application and may, in its discretion, hold a public hearing. The Governing Body may approve, approve with conditions or modifications, or deny the application but any approval to amend only a portion of a CUP parcel, for which an appeal is filed, shall require an affirmative vote of at least three-fourths of all the members of the Governing Body.
- 14. Adjustments to CUPs.** Approved CUPs, whether approved before or after the effective date of this Code, may be adjusted by application of all owners within the parcel being adjusted. The Planning Director, with the concurrence of the Zoning Administrator, may approve minor adjustments to approved CUPs, unless finding that the proposed development would have one or more of the negative impacts stated in Sec. V-I.6, but in no event shall the Director approve an adjustment that allows any of the following:
 - a.** more than a five-foot or ten percent increase in Building Height, whichever is greater;
 - b.** more than a ten percent increase in Floor Area or building coverage or in residential unit density when calculated on a total, aggregate project basis; and
 - c.** a change in use to a Use that is more "intensive" (See Sec. II-B.6 for definition of Intensity) than the Use approved as part of the CUP.

When an application for CUP adjustment has been denied or when such application has been approved with conditions or modifications that are unacceptable to the applicant, the applicant may file an amendment to the CUP

pursuant to Sec. V-E.13 and the filing fee for the adjustment shall be applied toward the filing fee for the amendment.

15. **Interpretations of CUPs.** The Zoning Administrator shall have authority to make written interpretations of any provisions of approved CUPs in the manner set forth in Sec. V-H. These interpretations may include interpretations permitting uses other than those listed if they are similar to and no more intensive than uses listed on the CUP. Where the CUP provisions involve codes other than this Code, such as but not limited to the Sign Code and the Landscape Code, the Zoning Administrator shall also have authority to make written interpretations of those provisions in the same manner.

F. APPEALS

This section sets out the required review procedures for appeals.

1. **Authority.** The Board of Zoning Appeals is authorized to hear and decide appeals where it is alleged there is an error in any order, requirement, decision, or determination by the administering or enforcing officer in administering or enforcing any provisions of this Code or any other development code, including but not limited to the Sign Code and the Landscape Code, wherein the appeal authority has been granted to the Board of Zoning Appeals.
2. **Initiation.** An appeal may be filed by any person aggrieved, or by any officer of the City or County or any governmental agency or body affected by any decision of any officer administering the provisions of this Code or the provisions of any other development code wherein the appeal authority has been granted to the Board of Zoning Appeals.
3. **Application.** Any appeal shall be taken to the Board of Zoning Appeals. A complete application for an appeal shall be submitted to the Secretary of the Board of Zoning Appeals in a form established by the Secretary, along with a nonrefundable fee that has been established by the appropriate Governing Body to defray the cost of processing the application. No application shall be processed until the application is complete and the required fee has been paid. Applications for appeals from the decisions of the administering officer shall be made within the time limit specified by the rules of the Board of Zoning Appeals.
4. **Establishment of hearing date, publication of notice.** Promptly upon determining that an application is complete, the Secretary shall schedule a public hearing before the Board of Zoning Appeals. Notice of the time, place and subject of such hearing shall be published once in the official newspaper at least 20 days prior to the date fixed for hearing. Notices shall be mailed to all applicants and to such additional persons as shall be specified by the Board of Zoning Appeals policy and as indicated on the application forms. If the applicant is not the owner of the property that is the subject of the appeal, then the property owner(s) shall also be sent a copy of the notice. The public hearing before the Board of Zoning Appeals shall be scheduled for the next meeting date for which it is practicable to give at least 20 days' notice.

- 5. Action by Board of Zoning Appeals.** As soon as possible following the close of the public hearing, but in no event later than 40 days from the hearing date (unless the applicant consents to a longer time period), the Board of Zoning Appeals shall make a decision on the appeals request and report its findings and decision to the Zoning Administrator or other administering officer. In exercising its powers, the Board may reverse or affirm, wholly or partly, or may modify the order, requirement, decision or determination, and to that end shall have all the powers of the officer from whom the appeal is taken, may attach appropriate conditions, and may issue or direct the issuance of a permit. Upon reporting its decision, the Board's decision shall become final. The Board of Zoning Appeals' Secretary shall thereafter transmit a copy to the applicant.
- 6. Appeals from action of Board of Zoning Appeals.** Any person, official or governmental agency dissatisfied with the decision of the Board of Zoning Appeals may bring an action in the district court of the Eighteenth Judicial District to determine the reasonableness of such decision. Such appeal shall be filed within 30 days of the final decision of the Board of Zoning Appeals.

G. VARIANCES

Variations are deviations from specific regulations in this Code, which would not be contrary to the public interest when, due to special conditions or circumstances, the literal enforcement of specific regulations results in unnecessary hardship. This section sets out the required review procedures for Variations.

- 1. Authority.** An application for a Variance shall require approval of the Board of Zoning Appeals.
- 2. Initiation.** An application for a Variance may be proposed by the owner of the subject property.
- 3. Application.** A complete application for a Variance shall be submitted to the Secretary of the Board of Zoning Appeals in a form established by the Secretary, along with a nonrefundable fee that has been established by the Governing Body to defray the cost of processing the application. No application shall be processed until the application is complete and the required fee has been paid.
- 4. Establishment of hearing date, publication of notice.** Promptly upon determining that an application is complete, the Secretary shall schedule a public hearing before the Board of Zoning Appeals. Notice of the time, place and subject of such hearing shall be published once in the official newspaper at least 20 days prior to the date fixed for hearing. Notice shall be mailed to all applicants and to such additional persons as shall be specified by Board of Zoning Appeals policy and as indicated on the application forms. The public hearing before the Board of Zoning Appeals shall be scheduled for the next meeting date for which it is practicable to give at least 20 days' notice.

- 5. Action by Board of Zoning Appeals.** As soon as possible following the close of the public hearing, but in no event later than 40 days from the hearing date (unless the applicant consents to a longer time period), the Board of Zoning Appeals shall make a decision on the Variance request based on the criteria of Sec. V-G.6 and report its findings and decision to the Zoning Administrator. Upon reporting its decision, the decision shall become final. The Board of Zoning Appeals' Secretary shall thereafter transmit a copy to the applicant.

- 6. Variance criteria.** In considering a variance request, the spirit of these regulations shall be observed, public safety and welfare shall be secured and substantial justice shall be done. Furthermore, no variance shall be granted unless all the following five conditions have been met:
 - a.** that the Variance requested arises from condition that is unique to the property in question and that is not ordinarily found in the same zone or district; and is not created by an action of the property owner or the applicant;
 - b.** that the granting of the permit for the Variance will not adversely affect the rights of adjacent property owners or residents;
 - c.** that the strict application of the provisions of this Code from which a Variance is requested will constitute unnecessary hardship upon the property owner represented in the application;
 - d.** that the Variance desired will not adversely affect the public health, safety, morals, order, convenience, prosperity, the general welfare, or the harmonious development of the City or County, as the case may be; and
 - e.** that granting the Variance desired will not be opposed to the general spirit and intent of this Code.

- 7. Appeals from action of Board of Zoning Appeals.** Any person, official or governmental agency dissatisfied with the decision of Board of Zoning Appeals may bring an action in the district court of the Eighteenth Judicial District to determine the reasonableness of such decision. Such appeal shall be filed within 30 days of the final decision of the Board of Zoning Appeals.

H. WRITTEN INTERPRETATIONS OF UNIFIED ZONING CODE

This section sets out the procedures for interpreting the text of this Unified Zoning Code as well as provisions of approved CUPs, PUDs and Protective Overlays administered under this Code.

- 1. Authority.** The Zoning Administrator shall have authority to make all written interpretations.
- 2. Application.** A complete application for an interpretation request shall be submitted to the Zoning Administrator in a form established by the Zoning

Administrator, along with a nonrefundable fee that has been established by the Governing Body to defray the cost of processing the application. No application shall be processed until the application is complete and the required fee has been paid.

- 3. Action by the Zoning Administrator.** Within ten days after a request for interpretation has been submitted, the Zoning Administrator shall: (a) consult with the Metropolitan Area Planning Department and other staff; (b) review and evaluate the request in light of the text of this Code, the Official Zoning Map, the *Wichita-Sedgwick County Comprehensive Plan* and any other relevant documents; and (c) render an opinion.
- 4. Form.** The interpretation shall be provided to the applicant in writing and shall be filed in the official record of interpretations.
- 5. Official record.** The Zoning Administrator shall maintain an official record of interpretations. The record of interpretations shall be available for public inspection in the office of the Zoning Administrator during normal business hours.
- 6. Appeal of Zoning Administrator's decision.** Appeals of the Zoning Administrator's written interpretation may be taken to the Board of Zoning Appeals by filing an appeal with the Board of Zoning Appeals' Secretary within the time limit specified by the rules of the Board of Zoning Appeals. The Board of Zoning Appeals shall grant to the Zoning Administrator's interpretation a presumption of correctness, placing the burden of persuasion of error on the appellant. In exercising the appeal power, the Board of Zoning Appeals may reverse or affirm wholly or partly or may modify the interpretation of the Zoning Administrator. If the Board of Zoning Appeals determines that it is necessary to obtain additional evidence in order to resolve the matter, it shall remand the appeal to the Zoning Administrator with directions to obtain such evidence and to reconsider the decision in light of such evidence.
- 7. Appeal of BZA's decision.** Any person, official or governmental agency dissatisfied with the decision of the Board of Zoning Appeals may bring an action in the district court of the Eighteenth Judicial District to determine the reasonableness of such decision. Such appeal shall be filed within 30 days of the final decision of the Board of Zoning Appeals.

I. ZONING ADJUSTMENTS

The intent and purpose of this section is to allow for administrative action on requests for minor modifications or adjustments to certain provisions of this Code.

- 1. Authority.** The Planning Director, with the concurrence of the Director of the Metropolitan Area Building and Construction Department, shall have the authority to approve applications for Zoning Adjustments.

2. Types of adjustments allowed. Zoning Adjustments shall be limited to the following:

- a.** reducing minimum Front, Side, and Rear Setbacks (required by the property development standards of the zoning District) by up to 20 percent, or reducing a Side or Rear Setback by up to 50 percent adjacent to a Golf Course, open space or reserve or when the required Yard to be adjusted does not exceed 300 square feet;
- b.** reducing minimum Interior Side Setback for a Principal Structure to three feet when all parts of Principal Structure to be extended into the original Interior Side Setback are located more than one-half the depth of the Lot behind the front property line and when the addition does not obstruct or eliminate the required off-street Parking and provided the Zoning Adjustment does not increase lot coverage more than ten percent and extended portions of the Principal Structure are not more than 60 percent of the maximum height allowed by the property development standards of the zoning District;
- c.** reducing minimum Rear Setback for a Principal Structure to five feet when the addition does not obstruct or eliminate the required off-street Parking and provided the adjustment does not increase lot coverage more than ten percent and extended portions of the Principal Structure do not occupy more than one-half of any required rear Yard nor be more than 60 percent of the maximum height allowed by the property development standards of the zoning District;
- d.** reducing or waiving the required compatibility Setback;
- e.** reducing or waiving the required compatibility height standard;
- f.** increasing maximum Building Height permitted by the property development standards of the zoning District by up to 20 percent;
- g.** increasing maximum height for energy generating structures provided the energy generating structure would not be closer to an adjacent property line than twice the height of the structure, nor be located within 200 feet of any existing residential structure on an adjacent property, and would not exceed a height of 100 feet to the tip of the motor blades;
- h.** increasing maximum lot coverage by up to ten percent;
- i.** reducing Lot Area, Lot Width, Loading Space and Parking requirements by up to ten percent, except that Parking requirements for Manufacturing, Warehousing, Wholesale or Business Services, large item community retail, all remodeling/expansion projects, and all redevelopment of existing Sites with new construction may be reduced by up to 25 percent;
- j.** increasing the maximum projection of structural elements into Front, Rear or Side Setbacks by up to 20 percent, provided there is no reduction in the corresponding Setback requirement;
- k.** changing the location of required Screening in relation to alleys;
- l.** permitting Parking in residential Districts to be located within a required front Yard or street side Yard, but in no case closer to a front or street side property

line than eight feet;

- m.** reducing or waiving the required Screening specified in Sec. IV-B.3 of this Code when the Building is located Adjacent to a Golf Course, public or private Park or open space reserve area of a homeowners' association and the Building is architecturally designed to utilize the views of the Adjacent property; or when existing topography or vegetation provide a natural screen; or when the Adjacent residential property is developed with an institutional, Major Utility, or Multi-Family Use and the location of improvements on one or both properties provides adequate Screening;
 - n.** permitting an Accessory Structure to be placed in front of the Principal Structure on less than five acres of land as specified in Sec. III-D.7.e(2);
 - o.** increasing maximum height permitted by the property development standards of the AFBP- O Air Force Base Protection Overlay District, but in no event shall an adjustment be granted that permits a structure height in excess of the height permitted by the underlying zoning district, and in addition to the Zoning Adjustment Criteria contained in Sec. V-I.6., the following criteria shall be used to evaluate adjustment requests: a line-of-sight analysis shall demonstrate that the proposed structure height does not provide a view of any portion of the air force base for a person located at any point on the Structure that exceeds the height permitted by this Overlay District given existing topography and the location and height of existing Structures and/or vegetation;
 - p.** permit remote off-site parking to be located more than 600 feet from the supported Use; and permit such parking to be separated by an arterial street, expressway, or freeway from the supported Use; or
 - q.** Screening requirements for Outdoor Storage associated with a rural Home Occupation, as required by Sec. IV-E.7.d may be reduced or waived on properties of less than five acres in size by zoning adjustment when existing topography or vegetation provides a natural screen or when the Adjacent land is used for agriculture or some other nonresidential land use.
- 3. Initiation.** An application for a Zoning Adjustment may be proposed by the owner of the subject property.
- 4. Application.** A complete application for a Zoning Adjustment shall be submitted to the Planning Director in a form established by the Planning Director, along with a nonrefundable fee that has been established by the Governing Body to defray the cost of processing the application. No application shall be processed until the application is complete and the required fee has been paid.
- 5. Action by the Planning Director.** The Planning Director shall approve the application for a Zoning Adjustment unless the request would violate the provisions of Secs. V-I.2 or V-I.6. The Planning Director may impose special conditions of approval on the Zoning Adjustment, including but not limited to time limitations, access limitations, screening and landscaping, and other controls to prevent damage to adjacent properties or safeguard public interests.
- 6. Zoning Adjustment criteria.** The Planning Director shall not approve a Zoning Adjustment if the Planning Director finds that the proposed development:

- a. would adversely affect the safety and convenience of vehicular and pedestrian circulation in the vicinity of the subject tract, including traffic reasonably expected to be generated by the proposed Use and other Uses in the area given the existing zoning, existing land uses and proposed land uses in the area;
- b. creates more adverse impacts on existing Uses in surrounding areas than that reasonably might result from development of the site in strict compliance with the adjusted standard;
- c. would not be compatible with existing or permitted Uses on Abutting Sites, in terms of adjusted Building Height, Setbacks and Open Spaces, bulk and scale, Landscaping, Parking or circulation features; or
- d. will be detrimental to the public health, safety or welfare or materially injurious to properties or improvements in the vicinity for reasons specifically articulated by the Planning Director.

The applicant shall have the burden of demonstrating that the proposal meets the applicable review criteria.

- 7. **Notice of decision.** The Planning Director shall, within two business days of making a decision, give notice of such decision to the applicant, to the Zoning Administrator, and to any other person reasonably requesting such notice. The Planning Director's decision shall be considered approved as submitted if the Zoning Administrator has not responded within ten days of the date of transmission, unless the review period is extended by action of the applicant.
- 8. **Appeal of Planning Director's decision.** When an application for Zoning Adjustment has been denied or when such application has been approved with conditions or modifications that are unacceptable to the applicant, the applicant may file a Variance with the Board of Zoning Appeals pursuant to Sec. V-G and the filing fee for the Zoning Adjustment shall be applied toward the filing fee for the Variance.
- 9. **Appeal of BZA's decision.** Any person, official or governmental agency dissatisfied with the decision of the Board of Zoning Appeals may bring an action in the district court of the Eighteenth Judicial District to determine the reasonableness of such decision. Such appeal shall be filed within 30 days of the final decision of the Board of Zoning Appeals.

J. BUILDING PERMITS, CERTIFICATES OF OCCUPANCY AND ZONING CERTIFICATES

- 1. **When required.** A Building Permit and a certificate of occupancy, or when a Building Permit is not required, a zoning certificate, shall be required for any of the following, except for agricultural purposes:

- a. construction, occupancy and Use of a Building or Structure hereafter erected or structurally altered;
- b. change in Use of an existing Building to a different Use;
- c. change in the use of vacant land to a Use requiring a Building Permit;
- d. any non-farm storage or other use lasting more than six months of a previously-exempt agricultural building; or
- e. any change of a Nonconforming Use.

No change of Use as outlined above shall take place until a certificate of occupancy, or when a Building Permit is not required, a zoning certificate, therefore shall have been issued by the Zoning Administrator or other person designated by the Governing Body to exercise such duties.

2. **Applications.** Written applications for a Building Permit or certificate of occupancy shall be made to the Zoning Administrator or other designated official on forms provided by that official. The application shall include such information as the designated official may reasonably require, but shall at least include:
 - a. the size and location of the Lot;
 - b. the size and location of the Buildings and Structures proposed or existing on the Lot;
 - c. the dimensions of all yards and open spaces; and
 - d. sufficient grades and elevations to establish the proper placement of Buildings, adequate sewage disposal systems, and the proper drainage of property.
3. **Requirements for issuance.** No permit shall be issued for any Building, Structure or construction unless the proposed Building or Structure when built and the land on which it is located will conform in every respect with all the provisions of this Code, the Building Code, and with other applicable ordinances or regulations of the City of Wichita or Sedgwick County. Once the Zoning Administrator determines that the Structure, Building or Use conforms to these regulations and to other applicable regulations, the permit or certificate shall be promptly issued.
4. **Separate permit required.** There shall be a separate permit for each Building or Structure to be constructed, erected or altered, except Accessory Buildings when construction is simultaneous.
5. **Expiration of permits.** Any Building Permit or certificate of occupancy issued hereunder shall become null and void if the building, activity, construction or occupancy authorized by such permit is not commenced within 180 days from

the date of such permit and diligently executed, or if the building, activity, construction or occupancy is suspended or abandoned for a period of 180 days. If a permit or certificate expires under the terms of this provision, no work or occupancy may occur without a new permit.

- 6. Revocation of building permit.** A permit may be revoked by the building official at any time prior to the completion of the building or structure for which the same was issued in accordance with Article VIII of this Code.
- 7. Certificate of occupancy.** No change in the character of use of land or of a Building shall be made nor shall any new or existing Building or Structure be hereafter occupied or used until a certificate of occupancy is issued by the building official certifying that such Building or Use complies with all regulations of this Code, the Building Code and all other ordinances and regulations applicable thereto. For purposes of this section, a "change in the character of use" shall mean a change from one Use category (or line) on the Use Regulations Schedule of this Code.
- 8. Evidence of compliance.** No certificate of occupancy shall be issued unless the Zoning Administrator has determined that the proposed Use will be in conformance with this Code. The Zoning Administrator may submit the question of such conformance to the Planning Commission for review in any case in which the Zoning Administrator does not believe that the issue of conformance is clear. In case of such a referral, the Zoning Administrator shall give the applicant at least five days' notice of the review by the Planning Commission, which review shall occur at the next regular meeting of the Commission for which such notice can be given. Evidence of compliance must be provided to the Zoning Administrator by the applicant.
- 9. Revocation of certificates of occupancy.** A certificate of occupancy may be revoked by the building official upon evidence of noncompliance with this Code or with the applicable Building Code.
- 10. Performance guarantee.** In the City of Wichita only, when extenuating circumstances not under the control of the owner occur, the owner may request that a temporary occupancy permit be issued. Such circumstances may include, but not be limited to, extreme weather conditions preventing completion of on-site improvements, delay of installation or incomplete public improvements that could possibly cause damage or removal of on-site improvements, or other similar circumstances that could be deemed to interfere with the completion of all required improvements. A request for a temporary occupancy permit shall be accompanied by a performance guarantee and a schedule for completion of all required improvements to the site. A written grant of the right of entry on the premises by the City or its designee for the purpose of completing the improvements shall be executed by the owner at the time of and in conjunction with the filing of the performance guarantee. The performance guarantee may consist of a corporate surety bond, a bank letter of credit, cashier's check, escrow account or other like security in an amount to be fixed by the Zoning Administrator. The amount of such guarantee or security shall be based upon the estimated cost of improvements to be guaranteed, as evidenced by bona fide

bids or contracts, and may include contingency factors for inflation and cost overruns in an amount equal to 25 percent more than the estimated cost. The guarantee, if in a form other than cash or its equivalent, shall be subject to the approval of the Director of Law of the City of Wichita and conditioned upon the actual completion of such work within the specified time period. If the required improvements shall not have been installed in accordance with the performance guarantee, the obligator and surety, if any, shall be liable thereon to the City for the cost of the improvements not installed. In addition to all equitable remedies to enforce such guarantee, the proceeds of the security or guarantee may be claimed and used by the City to secure completion of the improvements.

K. ENLARGEMENT OF URBAN AREA OF INFLUENCE BOUNDARIES

- 1. Initiation of amendment request.** Initiation of enlargement request. Proposed enlargement of the boundaries of the urban areas of influence may be initiated through application filed with the Planning Director by any planning commission of a city within the County, by the Metropolitan Area Planning Commission or by the Board of County Commissioners.
- 2. Planning Commission hearing.** The Planning Director will establish a time and date for a hearing before the Metropolitan Area Planning Commission and will notify the mayor and planning commission of any affected city, the Metropolitan Area Planning Commission and the Board of County Commissioners of the date, time and place of said hearing. After consideration of the evidence and arguments presented at the hearing, the Metropolitan Area Planning Commission shall recommend approval, approval with conditions or modifications, or disapproval of the proposed change.
- 3. Board of County Commissioners' hearing.** The Planning Director shall forward the Planning Commission's recommendation to the Board of County Commissioners. The Board of County Commissioners may accept, modify or reject the recommendation of the Planning Commission. The action of the Board of County Commissioners on any proposed change to an area of influence boundary shall be final.

SECTIONS

A. GENERAL

This article sets out the decision-making powers of entities involved in the development review and approval processes under this Code.

B. GOVERNING BODY

- 1. Unified Zoning Code text amendments.** The Governing Body shall have the authority to approve, approve with conditions or modifications, or deny applications to amend the text of this Code. The Governing Body's decision shall be the final local action on such an application.
- 2. Amendments to Official Zoning Map.** The Governing Body shall have the authority to approve, approve with conditions or modifications, or deny applications to amend the Official Zoning Map. The Governing Body's decision shall be the final local action on such an application.
- 3. Conditional Uses.** The Governing Body shall have the authority to approve, approve with conditions or modifications, or deny applications for Conditional Use approval that are submitted with rezoning applications or that for any reason stated in Sec. V-D.6 are forwarded to the Governing Body for final action. The Governing Body's decision shall be the final local action on such an application.
- 4. CUPs.** The Governing Body shall have the authority to approve, approve with conditions or modifications, or deny applications for Community Unit Plan approval that are submitted with rezoning applications or that for any other reason stated in Sec. V-E.6 are forwarded to the Governing Body for final action. The Governing Body's decision shall be the final local action on such an application.
- 5. Historic Landmark designations.** The Governing Body of the City of Wichita shall have the authority to approve, approve with conditions or modifications, or deny applications for Historic Landmark designation. The Governing Body's decision shall be the final local action on such an application.
- 6. Amendments to Area of Influence boundaries.** The Governing Body of Sedgwick County shall have the authority to approve, approve with conditions or modifications, or deny applications for amendments to Urban Area of Influence boundaries. The Governing Body's decision shall be the final local action on such an application.
- 7. Zoning Adjustments.** The Governing Body shall have the authority to approve, approve with conditions or modifications, or deny zoning adjustments when requested in association with an application to amend the Official Zoning Map, an application for Community Unit Plan approval, or an application for Conditional Use approval.

C. METROPOLITAN AREA PLANNING COMMISSION

- 1. Unified Zoning Code text amendments.** The Planning Commission shall have the authority to review and recommend to the Governing Body approval,

approval with conditions or modifications, or denial of applications to amend the text of this Code.

- 2. Amendments to Official Zoning Map.** The Planning Commission shall have the authority to review and recommend to the Governing Body approval, approval with conditions or modifications, or denial of applications to amend the Official Zoning Map.
- 3. Conditional Uses.** The Planning Commission shall have the authority to approve, approve with conditions or modifications, or deny applications for Conditional Use approval when not accompanied by a rezoning application. The Planning Commission's decision on such an application may be appealed to the Governing Body. The Planning Commission shall have the authority to review and recommend to the Governing Body approval, approval with conditions or modifications, or denial of applications for Conditional Use approval that are accompanied by a rezoning application.
- 4. CUPs.** The Planning Commission shall have the authority to approve, approve with conditions or modifications, or deny applications for CUP approval when not accompanied by a rezoning application. The Planning Commission's decision on such an application may be appealed to the Governing Body. The Planning Commission shall have the authority to review and recommend to the Governing Body approval, approval with conditions or modifications, or denial of applications for CUP approval that are accompanied by a rezoning application.
- 5. Historic Landmark designations.** The Planning Commission shall have the authority to review and recommend to the Governing Body approval, approval with conditions or modifications, or denial of applications for Historic Landmark designation.
- 6. Amendments to Area of Influence boundaries.** The Planning Commission shall have the authority to review and recommend to the Governing Body approval, approval with conditions or modifications, or denial of applications to amend Area of Influence boundaries.
- 7. Zoning Adjustments.** The Planning Commission shall have the authority to approve, approve with conditions or modifications, or deny zoning adjustments when requested in association an application for Conditional Use approval or for amendment to a Community Unit Plan and shall have the authority to recommend to the Governing Body approval, approval with conditions, or denial of a zoning adjustment when requested in association with an application to amend the Official Zoning Map or amend a Planned Unit Development or Protective Overlay.

D. PLANNING COMMISSIONS OF SECOND OR THIRD CLASS CITIES

- 1. Amendments to Official Zoning Map.** The planning commission of a second or third class city shall have the authority to review and recommend to the Metropolitan Area Planning Commission approval, approval with conditions or modifications, or denial of applications to amend the Official Zoning Map if such application involves property within the subject city's area of influence. The recommendation must be transmitted to the Metropolitan Area Planning Commission on or before the scheduled date of the public hearing before the Metropolitan Area

Planning Commission. The lack of a recommendation by the second or third class city's planning commission on or before the scheduled date of the hearing before the Metropolitan Area Planning Commission shall be construed as a recommendation for approval of the application or proposal.

2. **Conditional Uses.** The planning commission of a second or third class city shall have the authority to review and recommend to the Metropolitan Area Planning Commission approval, approval with conditions or modifications, or denial of Conditional Use applications if such application involves property within the subject city's area of influence. The recommendation must be transmitted to the Metropolitan Area Planning Commission on or before the scheduled date of the public hearing before the Metropolitan Area Planning Commission. The lack of a recommendation by the second or third class city's planning commission on or before the scheduled date of the hearing before the Metropolitan Area Planning Commission shall be construed as a recommendation for approval of the application or proposal.
3. **CUPs.** The planning commission of a second or third class city shall have the authority to review and recommend to the Metropolitan Area Planning Commission approval, approval with conditions or modifications, or denial of CUP applications if such application involves property within the subject city's area of influence. The recommendation must be transmitted to the Metropolitan Area Planning Commission on or before the scheduled date of the public hearing before the Metropolitan Area Planning Commission. The lack of a recommendation by the second or third class city's planning commission on or before the scheduled date of the hearing before the Metropolitan Area Planning Commission shall be construed as a recommendation for approval of the application or proposal.
4. **Amendments to Area of Influence boundaries.** The planning commission of a second or third class city shall have the authority to initiate an application to amend the subject city's area of influence boundary.

E. BOARD OF ZONING APPEALS

1. **Variations.** The Board of Zoning Appeals shall have the authority to authorize, in specific cases, a Variance from the specific terms of these regulations, or other development regulations if specifically set forth therein, when such Variance will not be contrary to the public interest and when, due to special conditions, a literal enforcement of the regulations, in a specific case, results in unnecessary hardship. In considering a Variance request, the spirit of the regulations shall be observed, public safety and welfare shall be secured and substantial justice shall be done. The Board of Zoning Appeals' decision shall be the final local action on an application for a Variance.
2. **Appeals of Zoning Administrator's Interpretation.** The Board of Zoning Appeals shall have the authority to hear all appeals of the Zoning Administrator's written interpretation of provisions in this Code, including interpretations of provisions of Conditional Uses, CUPs, PUDs and P-Os. In exercising such appeal power, the Board of Zoning Appeals may reverse or affirm wholly or partly or may modify the interpretation of the Zoning Administrator. If the Board of Zoning Appeals determines that it is necessary to obtain additional evidence in order to resolve the matter, it shall have the authority to remand the appeal to the Zoning Administrator with directions to obtain such evidence and to reconsider the decision in light of such

evidence. The Board of Zoning Appeals' decision shall be the final local action on such an application.

F. HISTORIC LANDMARK PRESERVATION COMMITTEE

- 1. Historic Landmark designation.** The Historic Landmark Preservation Committee shall have the authority to initiate, review applications and recommend to the Planning Commission approval, approval with conditions or modifications, or denial of applications for Historic Landmark designation.

G. PLANNING DIRECTOR

- 1. Zoning Code text amendments.** The Planning Director shall have the authority to review and recommend to the Planning Commission and Governing Body approval, approval with conditions or modifications, or denial of applications to amend the text of this Code.
- 2. Amendments to Official Zoning Map.** The Planning Director shall have the authority to review and recommend to the Planning Commission and Governing Body approval, approval with conditions or modifications, or denial of applications to amend the Official Zoning Map.
- 3. Conditional Uses.** The Planning Director shall have the authority to review and recommend to the Planning Commission approval, approval with conditions or modifications, or denial of applications for Conditional Use approval.
- 4. CUPs.** The Planning Director shall have the authority to review and recommend to the Planning Commission approval, approval with conditions or modifications, or denial of applications for Community Unit Plan approval.
- 5. Zoning Adjustments.** The Planning Director, with the concurrence of the Zoning Administrator, shall have the authority to approve, approve with conditions or modifications, or deny applications for zoning adjustments. The Planning Director's decision on such an application may be appealed by filing an application for a Variance.
- 6. Other Administrative Adjustments.** The Planning Director, with the concurrence of the Zoning Administrator, shall have the authority to approve, approve with conditions or modifications, or deny applications for adjustments to approved Conditional Uses, CUP plans, PUD plans and P-Os. The Planning Director's decision on such an application may be appealed by filing an application for amendment to the Conditional Use, CUP, PUD or P-O.
- 7. Historic Landmark designations.** The Planning Director shall have the authority to review and recommend to the Historic Landmark Preservation Committee, the Planning Commission and Governing Body approval, approval with conditions or modifications, or denial of applications for Historic Landmark designation.
- 8. Amendments to Area of Influence boundaries.** The Planning Director shall have the authority to review and recommend to the Planning Commission and Governing Body approval, approval with conditions or modifications, or denial of applications to amend Area of Influence boundaries.
- 9. Administrative Permits.** The Planning Director, with the concurrence of the Zoning Administrator, shall have the authority to approve, approve with conditions or modifications, or deny applications for Wireless Communication Facilities

pursuant to Sec. III-D.6.g. The Planning Director's decision on such an application may be appealed by filing an application for a Conditional Use.

H. ZONING ADMINISTRATOR

1. **Written Interpretations.** The Zoning Administrator shall have the authority to make all written interpretations of the provisions of this Code and provisions of approved CUPs and PUDs administered under this Code. The Zoning Administrator's interpretation may be appealed to the Board of Zoning Appeals.
2. **Zoning Adjustments.** The Zoning Administrator shall have the authority to review and recommend to the Planning Director approval, approval with conditions or modifications, or denial of applications for zoning adjustments. Zoning Adjustments may be granted by the Planning Director only with the concurrence of the Zoning Administrator.
3. **Other Administrative Adjustments.** The Zoning Administrator shall have the authority to review and recommend to the Planning Director approval, approval with conditions or modifications, or denial of applications for adjustments to approved Conditional Uses, CUP plans, PUD plans and P-Os. Adjustments to Conditional Uses, CUP plans, PUD plans and P-Os may be granted by the Planning Director only with the concurrence of the Zoning Administrator.
4. **Classification of Unlisted Uses.** For Uses not specifically listed in this Code or not obviously included in one of the comprehensive Use definitions, the Zoning Administrator shall have the authority to determine the appropriate District or Districts that allow the Use based on the Use's similarity to Uses that are listed.
5. **Administrative Permits.** The Zoning Administrator shall have the authority to review and recommend to the Planning Director approval, approval with conditions or modifications, or denial of applications for wireless communication facilities pursuant to Sec. III-D.6.g. Administrative permits for Wireless Communication Facilities may be granted by the Planning Director only with the concurrence of the Zoning Administrator.

ARTICLE VII

NONCONFORMITIES

SECTIONS

A. PURPOSE, POLICY AND APPLICABILITY

1. **Purpose.** The purpose of this Article is to establish regulations that govern Uses, Structures, Lots and other current circumstances that came into being lawfully but that do not conform to one or more requirements of this Code and to provide a process for registration of such Uses, Structures, Lots and other circumstances. Registration of Nonconformities provides a property owner with an official record of the Nonconformity. Such a record is very desirable since the availability of witnesses and other evidence to establish the nonconforming status may become more difficult with the passage of time. Registration benefits the landowner because it is the burden of the landowner to establish the nonconforming rights.
2. **Policy.** It is the general policy of the City and County to allow Uses, Structures or Lots that came into existence legally and in conformance with then-applicable requirements but that do not conform to all of the applicable requirements of this Code to continue to exist and be put to productive use, but to bring as many aspects of such Use into conformance with the current Code as is reasonably practicable, all subject to the limitations of this Article. The limitations of this Article are intended to recognize the interests of the property owner in continuing to use the property but to control the expansion of the Nonconformity and to control re-establishment of abandoned Uses and limit re-establishment of Buildings and Structures that have been substantially destroyed. An exception to this general policy relating to the location of Sexually Oriented Businesses is set forth in Sec. VII-J.
3. **No Nonconformities created by adoption of this Code.** No use of a Building, Structure or property and no Building, Structure or property that complied with the zoning ordinance or zoning resolution in effect prior to March 25, 1996, shall become or be deemed to have become nonconforming or noncomplying due to adoption of this Code. Any use of a Building, Structure or property and any Building, Structure or property that complied with the zoning ordinance or zoning resolution in effect prior to March 25, 1996, may be rebuilt, repaired or otherwise re-established to the extent that it existed prior to March 25, 1996, subject to the limitations in Sec. VII-I.
4. **Applicability.** The provisions of this Article are not applicable on Lots covered by the provisions of Section III-B.17.e (3), Section III-C.5.f (4) or Section III-C.9.d.

B. NONCONFORMING USES

1. **Maintenance and repair.** Any structure that is part of a Nonconforming Use protected under this Article may be repaired or altered on the same terms set forth for Nonconforming Structures, under Sec. VII-C.1 of this Article.
2. **Enlargement and expansion within a Building and enlargement and expansion of a Building.** A Nonconforming Use may be expanded within the

Floor Area of an existing, conforming Structure or within an expanded Structure, or into a separate Structure or Structures up to a maximum of 30 percent of the Floor Area utilized by the Nonconforming Use on the date said Use first became nonconforming. Any expansion over 30 percent shall require a Variance approval by the Board of Zoning Appeals. An exception to this general policy relating to the location of Sexually Oriented Businesses is set forth in Sec. VII-J.

- 3. Expansion of outdoor Nonconforming Uses.** A Nonconforming Use of premises for which the Principal Use is not enclosed within a Building, such as a Wrecking/Salvage Yard, a Vehicle Storage Yard, or a Vehicle and Equipment Sales lot, may not be expanded except in conformity with the requirements of this Code.
- 4. Change in Use.** A Nonconforming Use may be changed to a new Use, provided that the new Use shall be of the same general character or of a character less intensive (and thus more closely conforming) than the existing, Nonconforming Use. The initial determination of whether a proposed Use is a conforming Use or is less intense shall be made by the Zoning Administrator, with an appeal to the Board of Zoning Appeals. In either case, the determination shall be based on the use hierarchy established by the Use Regulations Schedule of Article III. A Nonconforming Use, if changed to a conforming Use or less intensive Nonconforming Use, may not thereafter be changed back to a less conforming Use than that to which it was changed.

C. NONCONFORMING STRUCTURES

- 1. Maintenance and repair.** Remodeling of a Nonconforming Structure within the existing Building footprint shall be permitted without a Variance. Any Nonconforming Structure damaged to the extent of 50 percent or less of its fair market value by fire, wind, tornado, earthquake or other natural disaster may be rebuilt, provided such rebuilding does not increase the Intensity of Use as determined by the number of Dwelling Units (for residences) or Floor Areas or ground coverage (for nonresidential uses). The Structure shall not be rebuilt closer to the property line than the original Structure or the applicable Setback lines, whichever is closer. In the City of Wichita only, Nonconforming Structures damaged 50 percent or less of their fair market value by flooding may be rebuilt as set forth in this section, provided such reconstruction shall conform to all requirements of the Building Code related to construction in flood hazard areas. Any Building so damaged more than 50 percent of its value may not be rebuilt, repaired, or used unless it is made to conform to all regulations for Buildings in the District in which it is located, provided that such restoration as may be made is to the fullest extent possible in conformance with development standards.
- 2. Enlargement and expansion.** Any expansion of the Nonconforming Structure that increases the degree of nonconformance is prohibited. Other expansions of the Structure shall be permitted and shall not require a Variance. The initial determination of whether a proposed expansion increases the degree of Nonconformity shall be made by the Zoning Administrator, with an appeal to the Board of Zoning Appeals.

3. **Relocation.** If a Nonconforming Structure is relocated within the area to which this Code is applicable, it shall be placed only in a location in which it fully conforms with the requirements of this Code.
4. **Unsafe Structures.** Nothing in this section shall be construed to permit the continuing use of a Building found to be in violation of basic life safety or health codes of the City or County. The right to continue to use a noncomplying Structure shall be subject to all applicable housing, building, health and other life safety and health codes of the jurisdiction in which the Building is located.

D. NONCONFORMING LOTS

A Lot shown on an approved and recorded subdivision plat on the date on which this Code became applicable to the Lot or a parcel shown on the County's records as a separate parcel on such date may be occupied and used although it may not conform in every respect with the dimensional requirements of this Code, subject to the provisions of this section.

1. **Vacant Lot.** If the Lot or parcel was vacant on the date on which this Code became applicable to it, then the Owner may use the property as permitted by the applicable zoning District, provided that the Use shall comply with applicable dimensional requirements of this Code to the maximum extent practicable. If the applicable zoning District permits a variety of Uses or a variety of Intensities of Uses and one or more uses or Intensities would comply with applicable Setback requirements while others would not, then only the Uses or Intensities that would conform with the applicable Setback requirements shall be permitted. Otherwise the Owner may seek a Variance from such requirements from the Board of Zoning Appeals.
2. **Lot with Building or Structure.** If the Lot or parcel contains a Building or Structure on the date on which this Code becomes applicable to it, then the Owner may continue the use of that Building or Structure and may reasonably expand the Structure in any way that does not increase the degree of Nonconformity. An increase in building size shall not be deemed to increase the degree of Nonconformity unless it increases the encroachment on a required Setback. Remodeling of a Structure within the existing Building footprint or expansion in compliance with this section shall not require a Variance but shall be reviewed by the Zoning Administrator as though the Lot were conforming.
3. **Lot merger.** If the Lot or parcel is smaller than would otherwise be required by this Code and such Lot or parcel is at any time on or after the date on which this Code became applicable to such Lot or parcel under common control with an Contiguous Lot or parcel, then the two shall be considered merged for purposes of this Code and shall in the future be considered together for purposes of determining compliance. If the merged Lots or parcels contain sufficient area for the actual or proposed Use, then they shall be deemed fully conforming. If the merged Lots or parcels together do not contain sufficient area for the actual or proposed Use, they shall nonetheless be considered together for purposes of reducing the degree of Nonconformity. When a Nonconforming Lot or parcel has been merged with another Lot or parcel, such Lot or parcel shall not again be

used as a separate Lot or parcel, unless it is subdivided from the Lot or parcel with which it has been merged; subdivision shall require full compliance with the requirements of this Code and the applicable subdivision regulations.

E. OTHER NONCONFORMITIES

- 1. Examples of other Nonconformities.** The types of other nonconformities to which this section applies include but are not necessarily limited to: Fence height or location; lack of buffers or Screening; lack of or inadequate Landscaping; lack of or inadequate off-street Parking; and other Nonconformities not involving the basic design or structural aspects of the Building, location of the Building on the Lot, Lot dimensions or land or Building Use. However, development that is consistent with a site plan approved on the date that this Code became effective shall be deemed to be in conformance with this Code to the extent that it is consistent with the approved plan and to the extent that such plan or conditions imposed thereon directly addresses the specific issue involved in the determination of conformity. A Nonconformity other than one of those enumerated in Secs. VII.B, VII.C and VII.D shall be brought into conformance upon the occurrence of any one of the following:
 - a.** any increase on the premises of more than 30 percent Floor Area or 50 percent value;
 - b.** for a property in a commercial or industrial zone, any change in Use to a more intensive Use when a new certificate of occupancy is required.

The requirement that these other Nonconformities be brought into conformance shall be subject to Variance by the Board of Zoning Appeals where it finds that such conformance would involve an unreasonable hardship.

- 2. Policy.** Because other Nonconformities involve less investment and are more easily corrected than those involving Lots, Buildings and Uses, it is generally the policy of the City and County to eliminate such other Nonconformities as quickly as practicable.
- 3. Increase prohibited.** The extent of such other Nonconformities shall not be increased, with or without a Variance.

F. NONCONFORMITIES CREATED BY PUBLIC ACTION

When Lot Area or Setbacks are reduced as a result of conveyance to a federal, state or local government for a public purpose and the remaining area is at least 75 percent of the required minimum standard for the District in which it is located, then that Lot shall be deemed to be in compliance with the minimum Lot Area and Setback standards of this Code without resorting to the Board of Zoning Appeals.

G. DISCONTINUANCE

- 1. Nonconforming Use.** When a Nonconforming Use has been abandoned, such Nonconforming Use shall not be renewed. When a Building containing a Nonconforming Use has been destroyed or damaged to an extent exceeding 50 percent of its fair market value, such Nonconforming Use shall not be renewed

and the Building shall not be restored in a way that is designed primarily for such Use.

2. When abandoned. A Nonconforming Use shall be presumed abandoned when any of the following has occurred:

- a. the Owner has in writing or by public statement indicated intent to abandon the Use;
- b. a less intensive Use has replaced the original Nonconforming Use;
- c. the Building or Structure has been removed through the applicable procedures for the condemnation of unsafe structures;
- d. the owner has physically changed the Building or Structure or its permanent equipment in such a way as to indicate clearly a change in use or activity to something other than the Nonconforming Use;
- e. the property, if a land use conducted primarily outside of a Building, has been vacant or completely inactive for 12 months; or
- f. the property, if a land use conducted primarily inside of a Building, has been vacant or completely inactive for 24 months.
- g. Nonconforming Manufactured Home Parks/spaces:
 - (1) For nonconforming Manufactured Home Parks within the City of Wichita, the failure to license such parks, as required by Chapter 26.04 of the Code of the City of Wichita for a period of 24 consecutive months shall constitute abandonment of the nonconforming use.
 - (2) For nonconforming Manufactured Home Parks within the City of Wichita with fewer than five Manufactured Home spaces, the failure to occupy any space for a period of 12 consecutive months shall constitute an abandonment of the Nonconforming Use for the particular space. A space shall be considered occupied if the Manufactured or Mobile Home meets the minimum requirements for a residential occupancy permit and utilities have not been disconnected for greater than 180 consecutive days.
 - (3) For nonconforming Manufactured Home Parks within the City of Wichita, the failure to license a manufactured home space pursuant to Chapter 26.04 for a period of twelve consecutive months shall constitute abandonment of the non-conforming use for that space. Such space may not be subsequently licensed by Chapter 26.04 and has lost its allowed nonconforming use.

3. Overcoming presumption of abandonment. A presumption of abandonment based solely on the length of time a land use has remained vacant or inactive (See Secs. VII-G.2.e and VII-G.2.f) may be rebutted upon a showing, to the satisfaction of the Board of Zoning Appeals, that during such period the owner of the land or structure:

- a. has been maintaining the land and Structure in accordance with the Building Code and did not intend to discontinue the Use; or
- b. has been actively and continuously marketing the land or Structure for sale or lease; or
- c. has been engaged in other activities that would affirmatively prove that there was not an intent to abandon.

H. DETERMINATION OF NONCONFORMITY STATUS

In all cases, the property owner shall have the burden of establishing that a Nonconforming Use or Nonconforming Structure lawfully exists under this Code by a preponderance of evidence that shows the existence of the Nonconformity is more likely than not when the evidence is viewed in its totality.

I. REGISTRATION OF NONCONFORMITIES

1. **Rights conditional.** The recognition by the Zoning Administrator of rights given to those using or owning property involving a Nonconformity under this Art. VII or exemption under Sec. VII-A.3 are specifically conditioned on the registration of the Nonconformity or exemption with the Zoning Administrator. Nonconformities or exemptions so registered shall be deemed to be lawful Uses under the provisions of this Code, to the extent documented on the registration form.
2. **Registration process.** Registration shall be required for Nonconformities existing on the effective date of this Code, exemptions created by the adoption of the Code adopted on March 25, 1996, Nonconformities arising because of an amendment to this Code or Nonconformities arising because of a change in jurisdictional boundaries. There shall be no deadline for the registration required by this Sec. VII-I. The Zoning Administrator shall establish a process for the registration of Nonconformities and exemptions and shall establish a system for keeping records of the same. The Zoning Administrator shall provide registration forms for this purpose.
3. **Registration determination and appeal.** The Zoning Administrator shall verify the qualification of a Use, Structure, or Lot for registration under this section. The Zoning Administrator shall refuse to permit the expansion, continuance, repair, maintenance or other continuation of nonconforming or exempt status for a Nonconformity or exemption not registered in accordance with this section. An aggrieved party may appeal the Zoning Administrator's registration or denial of registration to the Board of Zoning Appeals.
4. **Evidentiary considerations.** In verifying the qualification of a Use, Structure or Lot for registration under this section, the Zoning Administrator shall consider all relevant and material evidence, whether submitted by the applicant, by any other person supporting or opposing the claim of Nonconforming rights, or otherwise available to the Zoning Administrator. Examples of relevant evidence that shall be considered includes, but is not limited to, the following materi

als that may tend to show the existence of a Use, Structure, or Lot that pre-dates the effective date of the applicable code provision:

- a. photographs, video, or other visual types of evidence that can be verified as predating the effective date of the code provisions involved;
- b. contracts, deeds, or other legal instruments that are dated, whether or not recorded or filed in any public office of recorded;
- c. books, magazine articles, or newspaper clippings that are dated;
- d. tax returns, receipts, or other financial records that are dated;
- e. statements by witnesses, in the form of affidavits, that are made on personal knowledge; and
- f. certificates of occupancy, licenses, or other permits issued by a governmental entity.

J. AMORTIZATION OF NONCONFORMITIES: Sexually Oriented Business Distance Requirements and Zoning District Limitations

1. Amortization in the County

- a. No Sexually Oriented Business in Sedgwick County shall be located less than 1,000 feet from a Church; less than 1,000 feet from a School; less than 1,000 feet from a public Park; less than 1,000 feet from a residential Dwelling Unit; or less than 1,000 feet from another adult entertainment establishment, regardless of licensure. The terms Church, School, residential Dwelling Unit, and adult entertainment establishment shall be defined as set forth in the County's Adult Entertainment Code (Article VIII of Chapter 17 of the Sedgwick County Code) and any amendments thereto. This distance is to be measured from the nearest property line of the Church, School, public Park, residential Dwelling Unit, or other adult entertainment establishment, (regardless of licensure), to the nearest property line of the premises on which the Sexually Oriented Business in the County is located or of any Parking lot designated to be used by the patrons of such an establishment.
 - (1) Exception: Sec. VII-J.1.a above shall not apply to a Sexually Oriented Business in the County if said Sexually Oriented Business in the County first locates at a particular premises after June 28, 2000; and the Church, School, public Park, residential Dwelling Unit, or other adult entertainment establishment moves into the 1,000 foot area after the Sexually Oriented Business in the County has commenced operations on the premises.
 - (2) Exception: A Sexually Oriented Business may be located within 1,000 feet of a currently occupied residential Dwelling Unit provided that any currently occupied residential Dwelling Unit within 1,000 feet of the Sexually Oriented Business in the County is separated from the Sexually Oriented Business in the County by a roadway designated as a United States Highway.

(3) Exception: A Sexually Oriented Business in the County may remain at a location within 1,000 feet of a Church, School, public Park, residential Dwelling Unit or separate adult entertainment establishment if said Sexually Oriented Business in the County was operating as a Sexually Oriented Business in the County at said location on or before June 28, 2000 and held a valid adult entertainment establishment license for said location on June 28, 2000, so long as said Sexually Oriented Business in the County is and remains properly licensed and so long as said Sexually Oriented Business in the County has continuously operated as a Sexually Oriented Business in the County since June 28, 2000, subject to the exceptions and limitations set forth in the County's Adult Entertainment Code.

b. On or before June 30, 2004, all Sexually Oriented Businesses in the County where the licensed premises are located within 1,000 feet of a Church, School, public Park, residential Dwelling Unit, or separate adult entertainment establishment all as defined in the County's Adult Entertainment Code, shall cease operation unless exempted pursuant to the provisions of the County's Adult Entertainment Code.

2. Amortization in the City

a. No Sexually Oriented Business in the City shall be located less than 500 feet from a Church; less than 500 feet from a School; less than 500 feet from a public Park; less than 500 feet from a licensed Day Care center; less than 500 feet from the boundary of a residential District; less than 500 feet from the boundary of the OT-O District; or less than 500 feet from another adult entertainment establishment, regardless of licensure. This distance is to be measured from the nearest property line of the Church, School, public Park, licensed Day Care center, residential District boundary, OT-O District boundary or other adult entertainment establishment, (regardless of licensure), to the nearest property line of the premises on which the Sexually Oriented Business in the City is located or of any Parking lot designated to be used by the patrons of such an establishment.

(1) Exception: A Sexually Oriented Business in the City operating on or after February 8, 2005 under a valid Adult Entertainment Establishment license at a location in compliance with the distance requirements from a Church, School, public Park, licensed Day Care center or separate Adult Entertainment Establishment described in Sec. VII-J.2 of this Code shall not become nonconforming under this Code solely by reason of a Church, School, public Park, licensed Day care center or separate Adult Entertainment Establishment moving, after February 8, 2005, to a location within the 500 foot radius of the Sexually Oriented Business after the City has issued an Adult Entertainment Establishment license for operation at the premises.

(2) Exception: A Sexually Oriented Business in the City may remain in a zoning District other than GC General Commercial, LI Limited Industrial or GI General Industrial, within the OT-O District, or at a location within 500 feet of a Church, School, public Park, licensed Day Care center, residential district boundary, OT-O district boundary or separate

adult entertainment establishment if said Sexually Oriented Business in the City was operating as a Sexually Oriented Business in the City at said location on or before February 8, 2005 and held a valid adult entertainment establishment license for said location on February 8, 2005, so long as said Sexually Oriented Business in the City is and remains properly licensed as an adult entertainment establishment and so long as said Sexually Oriented Business in the City has continuously operated as a Sexually Oriented Business in the City since February 8, 2005, subject to the exceptions and limitations set forth in Chapter 3.05 of the Code of the City of Wichita. This exception shall cease to exist, and shall no longer be effective after December 31, 2007.

- b.** On or before December 31, 2007, all Sexually Oriented Businesses in the City where the licensed premises are located in a zoning District other than GC, LI, or GI, or are within 500 feet of a Church, School, public Park, licensed Day Care center, residential District boundary, OT-O district boundary or separate adult entertainment establishment all as defined in Chapter 3.05 of the Code of the City of Wichita, shall cease operation unless exempted pursuant to Sec.VII-J.2. above.
- c.** No provision of Sec. VII-J.2.b relating to amortization of Nonconformities shall be effective against any Sexually Oriented Business in the City operating from a location made nonconforming herein until the City Attorney has filed, on behalf of the City of Wichita, an action in a court of competent jurisdiction to obtain an independent judicial review of the provisions relating to amortization of Nonconformities, and has obtained a final judicial decision from that review. Such an action shall place the burden of proof on the City, shall designate the property made nonconforming by these amendments to the Zoning Ordinance, and include notice and an opportunity to be heard for the Sexually Oriented Business in the City that is made nonconforming by these amendments to the Code.

ARTICLE VIII

VIOLATIONS AND ENFORCEMENT

SECTIONS

A. DELEGATION

This Code shall be enforced by the Zoning Administrator or such other officer of the City or County as may from time to time be designated by the Governing Body or its designee.

B. ISSUANCE OF PERMITS

No person in the employ of the City or County or acting on behalf of the City or County shall issue any building permit or grant a certificate of occupancy if the building or use would be in violation of this Code. Any certificate or permit issued upon a false statement of fact which is material to the issuance thereof shall be void.

C. EFFECT OF VIOLATION

Any violation of this Code shall be a misdemeanor under the Code of the City of Wichita, and any violation in the unincorporated County shall be a violation of the Sedgwick County Code.

D. TYPES OF VIOLATIONS

Any of the following shall be a violation of this Code and shall be subject to the enforcement remedies and penalties provided by this Code and by state law:

- 1. Development or use without permit.** To engage in any development, use, construction, remodeling or other activity of any nature upon the land and improvements thereon subject to the jurisdiction of Sedgwick County or the City of Wichita without all of the required permits, approvals, certificates and other forms of authorization required by this Code in order to conduct or engage in such activity.
- 2. Development or use inconsistent with permit.** To engage in any development, use, construction, remodeling, or other activity of any nature in any way inconsistent with the terms and conditions of any permit, approval, certificate or other form of authorization required in order to engage in such activity.
- 3. Development or use inconsistent with conditions.** To violate, by act or omission, any term, condition, or qualification placed by the Planning Commission or a Governing Body or Board of Zoning Appeals, as applicable, upon a required permit, certificate, or other form of authorization granted by the Planning Commission, the City or County to allow the use, development, or other activity upon land or improvements thereon.

4. **Development or use inconsistent with code.** To erect, construct, reconstruct, remodel, alter, maintain, move, or use any building, structure or sign, or to use any land in violation or contravention of any zoning, subdivision or general regulation of this Code, or any amendment thereof.
5. **Making lot or setback noncomplying.** To reduce or diminish any lot area so that the setbacks or open spaces shall be smaller than prescribed by this Code and the final plat or plan.
6. **Increasing intensity of use.** To increase the intensity of use of any land or structure, except in accordance with the procedural and substantive requirements of this Code.
7. **Continuing violation.** To continue any of the above violations. Each day of a violation shall be considered a separate offense.
8. **Removing, defacing, obscuring notice.** To remove, deface, obscure or otherwise interfere with any notice required by this Code.

E. ENFORCEMENT AND REMEDIES

The City and County shall have the following remedies and enforcement powers:

1. **Withhold permits.** The City or County may deny or withhold all permits, certificates or other forms of authorization on any land or structure or improvements thereon upon which there is an uncorrected violation of a provision of this Code or of a condition or qualification of a permit, certificate, approval or other authorization previously granted by the City, County, Planning Commission or the Board of Zoning Appeals. The City or County may, instead of withholding or denying an authorization, grant such authorization subject to the condition that the violation be corrected. The provisions of this section shall apply regardless of whether the current owner or applicant is responsible for the violation in question.
2. **Revoke permits.** Any permit may be revoked when the Planning Director or the Zoning Administrator determines (a) that there is departure from the plans, specifications, or conditions as required under terms of the permit, (b) that the same was procured by false representation or was issued by mistake, or (c) that any of the provisions of this article are being violated. Written notice of such revocation shall be served upon the owner, his or her agent, or contractor, or upon any person employed on the building or structure for which such permit was issued, or shall be posted in a prominent location; and, thereafter, no such construction shall proceed. Upon revocation of a building permit which was issued by mistake, the owner shall meet with the City or County to determine in what respect a mistake had been made. When plans are in conflict with ordinances, resolutions, regulations or requirements and when construction has not progressed to a stage where modification of the plans would require substantial alteration of the structures in place, the plans shall be modified to conform to all applicable ordinances, resolutions, regulations or requirements.

When construction has progressed to a stage where compliance would require substantial alteration of construction in place, the owner shall meet with the City or County to negotiate possible changes in the plans that could now more nearly conform to ordinances, resolutions, regulations or requirements. When a mistake has been made calculating the fee for a building permit, the proper fee shall be charged.

- 3. Stop work.** With or without revoking permits, the City or County may stop work on any building or structure on any land on which there is an uncorrected violation of a provision of this Code or of a permit or other form of authorization issued hereunder, in accordance with its power to stop work under its building codes.
- 4. Revoke plan or other approvals.** Where the violation of this Code involves a failure to comply with approved plans or conditions to which the approval of such plans was made subject, the applicable Governing Body may, upon notice to the applicant and other known parties in interest (including any holders of building permits affected) and after a hearing, revoke the plan or other approval or condition its continuance on strict compliance, the provision of security or such other conditions as the Governing Body may reasonably impose.
- 5. Injunctive relief.** The City or County may seek an injunction or other equitable relief in the district court to stop any violation of this Code or of a permit, certificate or other form of authorization granted hereunder.
- 6. Abatement.** The City or County may seek a court order from the district court in the nature of mandamus, abatement or other action or proceeding to abate or remove a violation or to otherwise restore the premises in question to the condition in which they existed prior to the violation.
- 7. Penalties.** The City or County may seek such criminal or civil penalties as are provided by Kansas law, municipal or county code. Any violation occurring within the City shall constitute a misdemeanor with penalties not to exceed \$500 or imprisonment for not more than six months for each offense, or both the fine and imprisonment. For any violation occurring within the unincorporated county, criminal penalties shall not exceed \$500 and any violation shall be a class H violation, with prosecution pursuant to Chapter 8 of the Sedgwick County Code. For purposes of these penalties, each day's violation shall constitute a separate offense.
- 8. Other remedies.** The City or County shall have such other remedies as are and as may be from time to time provided by Kansas law, municipal code or county code for the violation of zoning or related provisions of its code.
- 9. Remedies cumulative.** These remedies shall be cumulative.

F. ENFORCEMENT PROCEDURES

In carrying out the enforcement powers under this Code, the City or County, as applicable, shall follow the procedures set forth in this section.

- 1. Notice.** In the case of violations not involving continuing construction or development or any emergency situation, the Zoning Administrator or his or her designee shall give written notice of the nature of the violation to the owner of the land and/or to any tenant, occupant, or a party to any agreement relating to the use of the land, or an applicant for any relevant permit, certificate or approval, after which the persons receiving such notice shall have 15 days from the date of mailing or service to correct the violation before further enforcement action.
- 2. Immediate enforcement.** In the case of a violation involving either continuing construction or development or an emergency situation (as reasonably determined by the Zoning Administrator), the City or County may use the enforcement powers and remedies available to it under this Article without prior notice, but the Zoning Administrator shall send the notice to the same parties provided by the previous section simultaneously with the beginning of enforcement action.

G. OTHER ENFORCEMENT MATTERS

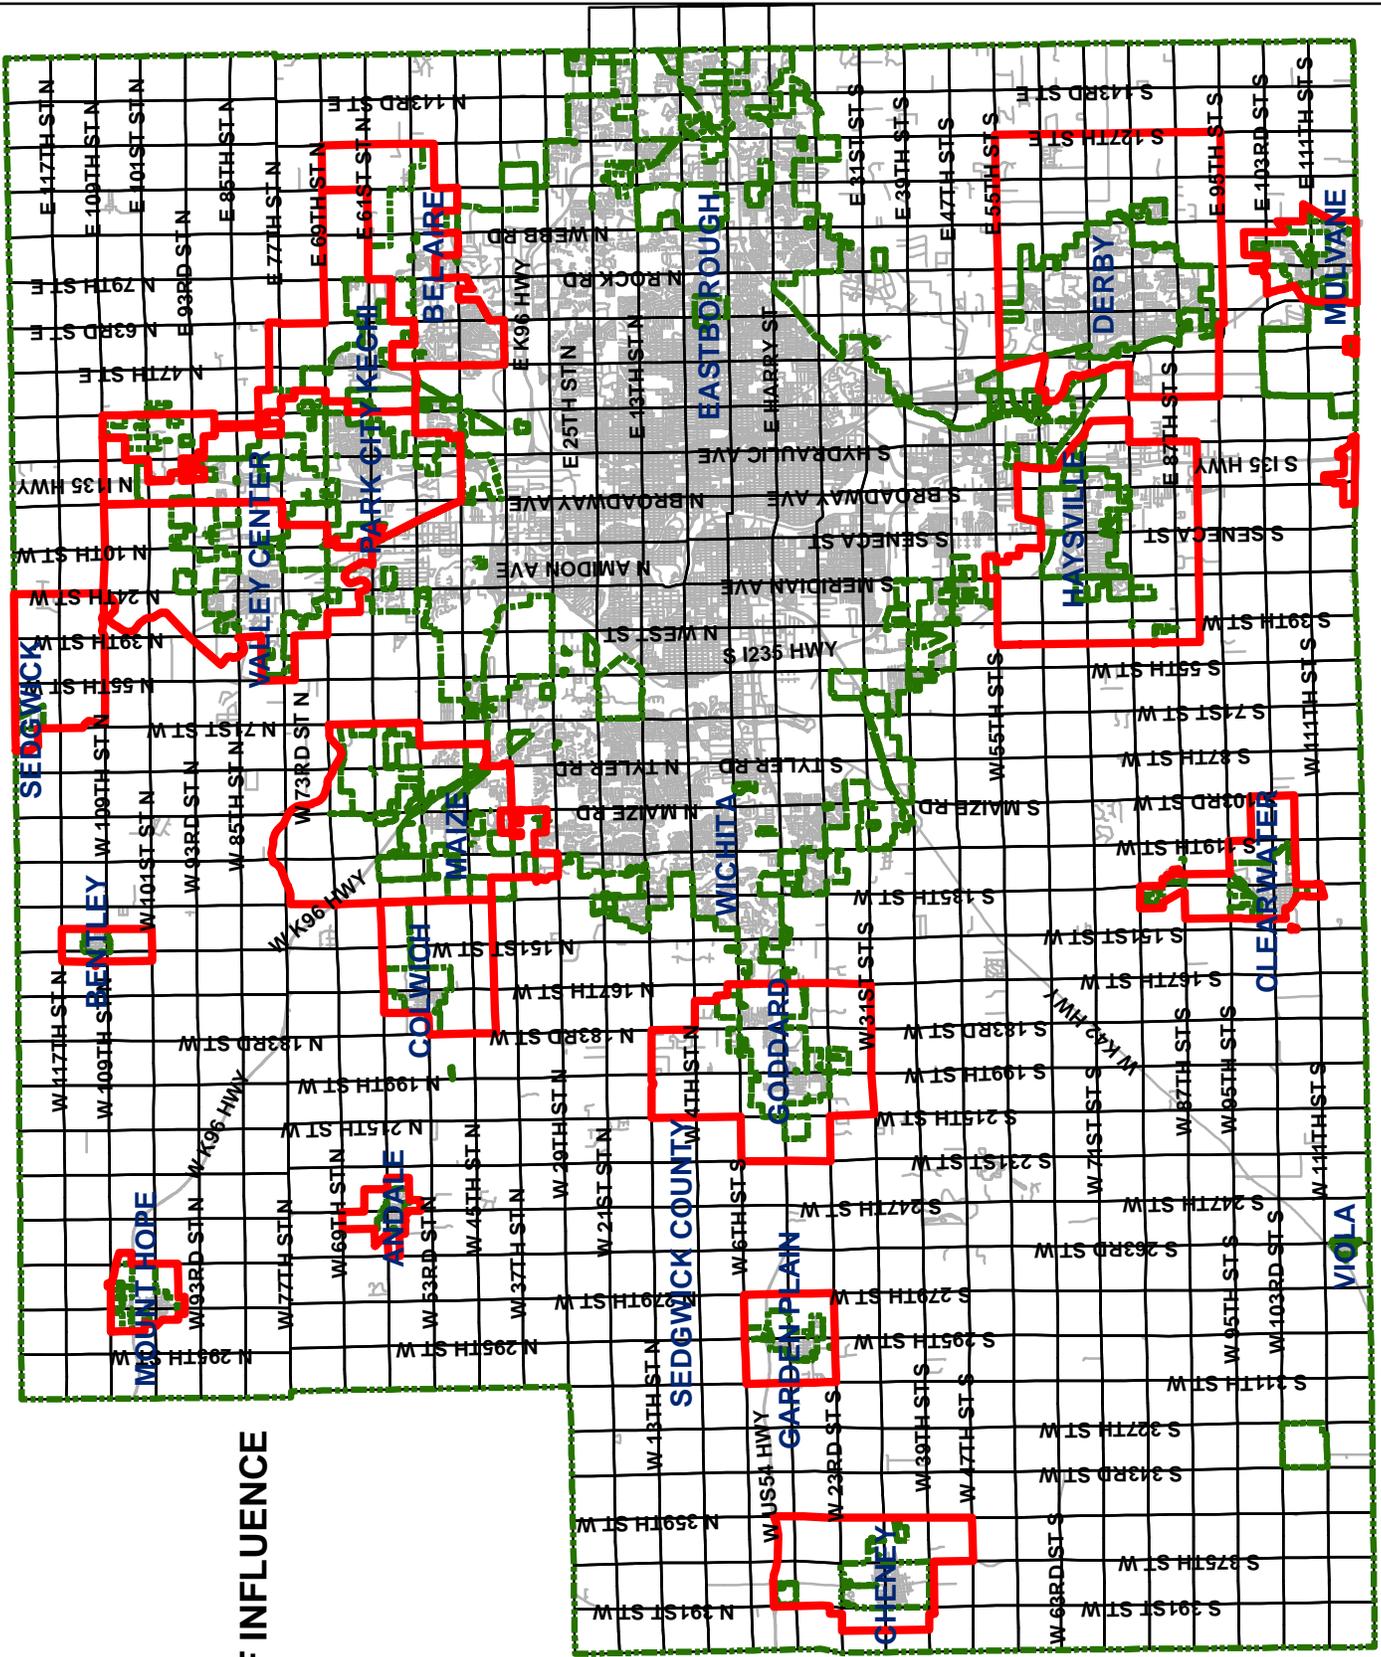

- 1. Other powers.** In addition to the enforcement powers specified in this Article, the City and County may exercise any and all enforcement powers granted to them by Kansas law, as it may be amended from time to time.
- 2. Continuation.** Nothing in this Code shall prohibit the continuation of previous enforcement actions, undertaken by the City or County pursuant to previous and valid resolutions, ordinances and laws.

Delano Neighborhood Design Guidelines

Revised April 11, 2003

Wichita-Sedgwick County Metropolitan Area Planning Department

1. General. The Delano Neighborhood Overlay District encompasses one of the oldest and most well established neighborhoods in the City of Wichita. The Delano Neighborhood Design Guidelines contained herein are to be used in conjunction with the Delano Neighborhood Overlay District. Alterations shall be respectful of the character of one of Wichita's earliest commercial and residential districts.

The architectural vernacular of the Delano neighborhood changes throughout the neighborhood. With regard to residential architecture, the primary historical architectural styles are Bungalow, Cottage, Minimal Traditional, Four Square, Dutch Colonial, National, Queen Anne and Craftsman. Commercial development consists of architectural styles typically constructed between the early 1900's and the 1950's. The major institutional facilities within the district demonstrate the architectural styles known as Mission and Richardsonian Romanesque. The architecture of the Delano Neighborhood represents a cross section of some of the more respected styles in recent history.

2. Definitions. The following definitions shall apply specifically to the Delano Neighborhood Overlay District.

- a. Alterations** shall mean any construction or renovation to an existing structure other than repair or painting.
- b. Architectural Character** shall mean the basic detailing, architectural rhythm, architectural style, appearance and historic period of a building or group of buildings or structures, including the site and landscape development.
- c. Architectural Detailing** shall mean the exterior placement and/or construction of the different architectural features including all horizontal or vertical surfaces.
- d. Architectural Elements** see Architectural Feature
- e. Architectural Feature** shall mean a prominent or significant part or element of a building, structure, or site. Architectural features may include special lines, massing, projections, recesses, and texture.
- f. Architectural Style** shall mean the characteristic form and detail of buildings of a particular historic period.
- g. Bays** shall mean a regularly repeated spatial element, defined by beams or ribs and their supports, within a structure.
- h. Composition** shall mean the assemblage of architectural features and details of a specific architectural style, or the use of materials that are based upon specific examples found in an area or time period.
- i. Emergency Repairs** shall mean any and all repairs necessary to create a watertight building or structure due to a recently occurring natural disaster, including but not limited to a flood, tornado, lightning, or hail.
- j. Facade** shall mean that portion of any exterior elevation on the building extending from grade to the parapet, wall, or eaves and the entire width of the building elevation that faces a public street, alleys excluded.
- k. Lines** shall mean visual elements of the building, either within the facade or on the building edge, which are in a linear form either horizontally or vertically and may be composed of masonry, glass, or other related materials.

- l.** Mass shall pertain to the volume, bulk of a building or structure.
- m.** Projections shall mean items such as sills, eaves, cornices, canopies, porches, and chimneys.
- n.** Recesses shall mean portions of the building both in the horizontal and vertical planes that are setback from the building wall either for pedestrian articulation, to provide space for windows and/or doors or to create special architectural detailing.
- o.** Rhythm shall mean the recurrence at regular or uniform intervals of features especially windows, masonry, textures, etc. within a building.
- p.** Scale shall mean a proportional relationship of the size of parts to one another and to the human figure.
- q.** Texture shall mean the quality of a surface, ranging from mirror finish, smooth, to coarse and unfinished.

3. Design standards.

a. General appearance.

- (1)** Architectural features shall be retained and building designs shall be compatible with the district's historical architectural character by coordinating style, architectural detailing, materials and scale with the original buildings in the district.
- (2)** All remodeling or rehabilitation of exteriors shall ensure the visual integrity of the building and be compatible with the overall architectural character of the district.
- (3)** Building additions and accessory buildings shall be compatible in appearance with the principal building.
- (4)** Detached garages, carports and other accessory structures shall be subordinate (smaller) to the primary structure with regard to height, scale and mass, and shall be situated in a manner that is typical of the neighborhood.

b. Landscaping. Development within the D-O district shall be subject to the provisions of the City of Wichita Landscape Ordinance. Exemptions in that Ordinance for property zoned LI-Light Industrial or GI-General Industrial are not applicable in the D-O district.

c. Lighting. Any period street lighting used in the commercial segment of the Douglas Avenue street right-of-way (McLean to Vine) shall be continued through the residential segment of the Douglas Avenue street right-of-way (Vine to Meridian).

d. Setbacks.

- (1) General.** All buildings shall be set back from the street uniformly to present a continuous façade line along the street, except that minor recesses or projections for entries, arcades and similar elements may be acceptable. Where a continuous façade line is not available, structures shall be setback and aligned with the most common existing setback line along the street.
- (2) Seneca Street.** A landscaped, building setback of 10 feet shall be required on all Seneca Street frontages between Kellogg and Texas Street, and between Mc Lean and the abandoned UP Rail Corridor Greenway. New buildings on Seneca between Texas (one block south of Douglas) and the abandoned UP Rail Corridor Greenway (one block north of Douglas) shall have the building face set on the property line.

(3) McLean Boulevard. A landscaped, building setback of 20 feet shall be required on all properties abutting McLean Boulevard. Buildings over two stories in height shall have an additional 10 feet of landscaped setback for each story, up to 50 feet.

(4) Douglas Avenue (from McLean to Vine). New commercial buildings on Douglas between McLean and Vine shall have the building face set on the property line.

e. Signs.

(1) General. Signage within the D-O district shall be subject to the provisions of Chapter 24.04 of the Code of City of Wichita, as well as the following requirements:

- (a)** All signs, including window signs, must be approved as to design, color, materials, placement, method of attachment, method of illumination (if applicable) and compatibility with building structure and surrounding area.
- (b)** Illuminated signs (excepting neon) shall not contain flashing or moving elements or change its brightness. However, digital time and temperature signage shall be allowed.
- (c)** Logos and symbols may be illuminated or backlit by fluorescent fixtures. The use of indirect lighting is also allowed.
- (d)** The use of a fluorescent color on a sign is prohibited.
- (e)** The use of incandescent bulbs or neon lighting is permitted and encouraged.
- (f)** No sign or any part of a sign may move or rotate, with the exception of a wind device, the motion of which is not restricted.
- (g)** Letterforms shall not be overly intricate nor of overtly modern styling. Suitable letter forms include, but are not limited to, the following: Helvetica, Helvetica Medium, Univers 55, Univers 65, Optima, Optima Semi-bold, Melior, Craw Clarendon, American Typewriter Medium.
- (h)** Logos and symbols may be incorporated into signage, but must otherwise conform to the criteria contained in these guidelines.

(2) Building or wall signs.

- (a)** Building signs shall be located so as not to dominate the building, or cover windows or moldings. Signs shall emphasize architectural elements and not obscure architectural details.
- (b)** No more than one temporary on-site sign may be displayed on a premise at any given time.
- (c)** Window signs shall be painted or gold-leafed directly on windows. Window signs and temporary on-site signs attached to or painted on a window may not cover more than 25 percent of the window surface area (window sign decals are exempted).
- (d)** Painted signs shall be placed in bands within the space above or below windows.

(3) Pole and ground signs.

- (a)** No pole or ground sign shall have an effective area greater than 32 square feet. A pole sign shall have a maximum height of 16 feet above the ground.
- (b)** Portable signs shall be limited to unlit A-frame signs with a maximum height of four feet

(c) and a total area of 12 square feet. Such signs shall require a minor street permit and shall not obstruct pedestrian traffic nor impede vehicular traffic. No more than one portable sign may be displayed on a premise at any given time.

(4) Canopy signs. All canopy signs shall be subject to the provisions of Chapter 23 (for awnings, canopies and marquees) of the Code of the City of Wichita, as well as the following requirements:

(a) No canopy sign shall project vertically above the surface of the canopy or awning.

f. Non-residential & mixed-use development. These criteria apply specifically to the “Commercial Mixed-Use”, “Educational Institutions”, “Institutional Uses”, “Public Greenways” and “Recreation/Sports Facilities” areas as depicted on Page 26, Figure 15 of the Delano Neighborhood Revitalization Plan. These criteria shall also apply to all properties adjoining the north side of Douglas Avenue between McLean Boulevard and Seneca Street, and the east side of Seneca Street from Kellogg to McLean Boulevard.

(1) General.

(a) Conversion of the second floors of existing two story structures to residential use and/or office uses is encouraged.

(b) Upper floors of structures with windows shall utilize decorative features such as displays, curtains and other materials to enhance the appearance of the overall structure. Windows shall not carry the appearance of vacancy or deterioration.

(c) Roofs on commercial buildings shall have parapets, and shall not have a visible pitch.

(d) Buildings shall not be allowed to have visible metal walls that are not visually compatible with the architectural character of the surrounding area.

(e) All openings in the façade of a building (windows, doorways, etc.) shall be proportioned to reflect pedestrian scale and designed in a manner that encourages interest at the street level. Main or primary entrances to buildings must be delineated through the use of architectural detailing appurtenant to the architectural style of the building. The main or primary entrances shall be oriented toward the front or side street setback.

(f) Awnings or canopies shall be made of canvas, cloth or metal material.

(g) Mechanical or electrical equipment and trash receptacles shall be hidden or screened from street level view.

(h) Planter boxes and screening walls shall be compatible with the primary structure.

(i) Primary façades fronting a public street and consisting of brick or masonry (excluding cinder block) shall not be painted if they have not previously been painted.

(2) Parking.

(a) Off-street parking and service areas shall be at the rear or side of the building, and shall have three to four feet high screening and a six feet wide landscaped buffer adjacent to any public street. Screening shall consist of brick, ornamental ironwork or a poured-in-place masonry wall that is visually compatible with the architectural character of surrounding buildings, or any combination thereof.

(b) No new parking areas shall be established adjacent to or with frontage on Douglas Av-

enue or University Avenue (east of Hiram Street).

(3) Douglas Avenue (from McLean to Vine).

- (a)** In-fill structures shall be either one or two story, with common walls. One additional story (third story) may be built provided it is set back from the front façade a minimum of 20 feet.
- (b)** If a single story structure is built, the roof structure shall be designed to enable the addition of a second floor, or the use of the roof as a patio/roof garden.
- (c)** Commercial buildings along Douglas Avenue shall have primary or main façades that are divided into distinct modules that are no longer than 50 feet.

g. Residential development. These criteria apply specifically to the “Single Family Residential” and “Multi-Family Residential” areas as depicted on Page 26, Figure 15 of the Delano Neighborhood Revitalization Plan.

- (1)** Fencing in front yards adjoining a public street shall be wrought iron (five feet height limit), wooden or high density polyethylene picket fencing or fencing of a similar period style, or chain link fencing and shall be no more than four feet in height. Stone or brick walls are permitted, subject to the four feet height limitation, provided they are compatible with the material of the primary structure. Fencing in side yards adjoining a public street (not including alleys) shall be of materials identical to that allowed in the front yard but shall also include the option of wooden privacy fencing. Fence height in a side yard adjoining a public street shall be limited to six feet.
- (2)** Porches, when utilized, shall be oriented toward the primary street frontage in an architectural style compatible with the primary structure.
- (3)** Decks, when utilized, shall be adjacent on a façade of the primary structure not facing a public street.
- (4)** Wheelchair accessible ramps, when used, shall be constructed with materials that are compatible with the primary structure; and shall be landscaped for reasons of safety and aesthetics if deemed necessary.
- (5)** At least 60 percent of any yard area abutting a public street shall be comprised of live plant material.
- (6)** Within the “Multi-Family Residential” area adjacent to Kellogg as depicted on Page 26, Figure 15 of the Delano Neighborhood Revitalization Plan, the following shall also apply:
 - (a)** Buildings shall be sited with zero lot line side yard setbacks.
 - (b)** Buildings shall be two to three stories in height, and shall contain no more than four dwelling units.
 - (c)** Exteriors of structures shall be compatible with adjacent residential buildings with regard to materials and architectural details, and shall reflect the architectural style, character and features depicted on Page 36, Figure 16 of the Delano Neighborhood Revitalization Plan.

4. Review of Design Guidelines. Every six months following the adoption of the Delano Neighborhood Overlay District, the Delano Neighborhood Design Guidelines shall undergo a formal review and evaluation by staff regarding its effectiveness and the need for amendment or change.

ARTICLE II. NUISANCES*

***Editor's note:** Res. No. 213-00, § 1, adopted Dec. 20, 2000, intended to amend the Code with the addition of sections 19-2--19-5. Inasmuch as there was already a section designated as § 19-2, and for the purposes of maintaining Code format, the provisions of Res. No. 213-00, § 1, have been included herein as Art. II, §§ 19-21--19-24, at the discretion of the editor.

Cross references: Sanitary code, § 14-136 et seq.

Sec. 19-21. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Agricultural activities means the use of any land for the purpose of growing plants, crops, trees and other agricultural or forestry products or for the purpose of raising livestock, poultry, or dairy products.

County means all of the county other than the land areas within cities.

Inoperable vehicle means any vehicle that is unable to operate or move under its own power. This term shall also mean any vehicle that is in an abandoned, wrecked, dismantled, scrapped, junked or partially dismantled condition which includes having uninflated tires, no wheels, or lacking other parts necessary for the normal operation of the vehicle. It shall also mean any vehicle that because of mechanical defects, a wrecked or partially wrecked frame or dismantled parts, cannot be operated in a normal and safe manner. An inoperable vehicle shall not include vehicles that need only the installation of a battery or the addition of fuel to operate.

Property means any real property within the county which is not a street or highway.

Recycling facility means a fixed location that utilizes machinery and equipment for processing only recyclables, and is licensed as a solid waste processing facility pursuant to K.S.A. 65-3401 et seq.

Salvage material means material, including but not limited to, scrap brass, scrap copper, scrap iron, scrap lead, scrap tin, scrap zinc and all other scrap metals and alloys, bones, rags, used cloth, used rope, used rubber, used tinfoil, used bottles, playground equipment, old or used machinery of any type, used tools, used appliances, used fixtures, used furniture, used utensils, used lumber, used boxes or crates (fabricated of any material), used pipe or pipe fittings, used conduit or conduit fittings, used automotive parts, used tires, and other manufactured goods that are so worn, deteriorated or obsolete as to make them unusable in their existing condition.

Salvage yard means any property licensed by the state of Kansas for operation as a salvage yard pursuant to K.S.A. 8-2401 et seq. and amendments thereto.

Solid waste means garbage, refuse and other discarded materials including, but not limited to, solid, semisolid, sludges, liquid and contained gaseous waste materials resulting from industrial, commercial, agricultural and domestic activities. Solid waste does not include hazardous wastes as defined by subsection (f) of K.S.A. 65-3430, and amendments thereto, recyclables or the waste of domestic animals as described by subsection (a)(1) of K.S.A. 65- 3409, and amendments thereto.

Weeds or other noxious vegetation means all grasses over eighteen (18) inches in height included in the family Gramineae; and noxious weeds such kudzu (*Pueraria lobata*), field bind-weed (*Convolvulus arvensis*), Russian knapweed (*Centaurea repens*), hoary cress (*Cardaria draba*), Canada thistle (*Cirsium arvense*), quackgrass (*Agropyron repens*), leafy spurge (*Euphorbia esula*), bur ragweed (*Ambrosia grayii*), pignut (*Hoffmannseggia densiflora*), musk (nodding) thistle (*Carduus nutans L.*), Johnson grass (*Sorghum halepense*), and poison ivy/oak/sumac (*Toxicodendron*). This term does not include grasses and other vegetation, excluding noxious weeds, that are utilized for agricultural activities, conservation practices, landscaping, garden ing or xeriscape purposes as approved by the director of code enforcement.

(Res. No. 213-00, § 1, 12-20-00; Res. No. 56-01, § 1, 4-25-01)

Sec. 19-22. Activities or conditions prohibited; enumeration.

(a) It is unlawful for any person to maintain, or permit to be maintained, any activity or condition described in this section, in the county.

(1) To the extent they constitute a threat to the health or safety of any person:

- a. Open basement structures, excavations, swimming pools, storm cellars, industrial tanks, or other excavations or structures;
- b. Outdoor storage of salvage material, except as follows:
 1. At a salvage yard or recycling facility; or
 2. Building materials if they are to be used within one hundred eighty (180) days for construction on the property they are stored, if accompanied by an occupancy or building permit;
- c. Minor auxiliary or accessory buildings or structures such as privies, sheds, barns, garages, toolhouses, vacant houses or commercial structures, which have become so dilapidated or deteriorated as to constitute a threat to any person's health or safety;
- d. Sources of danger for children through entrapment in areas of confinement that cannot be opened from the inside, through a danger of the item falling or turning over, or through possible injury from exposed surfaces of metal, glass or other rigid materials;
- e. Existing or potential breeding grounds or habitat of rats, mice, snakes, mosquitoes or other vermin, rodents, insects or other disease vectors, or areas used for the storage, harboring, caging or dwelling of any animal of any kind;
- f. Heavy growth of weeds or other noxious vegetation;
- g. Storage of solid waste, including bulky waste, or storage of combustible or hazardous materials;
- h. Potential sources of contamination of the soil from petroleum products or other toxic liquids being discharged or leaking from the item;
- i. Any item that due to its defective, deteriorated or obsolete condition in any way constitutes a threat to any person's health or safety; or
- j. Any other activity or condition of like character that constitutes a threat to the health or safety of any person.

(2) Inoperable vehicles parked or stored or left on any private property in the county, unless such vehicles are completely enclosed within a building, unless the parking or storing of such vehicles is necessary to the operation of a lawful business or commercial enterprise.

(b) Subsections (a)(1)e. and (a)(1)f. of this section shall not apply to composting activities conducted in such a manner as to comply with applicable federal, state, and local regulations.

(c) Subsections (a)(1)b. and (a)(2) of this section shall not apply to salvage material or inoperable vehicles that are used for or in connection with agricultural activities, or if the following standards apply:

(1) The inoperable vehicles or salvage material are the personal property of the owner or occupant of the property;

(2) The owner or occupant of the property must comply with the Junkyard and Salvage Control Act, K.S.A. 68-2201 et seq.

(3) All areas used for the storage of inoperable vehicles or salvage material are screened in such a manner that the vehicles are not visible from ground level view from the street or neighboring property, as follows:

a. Screening may be provided by decorative fencing or walls, evergreen vegetation, or landscaped earth berms, and shall be not less than six (6) feet in height. Fences or walls shall not have cracks and openings in excess of five (5) percent of the area of such fence or wall, and shall not be more than eight (8) feet in height. Landscaped earth berms must be placed in such a manner as to have a slope sufficient for mowing.

b. Screening fences and walls shall be constructed of standard building materials customarily used for fence and wall construction such as brick, stone, concrete masonry, stucco, concrete, or wood, and shall be of neutral color so as to not be visually obtrusive.

c. If adequate screening exists on either side of property line that meets or exceeds the standards of this section, additional screening shall not be required. However, if at any time the existing screening fails to meet the requirements of this section, compliance must be obtained by the property owner.

(4) All inoperable vehicles or salvage material must be properly screened behind the front setback, which is the area between the primary residence or structure and the street right-of-way line of the property; provided that for purposes of this subsection, the maximum distance of the front setback shall be one hundred (100) feet from the street right-of-way.

(Res. No. 213-00, § 1, 12-20-00; Res. No. 56-01, § 1, 4-25-01)

Sec. 19-23. Enforcement and penalties.

(a) This article is enforceable under chapter 8. Any code enforcement officer or law enforcement officer being duly authorized and having jurisdiction in the county may issue a uniform complaint and notice to appear in county court to any person violating any provision of this article.

(b) Violations of this article are punishable as provided for in section 1-8.

(c) Violations listed in section 19-22(a) are class F violations as described in section 8-5(a).

(Res. No. 213-00, § 1, 12-20-00; Res. No. 56-01, § 1, 4-25-01)

Sec. 19-24. Other remedies unaffected.

Nothing in this article shall be construed to limit or forbid the county or any other person from pursuing any other remedies available at law or in equity to enforce the provisions of this article.
